What does the senate map look like for Ioranne?

Looks like it's Biden +3. Generally as I expected.

Does she have diff territory? Anything on my district?

No state house. Her district just expanded. But still moving through the data. They posted 4 senate maps

Expanded east?

She can still win that.

Yep. The final district looks exactly like we expected. Basically went into Dixie and Suwanee and Lafayette while losing Calhoun.

Neither is good but God it HAS TO be plan 8007 they go with. Cutting Tallahassee into 3 pieces is a joke

Hot off the presses. I lay into the tallahassee districts.

Matt Herrle us saying a d can't win map 7. What does you think?

It's very tough. It's a narrow Trump and narrow gillum district. The biggest issue being that it's gonna be a red midterm so that's a bad starting point. I delve into it in the article.

If plan 8007 passes. The hd9 there (the one that goes to Madison) would still be democratic

I gotta get 07. Herrle is telling me a repub wins that one too.

He's wrong. Biden easily took it. So Max doesn't know what he's talking about. It voted for Biden by 10 points.

This is the plan we want. Blue district is Biden +10. Totally fine.

Correct

He's so inept

Yeah I didn't wanna say it but I'm exhausted so I have no filter. He needs to stick to alcohol lobbying. This is my world. Data and redistricting. Lol.

He asked for my van access. I'm like no fuckin way!

Jesus Christ. He could just buy an account probably. They sell them to diff committees and orgs.

He's pitiful

He asked me all the questions. I said Matt posted on Monday. It's all there.

Jesus. How does he not think to just check with me. Rediculous.

Bc he is trying to be you. And Steve Vancore. And...

Trying to do everything all at once is a great Route to do nothing right then.

He's a wannabe

So much a wannabe

hey allison. For the breakdown of your new seat. Do you just want an overall partisan breakdown for now? Or do you want a bigger deendive into areas lost or gained. I can get deep into weeds or start off more top level.

Both?

And I'll pay you.

Let's start w overall and then go deep. I gotta figure out where to start walking.

Sounds good! I'll try the top line stuff done and sent over. then will work on a more detailed breakdown.
