Redistricting & U.S. Census Bureau Overview

Chair Tyler Sirois

Agenda

1. Redistricting Overview
2. U.S. Census Bureau Overview
3. Florida Population Overview
4. Website Demonstration

What is Redistricting?

Terminology

- **Reapportionment**

- The redistribution of seats in the U.S. House of Representatives among the 50 states, based on the decennial census. Each state gets at least one seat.

- **Redistricting**

- The redrawing of congressional and state legislative districts boundaries usually after a decennial census.
- Other entities can redistrict such as local governments, courts, and school boards.

Federal Law

- **Article I, Section 4 of U.S. Constitution**

- “The Times, Places and Manner of holding Elections for Senators and Representatives shall be prescribed in each State by the Legislature thereof.”

- **14th Amendment of U.S. Constitution**

- “One person, one vote”

- **Section 2 of Voting Rights Act**

- “No voting qualification or prerequisite to voting or standard, practice, or procedure shall be imposed or applied...in a manner which results in a denial or abridgement of the right of any citizen of the United States to vote on account of race or color...”

Florida Law

- **Art. III, Section 16 of Florida Constitution**

- Directs the Legislature at its Regular Session in the second year following each decennial census (2022) to conduct redistricting of state legislative boundaries.
- 30-40 senatorial districts
- 80-120 representative districts
- Districts shall be contiguous and consecutively numbered
- Provides directives and timelines for establishing new districts

Florida Law, *cont'd*

- **Art. III, Sections 20 & 21 of Florida Constitution**

- Lists standards for establishing congressional (§20) and legislative (§21) boundaries
- Tier 1 standards take priority over Tier 2 standards in case of conflict
- Within each Tier the standards are equal amongst one another

Florida Law, *cont'd*

Art. III, Sections 20 & 21 of Florida Constitution

Tier 1 Standards

No apportionment plan or individual district shall be drawn with the intent to favor or disfavor a political party or an incumbent

Districts shall not be drawn with the intent or result of denying or abridging the equal opportunity of racial or language minorities to participate in the political process or to diminish their ability to elect representatives of their choice

Districts shall consist of contiguous territory

Tier 2 Standards

Districts shall be as nearly equal in population as is practicable

Districts shall be compact

Districts shall, where feasible, utilize existing political and geographical boundaries

Florida Law, *cont'd*

- **Chapter 8 of Florida Statutes**

- Defines the technical boundaries of congressional districts.

- **Chapter 10 of Florida Statutes**

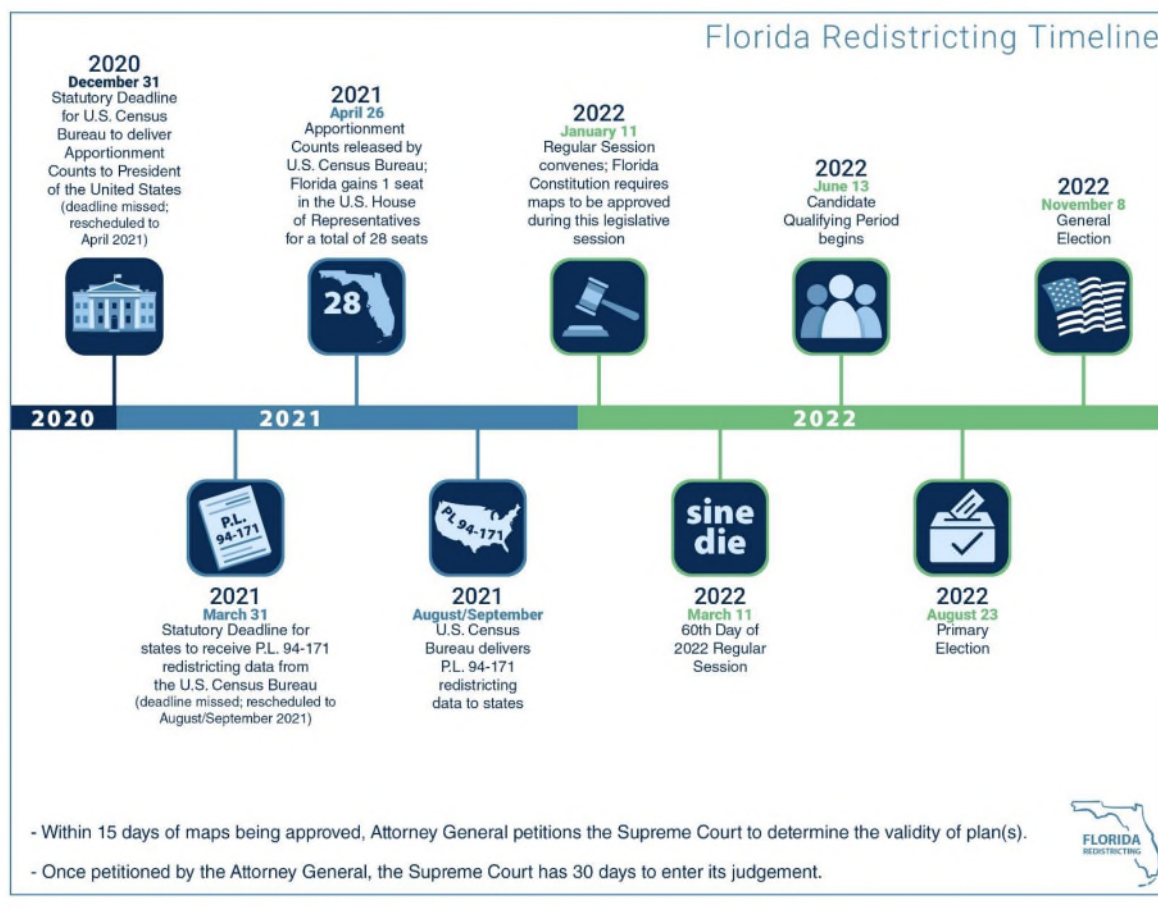

- Defines the technical boundaries of state senate and state house districts.

- **Chapter 11 of Florida Statutes**

- Provides that the Florida Legislature use the last federal decennial statewide census for apportionment purposes.

Redistricting Timeline

U.S. Census Bureau

Terminology

- **U.S. Census Bureau**

- The bureau contained within the U.S. Department of Commerce that conducts the decennial census, as well as numerous ongoing projects for the federal government.

- **Decennial Census**

- A complete count or enumeration of the population of the country conducted every 10 years.

- **Apportionment Counts**

- The number of seats in the U.S. House of Representatives each state receives following a decennial census.

- **Redistricting Data**

- The detailed population data produced and delivered to each state by the U.S. Census Bureau that is used as part of the redistricting process.

Federal Law

- **Article 1, Section 2 of U.S. Constitution**

- Sets forth a mandate for an “actual enumeration” that requires a count of every person living in the United States of America every ten years.

- **Title 13**

- Gives directive to the U.S. Census Bureau to conduct the decennial census and charges them with balancing the privacy of data collected with the accuracy of data distributed.

- **P.L. 94-171**

- The federal Public Law enacted in 1975 requiring the U.S. Census Bureau to provide the states with data for use in redistricting.

Decennial Census

The first census was conducted in 1790, and is conducted every 10 years.

The decennial census is the basis for apportionment counts, federal funding allocation, and redistricting.

The 2020 Census is the 24th decennial census and first ever to be offered online.

THE 2020 CENSUS: HOW TO ANSWER IT ONLINE

1. Print name of Person 2

First Name MI

Last Name(s)

Data from U.S. Census Bureau

- **How are the results of the decennial census used in redistricting?**
 - P.L. 94-171 "Redistricting Data"
- **What other data does the U.S. Census Bureau contribute to redistricting?**
 - Geography Support Products

Redistricting Data

- **P.L. 94-171 “Redistricting Data”**

- Contains detailed population data at the block level (smallest unit of geography)
- Detailed population data is grouped by Race and Ethnicity categories
- Also contains Group Quarters and Occupancy housing data
- The Legacy Format dataset was released on August 12, 2021. A User-friendly dataset was released on September 16, 2021.

Redistricting Data, *cont'd*

• Collecting Data on Race and Ethnicity

- Based on federal guidance from the U.S. Office of Management and Budget, statistics on Race and Ethnicity are collected through the Census questionnaire and used in statistics, reporting, and civil rights compliance.

→ NOTE: Please answer BOTH Question 8 about Hispanic origin and Question 9 about race. For this census, Hispanic origins are not races.

8. Is Person 1 of Hispanic, Latino, or Spanish origin?

☐ No, not of Hispanic, Latino, or Spanish origin

☐ Yes, Mexican, Mexican Am., Chicano

☐ Yes, Puerto Rican

☐ Yes, Cuban

☐ Yes, another Hispanic, Latino, or Spanish origin – Print, for example, Salvadoran, Dominican, Colombian, Guatemalan, Spaniard, Ecuadorian, etc. ☒

Question 8 addresses Ethnicity.

Resulting Ethnicity Categories

- Not Hispanic or Latino
- Hispanic or Latino
 - A person of Cuban, Mexican American, Chicano, Puerto Rican, or other Spanish origin, regardless of race.

Redistricting Data, *cont'd*

9. What is Person 1's race?
Mark ☒ one or more boxes **AND** print origins.

☐ White – Print, for example, German, Irish, English, Italian, Lebanese, Egyptian, etc. ☐

☐ Black or African Am. – Print, for example, African American, Jamaican, Haitian, Nigerian, Ethiopian, Somali, etc. ☐

☐ American Indian or Alaska Native – Print name of enrolled or principal tribe(s), for example, Navajo Nation, Blackfeet Tribe, Mayan, Aztec, Native Village of Barrow, Inupiat Traditional Government, Nome Eskimo Community, etc. ☐

☐ Chinese ☐ Vietnamese ☐ Native Hawaiian

☐ Filipino ☐ Korean ☐ Samoan

☐ Other Asian – Print, for example, Pakistani, Cambodian, Hmong, etc. ☐

☐ Other Pacific Islander – Print, for example, Tongan, Fijian, Marshallese, etc. ☐

☐ Some other race – Print race or origin. ☐

Question 9 addresses Race.

- Respondents can select more than one answer to Question 9.
- 2020 also marked a change in how the U.S. Census Bureau tabulated responses to Question 9.

Resulting Race Categories

- American Indian or Alaska Native
- Asian
- Black or African American
- Native Hawaiian or Other Pacific Islander
- White
- Other Race

Geography Support Products

- While not part of the 2020 Census, the U.S. Census Bureau also updates the geographic landscape of each state during the decade.
- Each state is broken into geographic units – as seen to the right.
- The detailed population data, collected from the decennial census, is aligned with the updated geographic units.
- Data users are then able to see how many people live in a particular unit of geography.

U.S. Census Bureau Geography Hierarchy

Florida Municipalities

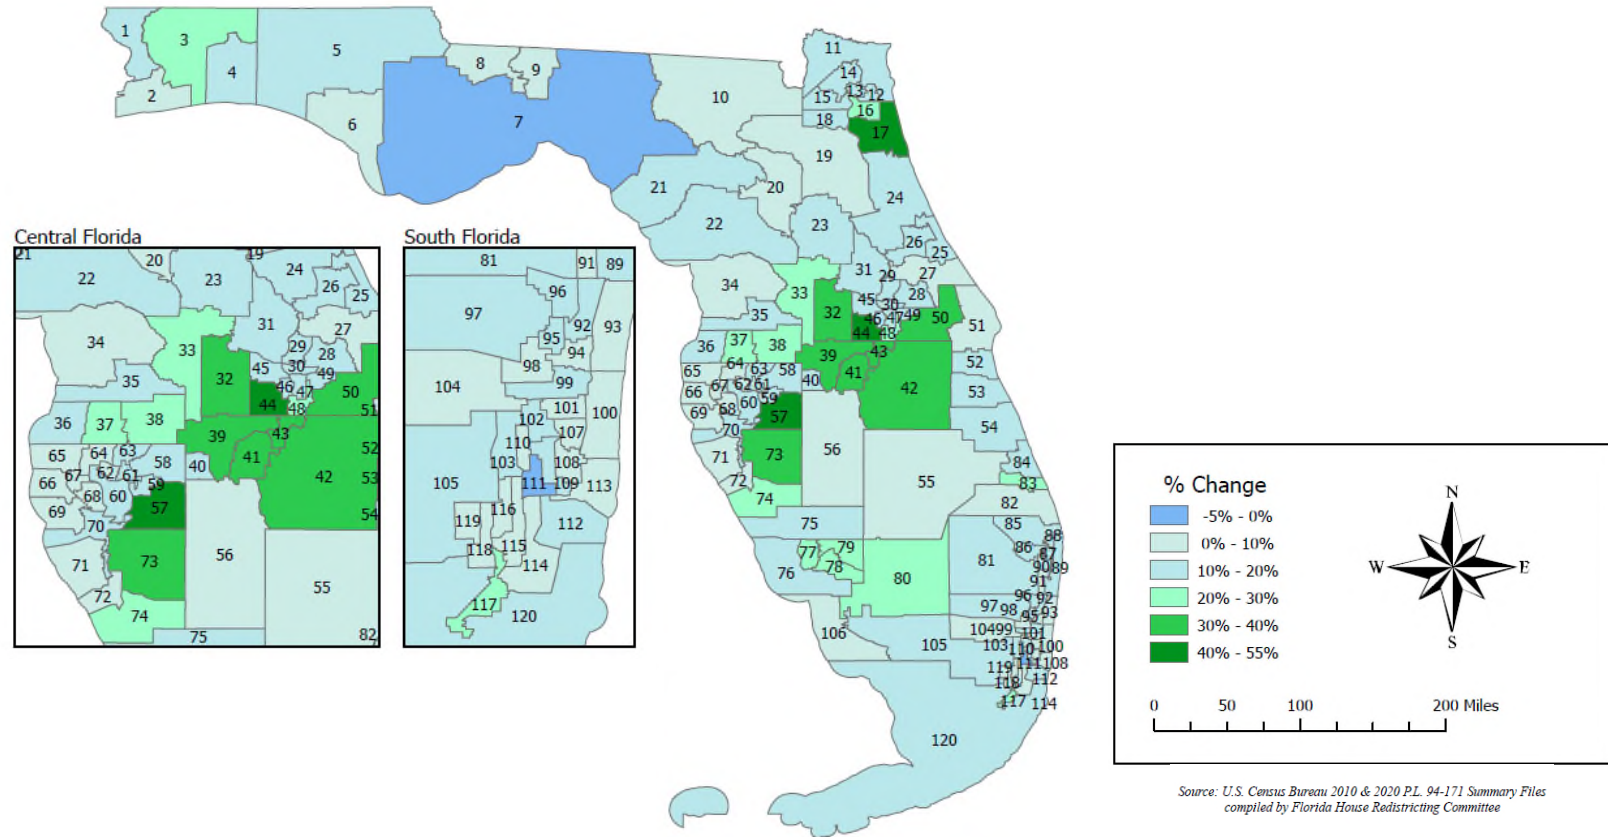

- As of April 1, 2020, Florida has 412 incorporated municipalities, compared to the 411 last decade.
- During the decade...
 - Estero (LEE), Indiantown (MRT), and Westlake (PAL) became incorporated.
 - Hastings (STJ) and Islandia (MDC) became unincorporated.
- Although currently unincorporated, Weeki Wachee was still an incorporated area in January 2020 when the U.S. Census Bureau finalized their Geography Support Products, as well as on April 1, 2020 when the 2020 Census was conducted. Therefore it appears in this decade's census dataset as an incorporated city.

Redistricting Website Demonstration

Joint Website

The Florida Senate and Florida House of Representatives have launched a joint website to be a one-stop-shop for all information and resources regarding the 2022 redistricting cycle, including a direct link for the public to access Florida's map drawing application.

The Florida House of Representatives and Florida Senate have elected to use Esri's Redistricting Online application for the 2022 redistricting cycle. Esri Redistricting Online is a web-based application that uses GIS mapping technology and the latest available census data to allow users to draw and analyze state legislative and congressional redistricting plans following the 2020 decennial census.
