1 PRESIDENT SIMPSON: Welcome this evening.
2 I think we've got about another hour to go, but we had a
3 small break, so I'm happy to try to answer any
4 questions.

5 MALE REPORTER: Senator Simpson, in all
6 likelihood. The Senate's about to pass a historic
7 abortion bill. What's your message? It's been a long
8 time coming for opponents of abortion. What's your
9 message to people that have been waiting for this for a
10 long time?

11 PRESIDENT WILTON: Yeah, I think that,
12 you know, the courts, over the years, have continued to
13 define as technology has gotten better and the courts
14 have been able to take new positions as it relates to
15 being pro-life. And I think the Senate is going to pass
16 a bill that will pass the muster with the Supreme Court,
17 The United States Supreme Court, for the first time in
18 many years. You're going to have a bill that I believe
19 is what will be tolerated in the U.S. Supreme Court.
20 And I think it's a great day.

21 And I know we've said it many times about
22 the Lark. I hope we can put money in the budget that
23 will remain for that form of pro-life also, right? And
24 so I think there's many options here, and I think it's a
25 great day for families.

1 But what I'll also say is the things that
2 we're doing for children who need to be adopted and
3 fostered and all the things that we're doing in the
4 children's program fits right into that theme of not
5 only being pro-life but being pro-child.

6 FEMALE REPORTER: -- immigration bill
7 that also -- and unaccompanied migrant children are
8 under the definition that are unlawful in the state.
9 What do you say to a reunification process for those
10 children?

11 PRESIDENT WILTON: I think that Senator
12 Bean spent a lot of time on the floor with that bill
13 yesterday. I think it was yesterday. And I think
14 unlawful means unlawful. So I think that bill is very
15 well defined, and I think that, you know, we've passed -
16 - I think we've passed that bill now to the House, and
17 so we'll see if they take it up.

18 MALE REPORTER: Mr. President, I think I
19 think the House's data privacy bill got referred over
20 here. Do you anticipate having a committee hearing? Do
21 you anticipate hearing that bill at any level or at this
22 point?

23 PRESIDENT WILTON: Data privacy is very
24 important to our constituents. If we can come to an
25 agreement with our chamber. We were very uncomfortable

3/3/2022

1 last year because of the calls of action. I know the
2 Speaker and his team and the House have worked very hard
3 to get this in order, so it's something we're taking
4 very seriously.

5 MALE REPORTER: But from a logistics
6 perspective, do you plan on doing a committee hearing?
7 Would you call another committee to do it or bring it up
8 on the floor? What would your preference be in that
9 regard?

10 PRESIDENT WILTON: No. We have not
11 decided those things yet. And so if we come to an
12 agreement then certainly we have multiple options.

13 FEMALE REPORTER: -- what about civil
14 enforcement? Because that's really been the sticking
15 issue. It's what killed the bill last year.

16 PRESIDENT WILTON: Which bill?

17 FEMALE REPORTER: On the data privacy.

18 PRESIDENT SIMPSON: The private cause of
19 action?

20 FEMALE REPORTER: Yeah. Where would you
21 be on that? Would you --

22 PRESIDENT WILTON: We have many senators
23 working on that bill, including Senator Bradley, that
24 are lawyers. And so I will take a look at their
25 recommendations and make a decision based on that.

3/3/2022

1 FEMALE REPORTER: -- there was, seems to
2 be, behind the scenes on the abortion bill, so much
3 bipartisan support for that exception for victims of
4 crime, impregnated in rapes and human trafficking by
5 coercion. What do you make of the fact that that
6 amendment is not making it in?

7 PRESIDENT WILTON: I think the will of
8 the body didn't move that amendment. And I think
9 Senator Stargil gave a very impassioned answer to that
10 question, is like, okay, after 15 weeks, that is a
11 child. And so the argument is that, should you kill a
12 baby after 15 weeks because it was done under certain
13 circumstances, right? And so I think she did a very
14 good debate on the bill. I think she had a good
15 argument to that issue, and she won her issues.

16 MALE REPORTER: -- think the 15 weeks is
17 far enough, or do you feel like it needs to go even
18 longer?

19 FEMALE REPORTER: What do you say to
20 those mothers?

21 PRESIDENT WILTON: I think 15 weeks is as
22 far as the Supreme Court will let us go.

23 FEMALE REPORTER: What do you say to
24 those mothers who have these crucial tests after the 15
25 weeks that show that this might not be a child that has

3/3/2022

Common Cause, et al. v. Cord Byrd

Page 6

1 any sort of quality of life, but they don't get those
2 tests until well after 15 weeks. And there's really --
3 after that, there's no -- the decision is made for them,
4 and they've told those stories and have those affected
5 you and what do you say to those mothers?

6 PRESIDENT WILTON: There are options in
7 the bill that allow for those under certain
8 circumstances, right? With having -- going and
9 consulting doctors, I think there's an area where you
10 have to, if you get two doctors to confirm that's the
11 case, then you would still have options. And put -- to
12 keep this in context, you know, and Senator Stargil gave
13 a very brave story yesterday herself. I was adopted,
14 and I could have been on the other side of this argument
15 also. So when you think about being pro-life, we're --
16 we're giving 15 weeks as a state. And the U.S. Supreme
17 Court, I believe, and it hasn't yet, but I believe they
18 will uphold that. And so there are all options on the
19 table until 15 weeks. And so I just think that under
20 certain circumstances, after 15 weeks, there's still
21 options.

22 FEMALE REPORTER: Sir, what's going on
23 with the education budget?

24 MALE REPORTER: -- the House is going to
25 pass its map tomorrow. They put it on your bill, and

3/3/2022

Common Cause, et al. v. Cord Byrd

Page 7

1 they're going to send it back. We got a week to go.

2 Where's this landing? Are you guys headed to impasse or
3 you're going to be able to work out a bill by the end of
4 session? Are we going to have our congressional map?

5 PRESIDENT WILTON: I guarantee we will
6 eventually have a congressional map.

7 MALE REPORTER: But when? I mean --

8 PRESIDENT SIMPSON: Stay tuned.

9 MALE REPORTER: But as of right now, are
10 you inclined to not? What's your position on the
11 congressional map right now?

12 PRESIDENT WILTON: No, we have not gotten
13 a full briefing and detail of the House map. I believe
14 the House map is in order. I believe it's
15 constitutional. I believe the speaker and his team have
16 done a tremendous job putting that map together. And so
17 I don't see any reason why we wouldn't pass that map.
18 But again, it's not in our chamber yet.

19 MALE REPORTER: Back to abortion. Any
20 fear about blowback, pushback from the voters in
21 November?

22 PRESIDENT WILTON: When you do the right
23 thing, the blowback gives is the blowback.

24 FEMALE REPORTER: Sir, can you tell us --

25 MALE REPORTER: President Simpson, today

3/3/2022

Page 8

1 there's a bunch of major bills that Governor DeSantis is
2 basically his agenda, but there's also, in a couple of
3 different instances, places where you're seemingly
4 prepared to defy him. Redistricting perhaps. There's
5 no gas tax moratorium and your water bill, perhaps.

6 Do you think, on the whole, he'll be
7 satisfied with your work in the legislature and not be
8 perhaps as vindictive with his vetoes?

9 PRESIDENT WILTON: I think the governor
10 served in Congress, so he knows what it's like to be
11 part of a legislative process. And he's clearly been
12 our governor for three years. He's had wins. And the
13 big winner of these bills that we're doing is the State
14 of Florida. And collectively, what the House and Senate
15 will produce, I believe, are substantial wins for this
16 state.

17 And I think when the sum total of what
18 gets completed by next Friday is completed, then I think
19 the governor will not see this as wins and losses
20 because they're maybe advocated for something that
21 didn't happen. We advocate in the Senate for maybe a
22 dozen items, two dozen items that won't happen. Is that
23 a loss? It's the same position for the House

24 And so I don't think there's wins and
25 losses here. Here's what I think. I think the State of

3/3/2022

Common Cause, et al. v. Cord Byrd

Page 9

1 Florida has come through this pandemic as good as any
2 state in this union. I think better. When you take a
3 look at it from an economic perspective, we're creating
4 about half of all the jobs in the country that's been
5 created the last quarter. When you look at having a
6 free and open state or children being educated and other
7 problems that we don't have, I think to single in on any
8 one particular thing as a failure is taking the wrong
9 approach.

10 FEMALE REPORTER: Sir, what's going on
11 with the education budget? I thought earlier that the
12 budget meetings were bumped on education. Is there a
13 sticking point that you can talk about?

14 PRESIDENT WILTON: I haven't seen the
15 points yet that have not been taken. So if they get
16 bumped, then we will be taking a look at that.

17 FEMALE REPORTER: Can I get you a comment
18 on the \$20 million appropriation occurring to Pasco
19 County Mayo --

20 PRESIDENT SIMPSON: Pasco County?

21 FEMALE REPORTER: The Moffit.

22 PRESIDENT SIMPSON: Moffitt.

23 FEMALE REPORTER: I'm sorry, Moffitt, in
24 Pasco County.

25 PRESIDENT WILTON: Or we're going to get

3/3/2022

1 Mayo also.

2 FEMALE REPORTER: Yeah.

3 PRESIDENT SIMPSON: Welcome.

4 FEMALE REPORTER: Just is, you know, \$20
5 million times 30 years, that's a \$600 million investment
6 in your backyard. Can you kind of talk about how big of
7 a priority that is for you and if you have confidence
8 that the House will continue to put it in the budget --

9 PRESIDENT WILTON: You know, in Moffitt
10 last year we had some tremendous wins, and when I say
11 we, I mean, collectively, not only the State of Florida,
12 but the United States and the world. This facility will
13 rival any cancer research center over the planet when
14 we're finished with it, when Moffitt is finished with
15 it. And so when you think about the lives that will be
16 saved ten years from now, many tens of thousands,
17 probably annually, because of the research that will be
18 done at Moffitt. Not only Moffitt, but we have
19 Sylvester and others in the state and -- that are
20 working very hard. I'm very proud.

21 And in my backyard, I mean, Pasco County,
22 my backyard has chickens in it. It's about 40 miles
23 from my backyard, but nonetheless in Pasco County. But
24 we're very proud of the work that I believe Moffitt will
25 accomplish there. I hope the House will take that up.

3/3/2022

Common Cause, et al. v. Cord Byrd

Page 11

1 Clearly, we're looking at trying to fast track this
2 process, because when we get finished with it, it will
3 mean literally tens of thousands of lives will be saved
4 annually from cancer.

5 MALE REPORTER: A big chunk of that
6 funding is zeroed out totally right now. I think even
7 the Senate said it's zeroed on the spreadsheet. Is that
8 at all deterring for you?

9 PRESIDENT SIMPSON: No.

10 FEMALE REPORTER: Mr. President, is the
11 long term vision for Republican leadership on full ban
12 on abortion. Like, is this the politically feasible
13 step right now?

14 PRESIDENT WILTON: I think that you'll
15 have to ask future leadership.

16 FEMALE REPORTER: Can you talk about --

17 FEMALE REPORTER: -- students protests
18 that don't say gay bill across the state and here in
19 capital, do you have a message to those students who
20 were protesting the bill itself? I know it's not been
21 in the Senate --

22 PRESIDENT WILTON: I always, the pages
23 that come every week that we have every week, I always
24 say that you will have a lot of rhetoric that you will
25 be subjected to that you will have to make an evaluation

3/3/2022

Page 12

1 of. And so what I would say is for people who believe
2 this is really a bad bill or really a grotesque bill, in
3 some cases, don't say gay, this is parental rights bill
4 and read the bill and then assess whether or not you
5 think it's a bad bill. Because I believe that the
6 argument, the political argument in our mainstream media
7 has been lost. But the reality is that when parents
8 read this bill and understand that this is a parental
9 rights bill, then it will be won again.

10 FEMALE REPORTER: -- the budget. Will
11 there be --

12 MALE REPORTER: Did they just give you
13 the hook?

14 PRESIDENT SIMPSON: Did I get the hook?
15 Thank God.

16 FEMALE REPORTER: -- follow up to what
17 you just -- January Littlejohn, who had spoken in some
18 committees, made a very powerful case about her daughter
19 being cared for and done things with at school that she
20 did not know about. But there's really nothing in the
21 bill if there is a child who may be trans or gay or
22 whatever --
