The Valley is making it happen! Our voices matter — and we will not be silenced for partisan gain. Rural California deserves to be heard.

Early voting is key!!

**Hunter Freitas** ✓ @freitashunt... · 11h

Early voting isn't cheating, it's winning.

The "hole in the ballot envelope" isn't a conspiracy, it's literally there so counties can confirm a ballot's inside.

Flip it. Seal it. Move on.

Here's what actually matters: voting early.

Republicans lose every single time we wait until Election Day. Bad weather, long lines.

## Tangipa Sues Newsom Over Unconstitutional Prop 50 Maps

### FOR IMMEDIATE RELEASE

November 5th, 2025

Contact: [info@davidtangipaforassembly.com](mailto:info@davidtangipaforassembly.com)

**Tangipa v. Newsom**

**DX601**

2:25-cv-10616-JLSWLH-KKL

**Clovis, CA** — Today Assemblyman Tangipa, along with the California Republican Party and Dhillon Law Group, filed a Federal Lawsuit challenging Prop 50. The lawsuit was filed in response to Prop 50 maps adding additional Voting Rights Act (VRA) districts, which violates both the U.S. Constitution and established Supreme Court precedent governing the VRA.

Tangipa's lawsuit contends that California failed to meet the Supreme Court test required to justify the creation of VRA districts. According to the suit:

1. **The state does not have a majority population controlling the electorate**, meaning no single minority group meets the legal threshold to necessitate a VRA district.
2. **Analysis concluded there was no remedy needed for a disadvantaged voting bloc**, data show that voters from protected classes are already electing

3. **California cannot satisfy the Supreme Court's test for VRA districts**, the state's justification for imposing new district boundaries under Proposition 50 fails to meet constitutional standards.

"The people of California deserve fair maps drawn by law, not by politics," said Tangipa. "Prop 50 is an unconstitutional power grab that manipulates congressional boundaries for partisan gain under the false pretense of protecting voting rights. The data and the law are clear, California does not meet the requirements to justify VRA districts, and the maps must be struck down. It's time we end our toxic relationship with Gavin Newsom."

Tangipa emphasized that his challenge seeks to restore integrity and transparency to the redistricting process and ensure that every Californian's vote counts equally, regardless of race, region, or party.

### Lawsuit vs. Governor Newsom Update

Newsom & the DCCC are trying to delay & force the Prop 50 maps into place, but we pushed back. Our hearing was set for Dec 3rd & is now moved to Dec 15-17th. They used race to justify their gerrymander & we are holding them accountable

Official is fine

Ian Coolbear

However, I would cut it off at the  
it's partisan

I don't want the Texas part in  
there.

I would clip the answer and put it  
up front too

IC

Official or David's. Either way.

What do you want for caption?

It's probably too short to put a clip

There are two sets of points on this. Do you want me to replace the ones next to Gavins face or the ones below

Austin Gilbert

AG

I sent to both for approval

I think it should just be one full page of one liners and just ~~X~~ and we should include the quote "This is Partisan Gerrymandering"

Haiden Drake

HD

Wheres that quote from?

Thank you Mr. Assemblyman

Nathan's and Lorenzo's quotes

Austin Gilbert

AG

Yes I'll send to Nathan and Lorenzo

The points should be simplified even more:

NO to partisan gerrymandering ...

There's some highlighting, formatting, and minor tweaks I want to make, but if we can just focus on content and overall style

I like it! I think we should put the red **X** instead of bullet points on Newsom's points and highlight/bold all the NOs on the page

Lorenzo's bio should say veteran/Community Leader

The points should be simplified even more:

**X** NO to partisan gerrymandering  
**X** NO to Sacramento power grab  
**X** NO to Newsom stripping Valley voices
