STIPULATIONS

It is hereby stipulated and agreed between the parties to this action, through their respective counsel of record:

1. That the deposition of SENATOR ROBERT RUCHO may be taken on Friday, May 4, 2012, at 9:00 a.m. in Raleigh, NC, before Denise Myers, CSR 8340, RPR.

2. That the deposition shall be taken and used as permitted by the applicable North Carolina Rules of Civil Procedure.

3. That any objections of any party hereto as to notice of the taking of said deposition or as to the time or place thereof, or as to the competency of the person before whom the same shall be taken, are deemed to have been met.

4. That objections to questions and motions to strike answers need not be made during the taking of this deposition, but may be made for the first time during the progress of the trial of this case, or at any pretrial hearing held before any judge of competent jurisdiction for the purpose of ruling thereon, or any other hearing at which said deposition shall be used, except that objections to the form of the question must be made at the time
such question is asked or objection as to the form of
the question is waived.

5. That the witness reserves the right to read and
sign the transcript prior to it being sealed.

6. That the sealed original of the transcript shall
be mailed First Class Postage Paid or hand-delivered
to the party taking the deposition for preservation
and delivery to the Court if and when necessary.
Q. Did Fair and Legal Redistricting have any contracts with the state?
A. No, sir.
Q. Now, is Mr. Morgan in Raleigh?
A. I believe Mr. Morgan -- I think he's out of DC, if I'm not mistaken. I could be wrong. Could be Virginia.
Q. He's not a North Carolinian?
A. No, sir.
Q. Neither is Mr. Hofeller?
A. I assume not.
Q. Now, Dale Oldham, he provided some map drawing services, correct?
A. He is also an attorney and is capable of drawing maps, yes, sir. He was engaged in certain maps, not overall. Mr. Hofeller was our chief architect.
Q. And who engaged him?
MR. PETERS: Which "him" do you mean?
MR. SPEAS: Oldham.
SENATOR RUCHO: You know, I don't know the answer to that question.
BY MR. SPEAS:
Q. So you don't know whether he was paid for, his services, by state funds or not?
MR. FARR: He was not.
period of time, but it did and we felt that that
was a precedent that was there and all of the --
all of the factors dealing with our criteria were
met, and I'm not sure how else to explain that.

Q. Let's talk about District 12 for just a moment.
Congressional District 12 went from 44.31 percent
in the prior plan to 50.66 percent black voting age
population roughly in the new plan.

And did you consider that was necessary to
comply with the Voting Rights Act?

A. I'll repeat what I talked to Mr. Speas earlier this
morning, and that was the district we inherited,
our goal was to get pre-clearance done by the
Justice Department. This map -- this District 12
has had at least 20 years of approval by the
Justice Department. We kept the same concept in
there. There was a population, I think, overage of
about 2,000 or some sort.

And secondly, this is -- it is in areas of
Section 2 and Section 5, but this map was designed
for its original purpose and that was to be a
strong performing democratic district.

Q. So ultimately you're saying that you drew
District 12 the way it is to make it a strong
democratic performing district?
MR. PETERS: Objection.

SENATOR RUCHO: That was the original intent of what was approved by the court to my recollection.

BY MS. EARLS:

Q. I want what your intent was.
A. Our intent was passage by the Department of Justice.

Q. You felt it needed to go above 50.66 percent to be cleared by the Department of Justice?

MR. FARR: Objection.

SENATOR RUCHO: No. What we're saying is that when this map was drawn and it was -- and Mr. Hofeller was giving directions on this, his responsibility was to get it to an ideal population, zero deviation, secondly, to use whole VTDs wherever possible and, thirdly, to use the presidential election in 2008 as the measure of adding people to this district.

BY MS. EARLS:

Q. As a measure of partisan affiliation?
A. No, not partisan affiliation. The vote during the presidential election.

Q. So how people vote in terms of which party they support?
A. No. How you voted on the election.

Q. What I'm trying to understand is did you consider that -- what I am trying to understand is you're saying you instructed him to use the 2008 Obama election --

A. Results.

Q. -- results to indicate what?

A. In forming the VTDs that are in that -- in that -- in the district.

Q. I see. And you did have conversations with Representative Watt about his district?

A. Yes.

Q. And I believe he also sent a letter. I am going to ask the court reporter to mark this. (WHEREUPON, Exhibit 218 was marked for identification.)

BY MS. EARLS:

Q. I believe you have been handed a document that has been marked as Exhibit 218. Is that a letter from Representative Watt dated July 8, 2011? I'm really just trying to identify the document.

A. I want to read it first.

Thank you. Yes.

--o0o--
Q. -- in the 2000 round of redistricting.
A. I did draw statewide maps in that capacity.
Q. And what work did you do in connection with the
Stephenson litigation?
A. Again, I assisted in the preparation of maps for
court purposes.
Q. Did you testify in that case?
A. Let's see. That was 2000. I don't recall,
actually. I'm sorry.
Q. Do you recall in preparing the maps that you
prepared in connection with the Stephenson
litigation what the focus of your analysis was?
A. It was very similar to this round in looking at the
relationship between counties and the Voting Rights
Act.
Q. Were you looking at Congressional districts as well
as state legislative districts?
A. Not really to any great extent that I remember.
Q. Then in this round of redistricting following the
2010 Census you've been described by various people
we've deposed as being the principal architect or
the principal map drawer.
Is that a fair description of your role in
North Carolina?
A. I have no problem with that description.
write the first draft of those or did you write those?

A. Now I don't rightly remember, to tell you the truth.

Q. In here -- in paragraphs 12 through 14 you say that -- I'm looking now at the first sentence of paragraph 12 -- "I was directed by leadership of the General Assembly."

Are you referring there to Senator Rucho and Representative Lewis?

A. Yes.

Q. Is there anyone else you would -- who was involved in directing you as described in that paragraph?

A. Not directly, no.

Q. Each time you say "I was instructed, I was also instructed," the people doing the instructing were Senator Rucho and Representative Lewis?

A. Yes.

Q. Did anyone else participate in the -- you know, in providing those instructions to you?

A. The instructions came from the chairman of the committees.

Q. Were these in writing or orally?

A. No.

Q. It was oral instructions?
A. Yes.
Q. And did this occur at a particular meeting or over the course of several meetings?
A. The latter.
Q. Other than the verbal instructions as you've described them in paragraphs 12 through 14, were there any other sources of information that you received about what criteria you should follow in constructing North Carolina's redistricting plans?
A. I was familiar with the Stephenson cases and with the Strickland case and, of course, I've had a lot of experience with the Voting Rights Act, and the primary architecture of the plan, as you might say, was to harmonize the requirements of the Stephenson cases with the Voting Rights Act and taking into account the Strickland case.
Q. So do I understand you to say that you were -- in addition to receiving the instructions from the Chairman Rucho and Lewis, you were also applying your own understanding of various cases about redistricting and your years of experience in drawing redistricting plans?
A. That was the instruction I received from the chairman. I don't believe at any point we were not in agreement about what those requirements were.

Hightower Reporting Service  800-828-5730
The following deposition of THOMAS B. HOFELLER, PH.D., called as a witness by the Plaintiffs, was taken before Glenda F. Hightower, Certified Verbatim Reporter and Notary Public, at the law offices of Ogletree, Deakins, Nash, Smoak and Stewart, 4208 Six Forks Road, Suite 1100, Raleigh, North Carolina on Tuesday, May 6, 2014 beginning at 9:06 a.m.

STIPULATIONS

Prior to the taking of the testimony, counsel for the respective parties stipulate and agree as follows:

1. That the deposition shall be taken and used as permitted by the applicable Federal Rules of Civil Procedure.

2. That any objections of any party hereto as to the notice of the taking of the deposition or as to time or place thereof, or as to the competency of the person before whom the same shall be taken, are deemed to have been met.

3. Objections to questions and motions to strike answers need not be made during the taking of this deposition, but may be made for the first time during the progress of the trial of this case, or at any pretrial hearing held before any judge of competent jurisdiction for the purpose of ruling thereon, or at any other hearing of said case at which said deposition might be used, except that an objection as to the form of a question must be made...
A. Not at all times, no.

Q. Okay. Did you make any recommendation to Senator Rucho and Representative Lewis with regard the requirements of the Voting Rights Act in drawing the Congressional plan?

A. Representative Lewis and Senator Rucho stated to me that the maps should be drawn in such a way as to pass muster under both Section 2 and Section 5, and they knew what that entailed.

Q. Okay. And what did that entail? What did you understand that entailed?

A. With regard to the Congressional plan, it -- that -- that District 1 was a Voting Rights district, and that District 12 was not a Voting Rights district. It was a political district.

Q. Okay. And with regard to District 1, did you recommend to them, Senator Rucho and Representative Lewis, that that district had to be drawn with more than a 50 percent BVAP?

A. I was instructed by them that the district should be drawn with a African-American percentage in excess of 50 percent total VAP.

Q. Okay. Did you receive a similar
black voting age population."

Was that an instruction you received from Representative Lewis and Senator Rucho, that the State is obligated to draw majority black districts with true majority black voting age population?

A. Did you say districts?

Q. That's -- I'm reading --

A. Could you just restate your question, please?

Q. Okay.

A. Thank you.

Q. In Exhibit 11, Senator Rucho and Representative Lewis state, quote, "The State is now obligated to draw majority black districts with true majority black voting age population."

Did you receive an instruction from Senator Rucho and Representative Lewis to draw majority black districts with a true majority black voting age population?

MR. FARR: Object to the form because you're quoting half the sentence.

Q. (Mr. Speas) Can you answer the question?

A. It was my understanding -- and, again,
this has been three years. So, it was my understanding that if you were going to draw a Section 2 or Section 5 district, that because of Strickland, you had to draw it over 50 percent.

Q. Okay.

A. I understood that, yes.

Q. Okay. And that was an instruction you received from Rucho and Lewis?

A. Yes.

Q. Okay. Let's turn to page 5 of Exhibit 11 where the first of the page talks about the Twelfth District.

A. Yes.

Q. And I would call your attention, specifically, to the paragraph midway of that page which says, quote, "Because of the presence of Guilford County in the Twelfth District, we have drawn our proposed Twelfth District at a black voting age level that is above the percentage of black voting age population found in the current Twelfth District. We believe that this measure will ensure pre-clearance of the plan."

Did I read that accurately?
A. You did.

Q. Okay. Did you receive an instruction from Representative Lewis and Senator Rucho to draw the Twelfth District at a black voting age level that is above the level -- black voting age level in the current Twelfth District?

A. Actually, my understanding of the issue was because Guilford was a Section 5 county and because there was a substantial African-American population in Guilford County, that if the portion of the African-American community was in the former District 13 -- was a strong -- which was a strong Democratic district was not attached to another strong Democratic district, that it could endanger the plan and make a challenge to the plan.

And that's where that concern generated from.

Q. Okay. And did that concern come from Senator Rucho and Representative Lewis or elsewhere?

A. It came from them.

Q. Okay. Now, let me call your attention now, Dr. Hofeller, to page 7 and in particular, paragraph 7 on page 7. Did you -- in that
paragraph, Senator Rucho and Representative Lewis state, quote, "We have attempted to respect county lines and whole precincts when it was logical to do so and consistent with other relevant factors."

Did you receive an instruction from Representative Lewis and Senator Rucho to respect county lines when logical to do so?

A. Yes, and consistent with other relevant factors.

Q. Okay. And what were those other relevant factors as you understood them?

A. Well, my relative factors were to, again, draw a plan that was legal which fulfilled the Federal criteria of one person one vote, and which would pass muster under Section 2 and Section 5 of the Voting Rights Act; particularly, to get pre-cleared.

Q. Okay. So, if the Voting -- compliance with the Voting Rights Act required the division of a county, you divided a county, correct?

A. Once again, I have to state that the -- the one Section 2 county -- Section 2 district,
District 1, was not drawn in a vacuum. And so, in order to accomplish all of the goals in the drawing of Section (sic) 1 and all of the surrounding districts and the whole plan, it became necessary to split some precincts, and they were split.

Q. I'm not talking about split precincts right now. I'm talking about county splits.
A. Well, and counties also.
Q. Okay.
A. Yes.
Q. So, when was it logical to split a county as you were -- when did you conclude it was logical to split a county when you were drawing the plan?
A. Well, certainly, if you could not make a -- a legal district out of whole counties, you would have to split counties.
Q. Okay. And a legal district would be one that was required by Section 2?
A. Yes.
Q. And the Voting Rights Act?
A. I believe that's part of --
Q. Well, I guess it may be about all of it now.
Q. Okay. And there are occasions when you did split precincts, correct?
A. That's correct.
Q. And when was it logical in your estimate to split a precinct?
A. Well, again, it might be the same person -- the same purpose for which we would split a county. It could be a transit. It could be an incumbency. It could be to equalize the populations. It could be in the case of the First to, again, comply with the Voting Rights Act and to comply with some of the input that we had from the public and from members on the plan.
Q. Okay. And, in fact, in Exhibit 11 on page 7 in paragraph 7, Senator Rucho and Representative Lewis state; and I quote, "Most of our precinct divisions were prompted by the creation of Congressman Butterfield's majority black First Congressional District or when precincts needed to be divided for compliance with the one person one vote," correct?
A. On what page?
Q. Page 7, paragraph 7.
A. Oh, okay. I'm sorry.
Q. I was --
A. Page 7, 7?
Q. Yes, 7, 7, the last sentence.
A. That's true.
Q. Okay. And is that an accurate statement, that the -- most of the precincts that were divided in the Congressional plan were divided in the creation of Congressman Butterfield's Congressional District 1 or one --
A. Yes.
Q. -- person one vote?
A. Yes, yes.
Q. Okay.
A. Well, and once again, several other reasons.
Q. Okay.

MR. SPEAS: Now, let me ask the court reporter to mark Exhibit 12.

(Plaintiffs' Exhibit 12 Marked for Identification.)

Q. (Mr. Speas) Dr. Hofeller, I have placed in front of you a document bearing the letterhead of the North Carolina General Assembly and the title "Joint Statement of Senator Bob Rucho and Representative David
Lewis regarding the release of Rucho-Lewis Congress 2."

I would ask you if you have ever seen

Exhibit 12 before?

A. I have.

Q. Okay. And did you assist Senator Rucho and Representative Lewis in preparing this document?

A. I did not.

Q. Did you review this document before it was released?

A. I did not.

Q. Did you have discussions -- have you reviewed Exhibit 12 since it was published?

A. I have.

Q. Okay. And it does not bear a date, but let me just say for the record that the Legislative website reports that this document was published on July 19, 2011.

Let me ask you, Dr. Hofeller, to turn to page 4 of Exhibit 12. And I would call your attention specifically to the last paragraph, and I would -- that paragraph says, "In adopting the Twelfth District, we intended to accommodate the wishes expressed to us by
Congressman Watt, as we understood them, to continue to include populations located in Mecklenburg, Guilford and Forsyth Counties.

"Our revised version of this district makes it more compact and continues the district as a very strong Democratic district. Our version of the Twelfth District is based upon whole precincts that voted heavily for President Obama in the 2008 General Election."

Did I read that correctly?

A. You did.

Q. Okay. Let me first ask you about their statement that District 12 in the enacted plan is more compact than District 12 in the former plan?

A. I haven't reviewed that.

Q. You have not?

A. I can't answer that.

Q. Okay. What instructions did you receive from Senator Rucho and Representative Lewis about compactness in the Congressional plan -- in drawing the Congressional plan?

A. I was -- I don't remember actually receiving any specific instructions, except the generalized fact to make plans as compact as
possible with the goals and policies of the entire plan.

Q. Okay. And as you were drawing the plans, did you occasionally apply the mathematical measures of compactness to see how the districts were holding up?

A. No.

Q. Okay. And at the end of the process, did Senator Rucho and Representative Lewis ask you if the districts were compact in your judgement?

A. Not that I recall.

Q. Okay. And at the end of the process, did you on your own form any opinion as to whether the districts were compact?

A. Some were; some weren't.

Q. Did you form an opinion as to whether District 12 was compact?

A. My opinion on District 12 was that District 12's compactness was in line with former versions of District 12 and in line with compactness as one would understand it in the context of North Carolina redistricting; and, indeed, in the context of redistricting across the country.
MR. FARR: Eddie?

MR. SPEAS: Yes.

MR. FARR: Just to clarify, on Exhibit 15, we're looking at voting age population; not total population?

MR. SPEAS: Yes.

MR. FARR: Okay. I just think there was some confusion in your question.

MR. SPEAS: Okay. All -- all these numbers are voting age population.

MR. FARR: Right, right, just to clarify for the record.

MR. OLDHAM: If you asked him what the total population was --

MR. SPEAS: I did not mean to ask about total population. I did -- there is the category "Total Black" population.

MR. OLDHAM: But that is not total population.

MR. SPEAS: That is not total population. I understand that.

MR. OLDHAM: Okay.

Q. (Mr. Speas) Dr. Hofeller, my question is this: based on Exhibit 15 and 16, is it correct that District 12 as drawn in 2011 contains
approximately 75,000 more blacks than the
district contained in 2001?

MR. FARR: Under the 2- -- the 2001
district -- you're comparing the 2000 census to
the 2010 census?

MR. SPEAS: Yes, yes.

A. Yes. I don't know why that's relevant
though.

Q. (Mr. Speas) Okay. My -- my question to
you is this: how did you find these
approximately 75,000 black citizens in drawing
District 12?

A. Well, the -- the correct comparison are
the 2010 census figures of the old district to
the new district. Of course it would be
different. The populations were smaller then.

Q. But there are 75,000 more black citizens
in District 12 in 2011 than 2001, correct?

A. Again, I don't agree with the premise of
your question. The benchmark, if you have a
benchmark, which is really a Section 5 term,
would not be the district as it was in 2001.
It would be the district as it is at the end of
the decade with the new census.

So, the census found most of them.
That's where they came from.

Q. How did you go about fulfilling the direction you received from Senator Rucho and Representative Lewis to increase the black voting age population in District 12?

A. I believe I've already mentioned that, that -- that the issue there was really Guilford County and the fact that the black community was fractured by the Democrats in 2001 for the political purpose of making District 13 more partisan in their favor.

And as that wasn't the objective of our plan, there were new -- going to be a new bunch of districts surrounding District 12 that we were worried that there would be a challenge because the black community would have been fractured if the district were left in the same place.

So, my instruction was not to increase the population. My instruction was to try and take care of that problem, Guilford, but the primary instructions and overriding instruction in District 12 was to accomplish the political goal of making the district strongly Democratic and pulling strongly Democratic voting areas.
A. The shape of the district, again, was influenced by the goals of the Republican redistricting group -- the General Assembly majority in constructing the entire plan, and the goal was to make the Twelfth District stronger in terms of Democratic vote.

And when that was done, these were the consequences.

Q. In their July 1, 2011 report to the people of North Carolina, Senator Rucho and Representative Lewis said, "Because of the presence of Guilford County in the Twelfth District, we have drawn our proposed Twelfth District as a black voting age -- at a black voting age level that is above the percentage of black voting age population found in the current Twelfth District."

Did you receive an instruction from Senator Rucho and Representative Lewis to draw the Twelfth District at a level above the percentage of black voting age population in the 2001 version?

A. No. As I said before in my previous answer -- do you want me to repeat it?

Q. Yes, please.
A. Okay. The problem in Guilford County was that Guilford County was a Section 5 county. When the Democrats redistricted the county in the previous map, they fractured the African-American community for political purposes.

And that political purpose was to strengthen the Thirteenth District. When the district in the northern end of Guilford County was being drawn in the Republican map in 2011, it was clear that that district was not going to be a Democratic district.

So, in order to be cautious and draw a plan that would pass muster under the Voting Rights Act, it was decided to reunite the black community in Guilford County into the Twelfth.

Q. Okay. Dr. Hofeller, would you put your Exhibit 8 back in front of you, which is your report?

(DISCUSSION OFF RECORD.)

A. Okay.

Q. (Mr. Speas) Dr. Hofeller, turn with me to page 23 of your report, which is the last page of your report. And my questions will be about paragraphs 68, 69, 70 and 71, if you want
A. Well, I don't agree with the premise of your question, but the -- the -- again, the placement of where the First District was located and accomplishing the political goals were not necessarily in opposition to one another, as were any of the other goals. So, it was one factor out of many.

Q. (Mr. Speas) Okay.

MR. SPEAS: Can I take a few minutes to look over my stuff?

MR. FARR: Sure.

(SHORT BREAK 10:55 - 11:04 A. M.)

Q. (Mr. Speas) I have one more set of questions. Dr. Hofeller, would you put Exhibit 8 back in front of you, which is your report. And I want to talk to you about paragraph 33 of your report on page 10.

And I am particularly interested in the sentence in paragraph 33 that says, quote, "My experience in drafting and evaluating plans has continued to enforce my expert opinion that the best predictor of future election success is past voting behavior, not registration."

Did I read that correctly?

A. Yes.
Q. And that is your opinion?

A. Yes.

Q. All right. And would it be accurate then, Dr. Hofeller, that the best predictor of the results of elections in Congressional Districts 1 and 12 would have been the past election results in those districts?

A. I'd say I'd have to agree with that, yes.

Q. Okay.

MR. SPEAS: Thank you very much.

A. Am I done?

MR. SPEAS: You're done. I'm sorry.

MR. FARR: I just have a couple of questions -- very few; actually, maybe just one.

Cross-Examination by Mr. Farr:

Q. Dr. Hofeller, would you pull out Exhibit 10, which is the second report of the Professor.

MR. SPEAS: The second report?

MR. FARR: Yeah, of the Plaintiffs' expert witness.

A. Okay.

Q. (Mr. Farr) Do you remember testifying that you thought that in this second report, the Plaintiffs' expert had relied to some extent on election results? Do you remember
NORTH CAROLINA GENERAL ASSEMBLY
JOINT SENATE AND HOUSE COMMITTEES ON REDISTRICTING

__________________________________________________________
TRANSCRIPT OF THE PROCEEDINGS
__________________________________________________________

In Raleigh, North Carolina
Legislative Office Building, Room 643
Thursday, July 21, 2011, 10:00 a.m.
Reported by Denise Myers Byrd, CSR 8340, RPR

Worley Reporting
P.O. Box 91447
Raleigh, NC 27675
919-870-8070
Further, this district has been approved by the United States Supreme Court as a district lawfully drawn to elect a Democrat. This district, as a part of our submission, has also been cleared -- been pre-cleared under Section 5 of the Voting Rights Act.

In adopting the Twelfth District -- excuse me. In adopting the Twelfth District, we intended to accommodate wishes expressed to us by Congressman Watt as we understood him and continued to include populations located in Mecklenburg, Guilford and Forsyth Counties.

Our revised version of this district makes it more compact and continues the district as a very strong Democratic district. Our revision of the Twelfth District is based upon whole precincts that voted heavily for President Obama in the 2008 general election.

We have been accused of illegally packing blacks into the Twelfth District and illegally diluting the influence of black voters. We have repeatedly asked our critics for any case law that supports these arguments. To date, none has been provided.

By continuing to maintain this district as
a very strong Democratic district, we understand that districts joining the Twelfth will become more competitive for Republican candidates. Finally, we agreed on the Twelfth District to reduce population because the 2010 census showed it is currently overpopulated.

Minority population was also considered in other districts as well. No district in the 2001 Congressional Plan contains a Black Voting Age Population in excess of 28.75 percent except for the First and the Twelfth.

Our proposed Fourth Congressional District establishes one district with a black voting age population of 30.72. That is the Fourth Congressional District.

Our proposed District 8 has a black voting age population of 17.91 percent and a Native American voting age population of 7.03 percent.

The average black population in the other nine districts is 13.24 percent. The lowest black population is found in the Eleventh Congressional District. It is at three percent.

We believe that our plan as proposed fully complies with both Section 5 and Section 2 of the Voting Rights Act.
The Committee met, pursuant to call, at 10:16 a.m., in Room 544, Legislative Office Building, Hon. Bob Rucho (Chairman) presiding.

COMMITTEE MEMBERS PRESENT:

Reported by Bryan Collins, CVR, Notary Public
we were told that neither one of these were
considered voting rights districts. Is District 4
or District 12, are either one of those voting
rights districts?

SENATOR BROCK: I think you do have voting
rights in District 12, through Guilford County. I
mean I'm trying to think if I wasn't here when you
originally drew the district map but I think you
would probably know more about the formation of the
district than this, than of why 12 took the shape it
did in the very beginning. But that's what we were
trying to do, is trying to -- you've made mention
before of trying to keep some districts similar.
And District 12 is something when we looked at the
concerns through our over 70 public hearings that we
had throughout the state of North Carolina. We
heard the concern about keeping the first as
together as possible, and the 12th as together as
possible.

CHAIRMAN RUCHO: Just to add to that, Senator
Nesbitt. There is a significant section 5
population in Guilford County and also voting rights
activity in the Congressional District Number 1,
which was a concern with Congressman Butterfield,
NORTH CAROLINA SENATE SESSION

NORTH CAROLINA GENERAL ASSEMBLY

TRANSCRIPT OF THE PROCEEDINGS

In Raleigh, North Carolina
Monday, July 25, 2011, 1:00 p.m.
Reported by Robbie W. Worley

Worley Reporting
P.O. Box 91447
Raleigh, NC 27675
919-870-8070
remaining districts. Some of our critics have suggested that the 1st District be eliminated from any new redistricting plans because of its shape. Those who have made this argument fail to understand that the 2011 General Assembly inherited the 1st District from prior General Assemblies, and that prior General Assemblies enacted the 1st District in order to comply with Section 2 of the Voting Rights Act.

For example, some of these critics are apparently unaware that the shape of the 1st District has been approved by the federal -- by a federal district court as compliant with minority population compactness requirements for districts drawn to avoid liability under Section 2 of the Voting Rights Act. That's Cromartie versus Hunt. It would be legally imprudent to dissolve this district.

However, we must alter the 2001 version of the 1st District because of two flaws. First, the current 1st District is underpopulated by over 97,000 people. Second, it does not include a majority black age voting -- black voting age population, better known as BVAP, as required by Section 2 of the Voting Rights Act. See Strickland...
and Barrett -- Bartlett, excuse me. Thus, any revision of the 1st District requires the addition of over 97,000 people. Also, the added population must include a sufficient number of African-Americans so that the 1st District can re-establish as a majority black district.

Prior to our release of the Rucho-Lewis 1, we discussed both of these problems with Congressman Butterfield. We believe that he understood and agreed that his district would be drawn in either Wake or Durham County to cure the district's equal population and voting rights deficiencies. We understood that Congressman Butterfield preferred that his district be drawn in Wake instead of Durham. We also discussed with Congressman Butterfield that drawing his district in Wake County may result in the withdrawal from his district of one or more counties covered by Section 5 of the Voting Rights Act.

Our understanding of Congressman Butterfield's preferences was reflected in our initial version of the 1st District found in Rucho-Lewis 1. During our public hearings, several speakers expressed concern about our decision to include several counties covered by Section 5 of
SEN. BLUE: Follow-up?

LT. GOV. DALTON: You may continue for a line of questioning. We'll see where it goes.

SEN. BLUE: If you're familiar with that concept which says that you cannot take a district below the composition of that district based on the last redistricting, then if a district is down at, say, 40, 45 percent, under Section 5, then from a retrogression standpoint, you could create a 45 percent district and be in compliance with the Voting Rights Act. Is that correct?

SEN. RUCHO: Senator Blue, I -- if you have -- and I know you have been engaged in the debate and discussion, but we followed Strickland versus Bartlett, which requires a majority-minority district, and that's what we complied with.

SEN. BLUE: And so, it's your position that the concept of retrogression, then, is forever and in perpetuity, 50-percent-plus, rather than the idea that a district doesn't have to go beyond the current racial makeup of that district to be in compliance with the Voting Rights Act?

SEN. RUCHO: Senator Blue, Congressional District 1 has Section 2 requirements, and we fulfill those requirements.
Committee Members Present:

Representative Dollar       Representative Lewis
Representative Dockham      Representative Stam
Representative Jackson      Representative Howard
Representative Hackney      Representative Gill
Representative Floyd        Representative Fisher
Representative Farmer-Butterfield
Representative Faircloth    Representative McComas
Representative West         Representative Samuelson
Representative Burr         Representative Bell
Representative K. Alexander Representative Boles
Representative Brown        Representative Bryant
Representative Cook         Representative Crawford
Representative Daughtry     Representative Rapp
Representative Randleman    Representative Pierce
Representative Parmon       Representative Moffitt
Representative Mobley       Representative McGee
Representative Lucas        Representative Langdon
Representative Jones         Representative Ingle

Brad Krehely                Kelly Quick
Denise Adkins               Karen McGraw
1 districts. None have accurately been provided.

2 The 1st Congressional District is the only 

3 district that was drawn with race as a consideration, 

4 as is required by the Voting Rights Act. 

5 The 12th remains largely unchanged except 

6 for adjustments due to population, as is required by 

7 law. The 12, it's my understanding, in one drawing 

8 or another has largely been the same for the past 20 

9 years. We chose to leave it the same in hopes of 

10 expediting the preclearance of these maps. 

11 As to the 4th, the 4th is indeed a 

12 strong -- a strong Democratic district. I won't try 

13 to address all of the points from the gentleman 

14 because I'm not as eloquent a speaker as he. I would 

15 only point out, once I began -- once I began taking 

16 notes, that the current Congressional map, which the 

17 gentleman did support regarding Chatham County, is 

18 already divided into two Congressional districts. 

19 One of them is the 4th and one of them is the 2nd. 

20 It remains so in this drawing as well. 

21 As far as Cumberland County goes, in the 

22 current Congressional map, which is found on the 

23 NCGOP website and also on many of the walls in this 

24 building, which was named Congress Zero Deviation and 

25 passed by the General Assembly in 2003 and precleared
