### Plan 8017, Florida House Redistricting Committee

### Plan 8019, Florida House Redistricting Committee

These screen captures of legislatively proposed maps were taken from floridaredistricting.gov. *See* Joint Factual Stipulation (1) (“other districting criteria . . . as available on floridaredistricting.gov.”); *id* (2)(4) (“the Florida Legislature’s redistricting plans that were published during the 2021-2022 redistricting cycle”).

To access the maps, select “Submitted Plans” on the home screen, select “CON” to view congressional-district maps, and for the map sponsors, select the option for the House or Senate. Those clicks will provide a list of all legislatively proposed maps, which can be viewed and displayed as shown above.
