Looks like my maps won't be posted in time for tomorrow's committee, but if it's helpful – [here is the Twitter thread explaining them](#), and here are links to the interactive maps addressing the major issues:

- [Congressional - eliminating CD20 Boynton Beach appendage](#)
- [Congressional - avoiding crossing the Everglades](#)
- [Senate map - avoiding crossing Tampa Bay](#)

I'm also attaching my submission forms for these three, which go more in-depth explaining the Tier Two improvements and defending their Tier One compliance.

Hi John, feel free to give me a call this morning - I have a few notes on the maps, luckily not too many! (850) 509-5450

Good morning!

Guessing you've had a chance to digest the proposed Congressional and State Senate maps created by the Reapportionment staff. If you've already created any understanding/context information or have some sources you can point to or link to for this purpose, please forward along or give me a call. Will be providing our members with notes this afternoon to --- hopefully --- generate informed and productive discussions/insights at this week's meetings.

Thanks.
