

**DRIVER LICENSE OPERATIONS**

Currently, \$13.50 of the money citizens pay for a Driver License (DL) goes to the general fund. This \$13.50 is statutorily taken from DL operations and placed into the general fund.

- Currently, DL operations lose \$8.2 M and ALEA operational funds must be used to replace the \$8.2 M deficit in DL operations that takes money away from ALEA that could be used to place and support Troopers on the road;
- \$3M for personnel to increase staffing for examiners at an appropriate level to provide better customer service;
- \$1M for capital improvements to upgrade offices for citizens;
- \$2M to upgrade our IT personnel and systems; this is what need each year long term to keep up with technology changes;
- Any savings realized will go to equipping and hiring troopers and enhancing enforcement operations.

Class of License	Class D Regular License	Class A CDL	Class B CDL	Class C CDL	IDs	Totals

**PERSONNEL**

Currently ALEA has 103 DL Examiners and 13 DL Examiner IIs, which is 116 employees staffing 75 exam offices. This is an average of 1.61 examiners for each office. Staffing levels are not sufficient to serve high volume offices such as Huntsville, Birmingham, Montgomery and Mobile. The numbers do not factor in leave taken by employees. We have an additional 103 approved positions that cannot be filled because of a lack of funding.

**IT Personnel Requirements**

ALEA currently has 2 FTE dedicated to maintaining the current Driver License system in addition to our contractors that support the various components of Issuance, Scheduling, and Kiosk operations. The state employee staff is not sufficient to support current operations much less a more technical and complex environment that will result from the Driver License Modernization project described above. Listed below are the costs associated with hiring new employees to maintain Driver License operations.

## Voter ID Implementation

During the 2011 Regular Legislative Session the Legislature approved House Bill 19. Governor Robert Bentley signed the bill and it was subsequently assigned Act Number 2011-673.

Beginning with the June 3, 2014 primary election, Act 2011-673 requires an Alabama voter to have a specific type of photo identification at the polls in order to vote. If a voter does not have one of the approved forms of photo ID as stated in the law, then he or she may receive a free Alabama photo voter ID from various locations including the Secretary of State's Office, local county board of registrars' offices, and a mobile location to be determined by the Secretary of State's Office.

To download the application for a free photo voter ID, [click here](#).

## Valid ID at the Polls

A voter can use any of the following forms of photo ID at the polls starting June 3, 2014:

- Valid Driver's License
- Valid Non-driver ID
- Valid Alabama Photo Voter ID
- Valid State Issued ID (Alabama or any other state)
- Valid Federal Issued ID
- Valid US Passport
- Valid Employee ID from Federal Government, State of Alabama, County Government, Municipality, Board, Authority, or other entity of this state
- Valid student or employee ID from a college or university in the State of Alabama (including postgraduate technical or professional schools)
- Valid Military ID
- Valid Tribal ID

If a voter possesses any of these forms of ID, he/she is not eligible to receive a free Alabama photo voter ID card. The voter must bring one of these photo IDs to the polls on Election Day or place a copy of the ID in absentee ballot materials.

A voter who is required to present valid photo identification but who does not do so will be allowed to vote a provisional ballot as provided for by law.

In addition, a voter who does not have a valid photo ID in his or her possession at the polls shall be permitted to vote if the individual is positively identified by two election officials as a voter on the poll list who is eligible to vote and the election officials sign a sworn affidavit so stating.

For more information, download the [Voter ID Application](#).

Questions about the voter identification requirements may be directed to the Elections Division by [email](#) or by phone (242-7210, in the Montgomery area; or statewide at 1-800-274-8583).

Voter Registration is governed by Alabama state law and federal National Voter Registration Act (known as "motor voter"). A voter registration application can be obtained the following ways:

- Download the State of Alabama Postcard Application from the Secretary of State website. Form to be filled out and mailed to local voter registration officials
- Request a postcard voter registration from the Secretary of State's office by email
- Going to local County Board of Registrars
- Can obtain voter registration services at the following state and local government offices and agencies:
  - o Driver license office
  - o County and select municipal public libraries
  - o DHR
  - o WIC Program, Department of Public Health
  - o Medicaid Agency
  - o Department of Rehabilitation Services
- Postcard voter registration forms are available at the following locations:
  - o Public 4-year universities
  - o Select private 4-year universities
  - o Driver license office
  - o County and select municipal public libraries
  - o DHR
  - o WIC Program, Department of Public Health
  - o Medicaid Agency
  - o Department of Rehabilitation Services

It should also be noted that public assistance offices, such as Medicaid, WIC and DHR must distribute voter registration forms, provide assistance in completing the forms if necessary, accept the forms and then forward the forms to the local board of registrars.

Below is a summary of the National Voter Registration Act:

In 1995 the National Voter Registration Act provides for three voter registration programs that were new to Alabama. This act gave voters an opportunity to register to vote at a wider variety of places.

The 3 programs were Motor Voter, Agency-Based Voter Registration and Postcard Voter Registration.

Motor Voter allows a person to register to vote when applying for a driver license or identification card.

Agency-Based Voter Registration makes voter registration available at selected state and local government offices such as: driver license offices, county and select municipal public libraries, DHR, WIC Program, DPH, Medicaid Agency and Department of Rehabilitation Services.

Postcard Voter Registration allows registration through the mail and the postcard voter registration is available at the following locations: County Board of Registrars, Public 4-year universities, Select private 4-year universities, driver licensing offices, county and select municipal public libraries, DHR, WIC Program, DPS, Medicaid Agency and Department of Rehabilitation Services.

## Voter ID information

In addition, a voter who does not have a valid photo ID in his or her possession at the polls shall be permitted to vote a regular ballot if the individual is positively identified by two election officials as a voter on the poll list who is eligible to vote and the election officials sign a sworn affidavit so stating.

### **Administrative Rules 820-2-9-.01 – 820-2-9-.12**

#### **Implementation of Photo Voter Identification Law**

##### **Action: Notice of Final Rulemaking—Changes to Proposed New Rules**

**Summary: The Secretary of State has made changes to some of the proposed new rules to implement Alabama's photo voter identification law. Broadly, the final rules:**

1. Remove the requirement that an application for an Alabama free photo voter identification card be notarized;
2. Remove the notarization requirement for the affidavit to be completed by two election officials who swear or affirm that they have positively identified an individual who does not have valid photo identification in his possession at the polls as a voter on the poll list who is eligible to vote;
3. Add supplemental language to specifically reflect that Alabama photo voter identification cards do not have an expiration date;
4. Add supplemental language to specifically reflect the absence of an expiration date for certain Alabama nondriver identification cards;
5. Define the term "valid" as it pertains to photo identification cards in accordance with Attorney General's opinion No. 2003-212;
6. Clarify the locations where an Alabama elector can obtain an Alabama photo voter identification card;
7. Clarify that issuance and renewal of Alabama nondriver identification cards are governed by the requirements of the Alabama Department of Public Safety;
8. Detail the appeals process for denial or cancellation of an Alabama photo voter identification card or receipt;
9. Detail the grounds on which an Alabama photo voter identification card can be cancelled;

10. Add language to emphasize the exemption from providing a photo identification card for voters voting an absentee ballot pursuant to the Uniformed and Overseas Citizens Absentee Voting Act, the Voting Accessibility for the Elderly and Handicapped Act, or any other federal law.

11. Provide guidelines established by the Secretary of State as to the meaning of the term “accessible” as used in the Voting Accessibility for the Elderly and Handicapped Act, 42 U.S.C. Section 1973ee et seq.

Re: Public Records Request

Dear Ms. Sell:

We are in receipt of your letter dated August 31, 2015, requesting information from the Alabama Law Enforcement Agency. Our agency has reviewed your request and has identified information from January 1, 2015 to September 1, 2015 which appears to be germane to your request.

1. The amount of money spent by each division or agency under ALEA, including the number of personnel in each division or agency and total salaries. If an agency or division generates revenue, I'm requesting the amount of revenue as well.

Response: Listed below is a table showing the total expenditures, salaries and personnel by division from 01/01/15 to 09/01/15 (these amounts do not include monies spent in the first quarter of this fiscal year from 10/14 – 12/14).

Division	Expenditures	Salaries	Personnel
Administrative	\$4,399,817.24	\$4,838,595.39	63
Department of Public Safety	\$3,151,294.79	\$33,765,367.44	561
Information Bureau	\$10,382,605.24	\$12,545,127.00	345
Law Enforcement Support Services	\$10,624,978.87	\$6,503,741.08	201
State Bureau of Investigations	\$3,731,466.15	\$9,922,117.37	156
Protective Services		\$2,523,950.95	54
Total	\$32,290,162.29	\$69,598,899.23	1380

ALEA does generate revenue but all of the revenue generated does not remain with ALEA; some goes back to the general fund. We do not have the revenue generated broken down by division therefore, we can only give you the total amounts. ALEA generates revenue in the amount of \$34,975,922.96 and of that \$14,924,911.70 reverts to the general fund. All funds retained by ALEA are earmarked for specific purposes within the agency. Such as salary and benefits, cost of production of Driver License etc. Despite the funds retained to recoup the costs of Driver License issuance, it still costs the Agency approximately \$8 million more to run Driver License operations than monies retained by the Agency because approximately \$15 million generated by Driver License reverts to the General Fund.

2. Specifically related to the driver's license offices around the state, I'm requesting the cost to maintain each office and the number of licenses or other transactions handled at each office in the 2014 fiscal year.

Response: Please find attached a summary of the transactions conducted at each driver license office in 2014. The cost to maintain the Driver License Offices throughout the state is 1,052,347.66. This does not include personnel cost.

Thank you for your interest in the Alabama Law Enforcement Agency. The enclosed information should fulfill your request in full.

Sincerely,

  
Spencer Collier, Secretary  
Alabama Law Enforcement Agency
