Subject: Re: Hearings and whole county performance data

[External Email] Please use caution.

Dorman,

As promised, attached are the performance data for Singleton 3 and CLC 1 based on our analysis of prior election returns. Both of these plans keep Jefferson County whole, which is the most important factor for us.

I'm including our Excel spreadsheets and printouts of the partisan lean estimates on Dave's App.

Please send us the results of any other performance analyses of these two plans you are aware of, and any other plans that keep Jefferson County whole.

Best, Jim

Abha, Deuel, and Jim,

I'm sending the attached to make you aware that the Reapportionment Committee will hold a hearing to take comments on remedial proposals on Tuesday, June 27, and will hold a further hearing on July 13 in preparation for an anticipated special session. The hearing on June 27 will include plans submitted by the *Caster*, *Milligan*, and *Singleton* plaintiffs at the PI hearing, as well as other submissions that have been made. You and your colleagues are welcome to attend.

Dorman
