For our call Monday

Begin forwarded message:

From: Allan Lichtman <lichtman@american.edu>
Subject: INFORMATION
Date: March 5, 2021 at 1:15:37 PM CST
To: Michael Kasper <mjkasper60@mac.com>

Hi Mike. It was good talking with you today.

Materials Currently Needed From Illinois

Copies of State House, State Senate, and Congressional Maps, Priority for State Plans

Demographic data for each district in each plan, broken down according to voting age population by race and citizen voting age population for Hispanics and Asians if available.

Incumbent in each district in each plan, with race identified.

Election returns for statewide, countywide, citywide, and legislative and congressional district elections in which minority candidates are running against white candidates. These returns should be at the precinct level.

Matched with the returns, precinct-level racial demography, broken down according to voting age population by race and citizen voting age population for Hispanics and Asians if available.

I have enclosed an example of what this election and demographic data would look like for each election.

CandidateName	PRECINCT	Registration	ORTIZVOTE	CANDCODE	CAND
