Alabama Community Broadband Technical Assistance Program

The Alabama Department of Economic and Community Affairs (ADECA) plans to provide technical assistance for communities seeking to expand broadband infrastructure and services in response to the critical need for internet access through its upcoming competitive program called the Alabama Community Broadband Technical Assistance Program. ADECA has partnered with CTC Technology & Energy (CTC) to execute the program.

Broadband Phone Survey

ADECA has developed a telephone survey to gather information on internet accessibility and affordability. The survey is split into regions.

This map provides estimated dates for when the survey will reach your region. Please encourage your community members to pick up the phone when they see “ADECA Broadband Survey” as the caller ID and take the quick survey. They will not be asked for any identifying information.
