**DECLARATION OF MICHAEL BARNES**

Pursuant to 28 U.S.C. § 1746, I, MICHAEL BARNES, make the following declaration:

1.

My name is Michael Barnes. I am over the age of 21 years, and I am under no legal disability which would prevent me from giving this declaration. If called to testify, I would testify under oath to these facts.

2.

I currently am the Director of the Center for Election Systems, Office of Secretary of State—Brad Raffensperger (“CES”). I was formerly Director of the Center for Election Systems at Kennesaw State University (“KSU”), which was an outside contractor with the Office of the Secretary of State, from 2002 until December 31, 2017. Beginning on January 1, 2018, all elections functions that were previously performed at KSU were moved to an internal department in the Office of the Secretary of State. I first began working at CES KSU in 2005. Prior to that time, I was the Assistant Director of Elections for the Georgia Secretary of State, and I held that position during the State of Georgia’s transfer to a uniform system of voting in 2002. I held my current position during the most recent transition to a new statewide voting system, i.e., the Dominion Democracy Suite ballot-marking devices (BMDs).

3.

I train county election officials on the use of the Dominion system, including the election management system and the BMDs. I also oversee the employees responsible for creating ballot combinations and Election Project Packages, which are the primary databases on which the Dominion system runs elections for both absentee-by-mail and in-person voting.

4.

In my role, I have great familiarity with the timelines for elections because my office is responsible for many of the technology components of the election process in Georgia. I also regularly communicate with county election officials and am very familiar with the processes they use for administering elections.

5.

A copy of the 2022 election calendar for the state as generated by the Secretary of State's office is attached as Ex. 1 to this declaration. My office uses this summary because it contains the relevant deadlines for the 2022 election cycle.

6.

Leading up to the March 7, 2022 start of qualifying, county registrars are updating street segments in the voter-registration database, which is known as eNet.

7.

This process requires registrars to update voter districts and to conduct error checks to be sure voters are allocated to the right districts.

8.

Only after registrars have completed updating voter districts, can my office and staff begin the process of creating “ballot combinations.”

9.

Within one county, there can be a number of different combinations of Congressional, state Senate, state House, and local election districts. Each of these combinations must be built into the election management database before qualifying so candidate names can be added and ballots can be generated for voters. Currently, there are more than 2,000 ballot combinations that exist using the prior districts.

10.

This election cycle is the first time the Secretary's office has constructed election projects using the Dominion system following redistricting (where almost all ballot combinations have to be adjusted).

11.

Prior to my team constructing elections projects (which are necessary to produce ballots), ballot combinations in each precinct must be defined within the state voter registration system. My team then places those ballot combinations into a county's elections project to generate an accurate ballot proof for county election officials to sign off on prior to ordering and receiving ballots.

12.

When qualifying is completed on March 11, our office adds each candidate name to the relevant contests in each district so they appear on the correct ballot combinations.

13.

Our office then generates proofs of every ballot combination for each county and sends those proofs to county election officials for review and editing.

14.

County officials must complete their review and all edits must be made in time for absentee ballots to go out by the overseas and military voters deadline of April 5, 2022.

15.

In order to ensure that all of these deadlines are met, the Secretary's office instructed county election officials late last year that they must complete the reallocation process for voters no later than February 18, 2022. That letter is attached to this declaration as Exhibit 2.

16.

County registrars generally need several weeks to complete the reallocation process for voters in their particular counties.

17.

Any delay in the process of allocating voter risks the ability of our office to create ballot combinations and impedes having ballots ready for the May 24<sup>th</sup> primary election.

[Signature on next page]

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 18th day of January, 2022.

  
MICHAEL BARNES

## The Office of Secretary of State

*Brad Raffensperger*  
SECRETARY OF STATE

December 29, 2021

*Blake Evans*  
Elections Director

Dear County Election Directors and Registrars,

This letter is to inform you that all redistricting changes should be made in the voter registration system (ElectionNet) no later than February 18, 2022. This includes updating voter records in ElectionNet to reflect new redistricted maps and ensuring all voters are in correct districts. All changes need to be made by this deadline for qualifying to occur the week of March 7, 2022.

To ensure you can meet the February 18<sup>th</sup> deadline, we recommend that you do the following if you have not already:

- Coordinate with your local county commissioners, school board members, and other appropriate local board members to encourage those entities to have any proposed district changes to the General Assembly by January 10, 2022, which is the first day of session.
  - If you have trouble gathering county district information from your county boards, then please contact the Legislative and Congressional Reapportionment Office at 404-656-5063.
- Coordinate with your attorney about any local laws or charters that could affect your redistricting timeline.
- Coordinate with our Elections Division if you have questions about how to use the Redistricting Module in the voter registration system.

Again, it is very important that you have all changes made in the voter registration system no later than February 18, 2022. Failure to do so will cause difficulty with qualifying and other election preparation for the May 24, 2022 Primary.

Sincerely,

  
Blake Evans  
Elections Director
