HWOL The Help Wanted Online Data Series™ fills a critical gap in the current U.S. economic indicators by providing timely monthly measures of labor demand (advertised vacancies) at the national, regional, State and metropolitan area levels. These monthly measures are comparable in timing and geographic detail to the Bureau of Labor Statistics (BLS) monthly measures of labor supply (unemployment).

The Catalogue of Workforce Information Sources, formerly the Environmental Scan, has been finalized by the Employment and Training Administration. You can find it [here](#).

LABOR MARKET PROGRAMS AND DATA

Employment Statistics
Information relating to employment, hours, and earnings estimates for the State of Alabama and employment estimates for the metropolitan areas by detailed industry.

Occupational Safety and Health Statistics
Information relating to occupational illnesses as well as fatal and non-fatal injuries. Statewide and national data is available.

Occupational Statistics
Information relating to the changing workforce in the state. Data include estimated and projected employment with annual average job openings, occupational wages for both the state and metropolitan areas, and a synopsis of information on selected occupations relevant to the state.

Quarterly Employment and Wages
Comprehensive employment and wage data by industry and county and state for workers covered by unemployment insurance laws.

Statistical Bulletin
Information relating to covered employment, unemployment compensation and employment service activities. Data include quarterly and annual covered employment and wages, benefit payments and contributions by industry and county, and applicant and placement data. Select most recent month or historical months.

Unemployment Statistics
Information relating to the labor force, employment, and unemployment for the State of Alabama, metropolitan areas, counties, and cities.

Workforce Development
Information relating to workforce development and reports published in co-operation with our Workforce Development Unit. Census Local Area Dynamics, and Alabama Labor Supply are just some of the options.
