Exhibit 32

UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF NEW YORK

STATE OF NEW YORK, *et al.*, Plaintiffs, v. DONALD J. TRUMP, *in his official capacity as President of the United States*, *et al.*, Defendants.	20 Civ. 5770 (JMF) **DECLARATION OF MONTEREY COUNTY DIRECTOR OF SOCIAL SERVICES LORI MEDINA**

Pursuant to 28 U.S.C. § 1746(2), I, Lori Medina, hereby declare as follows:

I am over the age of eighteen and have personal knowledge of all the facts stated herein.

1. I am the Director of Monterey County Department of Social Services. I have held this position since August 03, 2019. Prior to serving as Director, I served as the Deputy Director in the Monterey County Department of Social Services, Family and Children Services Branch from April 16, 2016 until August 02, 2019. Prior to 2016, I held various positions in public social services dating back to 2002 in Santa Clara and Los Angeles Counties. I have a Master of Social Worker graduate degree.

2. Monterey County's Department of Social Services (DSS) is responsible for administering cash and non-cash programs such as CalWORKs (California's Temporary Assistance for Needy Families), CalFresh (California's Supplemental Food Assistance Program), Medi-Cal (California's Medicaid), Foster Care, Adoption Assistance and Area Agency on Aging. Monterey County collects and tracks enrollment data monthly through automated databases, C-IV, CMIPS and CMS including applications, authorizations, renewals, and recertification's. As part of my responsibilities overseeing the Department, I routinely monitor enrollment data regarding our various programs. As of January 2020, Monterey County Department of Social

Services provided services to 174,116 individuals. Of those, 131,874 are citizens, 25, 758 are non-citizens, 28,325 are undocumented non-citizens and 16,484 received emergency restricted Medi-Cal benefits. These services are essential in providing services to assist with basic living needs such as housing, food, and medical services. In addition, Monterey County has 13.4% of individuals living below the poverty line.

3. The U.S. Census estimate for 2019, indicates Monterey County is home to 434,061 residents. Of those, 26% (112,856) are age 18 or younger. Slightly more than 82% of the population identifies as White, and 59% of the entire population ethnically identifies as Hispanic or Latino. It also indicates 30% of Monterey County residents are foreign-born. Based upon the Institute on Taxation and Economic Policy (April 2017) Report, there are approximately 60,600 undocumented immigrants in the County who contribute nearly $3,211,000 million in Personal Income Taxes annually, and pay $8,303,500 in sales tax every year, which helps to fund many government programs as well as help support local businesses.

4. To the extent that the Presidential Memorandum deters immigrants and their households from answering the census and those households are undercounted as a result, this will impact the formulas used for funding allocations in CalWORKs, CalFresh, Medi-Cal, Foster Care, Adoption Assistance and Area Agency on Aging Programs where federal dollars are used to provide vital safety net services. An undercount of undocumented immigrants will result in the loss of federal funding, which, in turn, will add extra financial burden on local governments, resulting in even fewer available resources to assist families with food, housing, health, and other support and safety net services.

I declare under penalty of perjury that, to the best of my knowledge, the foregoing is true and correct.

Executed on this 3rd day of August, 2020

Lori A. Medina

Monterey County Director of Social Services
Lori Medina
