Exhibit 51

UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF NEW YORK

STATE OF NEW YORK, *et al.*, Plaintiffs, v. DONALD J. TRUMP, *in his official capacity as President of the United States*, *et al.*, Defendants.	20 Civ. 5770 (JMF) **DECLARATION OF EDGAR ARANDA-YANOC**

Pursuant to 28 U.S.C. § 1746(2), I, Edgar Aranda-Yanoc, hereby declare as follows:

1. I am over the age of eighteen and have personal knowledge of all the facts stated herein.

2. I am the Executive Director of the Virginia Coalition of Latino Organizations (VACOLAO). As Executive Director, I oversee immigration organizing and advocacy campaigns with the predominantly Latino immigrant communities in Virginia. I lead the coalition's immigration advocacy work at the local, state and federal levels. I originally served as Chair of the VACOLAO Board of Directors beginning in 2010. I became the Executive Director in 2018.

3. VACOLAO conducts outreach to the often hard to count Latino immigrant communities many of whom have limited English language skills and are undocumented. We provide Spanish language information on the importance of the 2020 census for their communities such as access to healthcare and education resources. We also provide resources on how the participate and fill out the census for their respective families.

4. During the 2010 Census I was a member of the Fairfax and Arlington Counties Complete Count Committees. I conducted direct outreach efforts with the hard to reach immigrant populations including attending community fairs, door-knocking efforts to provide Spanish language information, and organized community education workshops. for the community.

5. VACOLAO's current outreach efforts were similar to those described in paragraph 4 up until Virginia began to shut down as a result of COVID-19. Since then, we have reduced our in-person outreach efforts with the exception of food distribution sites and have moved our community education outreach and education efforts onto our social media platforms that reach thousands of community members per day. Prior to the announcement of the Presidential Memorandum, VACOLAO focused on the message that everyone counts and that the community's participation was important for their schools and other community resources. Since the Presidential Memorandum was announced, VACOLAO has focused more on the fact that this is their constitutional rights to participate and they need to do this to help their families and neighbors.

6. As stated in paragraph 5, VACOLAO has had to limit our in-person outreach and community education efforts as a result of the COVID-19 outbreak. This has hampered our ability to reach community members in the same manner as we did in 2010.

7. Prior to the announcement of the Presidential Memorandum, the community provided us with feedback at the food distribution sites and on-line that they were interested in participating in the census but needed support on how to answer the census forms. Since the announcement of the Presidential Memorandum, we have seen a shift with community members wondering if they will be counted and fearful of how their information will be used should they participate.

8. VACOLAO has had to invest more time and effort to try and convince community members to participate now that they are fearful of filling out the Census forms. We are planning more on-line outreach efforts and will continue our in-person work at food distribution sites.

I declare under penalty of perjury that, to the best of my knowledge, the foregoing is true and correct.

Executed on this 5th day of August, 2020

EDGAR ARANDA-YANOC
Executive Director,
Virginia Coalition of Latino Organizations
