# Initiative Petition Overview

The secretary of state's office is charged with overseeing this process and certifying proposed petitions for the ballot.

Petitioners will first submit proposed petitions to the secretary of state's office. The office approves the proposed petition's form and prepares ballot summary language. The state auditor also prepares a fiscal note and fiscal note summary for the proposed petition. The secretary of state's office then certifies the official ballot title for the petition, which consists of the ballot summary language and fiscal note summary. After the official ballot title is certified, petitioners can circulate their proposed petitions and collect signatures. Next, petitioners submit these signatures to the secretary of state's office. The office distributes petition pages to local election authorities to verify that the signatures are those of registered Missouri voters in the correct Congressional district. Finally, the secretary of state's office receives the verified signatures and determines whether the petition contains a sufficient number of valid signatures. If so, the secretary of state's office issues a certificate of sufficiency, stating that the petition shall be placed on the ballot for the general election. The details of the process are outlined below.

## Submitting a Proposed Petition

**Step 1:** A petitioner submits a proposed petition, in the form in which it will be circulated, and a petition submission cover sheet to the secretary of state's office, which issues a receipt to the petitioner. If a person or committee, other than the petitioner, is funding a portion of the drafting or submission of the sample sheet, the petitioner must also attach to the proposed petition a copy of the filed statement of committee organization required under Section 130.021.5, RSMo, showing the date the statement was filed.

**Step 2:** The secretary of state's office sends a copy of the proposed petition to the attorney general's office and the auditor's office.

**Step 3:** The proposed petition is posted on the secretary of state's office website for a public comment period.

**Step 4:** The attorney general's office reviews the form and forwards its comments to the secretary of state's office within 10 days after receiving the proposed petition. The auditor's office prepares a fiscal note and fiscal note summary and forwards it to the attorney general's office within 20 days after receiving the proposed petition.

**Step 5:** The secretary of state's office approves or rejects the form of the proposed petition within 15 days after receiving the proposed petition from the petitioner. The petitioner is informed of the approval or rejection.

**Step 6:** The secretary of state's office prepares a proposed ballot summary statement and forwards it to the attorney general's office for review within 23 days after the approval of the proposed petition's form.

**Step 7:** The attorney general's office forwards its review to the secretary of state's office within 10 days after receiving the proposed ballot summary statement. The attorney general's office also forwards its approval or rejection of the fiscal note and fiscal note summary to the auditor's office within 10 days after receiving the proposed fiscal note and fiscal note summary. The auditor's office then forwards the fiscal note and fiscal note summary to the secretary of state's office.

**Step 8:** Within 3 days after receiving the ballot summary statement, approved fiscal note summary and fiscal note, the secretary of state's office certifies the official ballot title, which consists of the ballot summary statement and fiscal note summary. The official ballot title is then posted on the secretary of state's website.

## Circulating the Petition

Any registered Missouri voter can sign an initiative petition. Petition circulators, who must be at least eighteen years of age and registered with the secretary of state's office, collect signatures on petition pages that contain the official ballot title and the full and correct text of the proposed measure. Each petition page may only contain signatures of voters from one county. Signatures of voters from counties other than the one designated by the circulator in the upper right-hand corner of the petition page will not be counted.

*Note:* Individuals that sign any name other than their own to any petition; knowingly sign their name more than once for the same measure for the same election; sign knowing that they are not a Missouri registered voter; or knowingly accept or offer money or anything of value to another person in exchange for a signature on a petition may be charged with a class A misdemeanor.

## Submitting and Checking Signatures

All petitioners must deliver signed petitions to the secretary of state's office no less than six months before the election. For the 2026 election cycle, the submission deadline for signatures is 5:00 PM on May 3. Petitioners also

submit paperwork showing the number of pages per county, and contact information for each petition. All pages of the petition must be submitted at one time, placed in order and numbered sequentially by county, unless an alternate numbering scheme is approved in writing by the secretary of state's office prior to submission. After verifying the count of signature pages, the secretary of state's office will issue a receipt to the petitioner.

Proposed constitutional amendments and statutory measures will be numbered or lettered in the order in which they were passed by the general assembly or submitted by initiative petition.

The secretary of state's office will inventory every petition page by county.

Petition pages are distributed to local election authorities for signature verification. If only one petition is submitted to the secretary of state's office, the local election authority must receive the pages no later than two weeks after the petition is submitted. If three petitions are submitted, the local election authority must receive the pages no later than three weeks after the petition is submitted. If more than three petitions are submitted, the local election authority must receive the pages no later than four weeks after the petition is submitted. The secretary of state's office chooses whether to verify every signature or use random sampling and instructions for verifying the signatures are sent to local election authorities. If every signature is verified, verification must be certified and delivered to the secretary of state's office by 5:00 PM on the last Tuesday in July prior to the election. For the 2026 election cycle, the deadline is 5:00 PM on July 28.

## **Issuing the Certificate of Sufficiency**

Upon receiving verified signatures from each local election authority, the secretary of state's office determines the sufficiency of each petition by tallying the valid signatures. For the 2026 election cycle, the number of valid signatures needed is outlined on page 5 (Table A). If the office finds that a sufficient number of valid signatures have been submitted on a petition, the secretary of state issues a certificate stating that the petition contains a sufficient number of valid signatures to comply with the Constitution of Missouri and state law and shall be placed on the ballot. However, if the office finds the petition insufficient, the secretary of state issues a certificate stating the reasons for the insufficiency. The certificate must be issued before 5:00 PM on the 13th Tuesday prior to the general election or, if the signatures were verified by random sample, two weeks after the date the local election authority certifies the results of the verification, whichever is later.

Number of Required Signatures

Petitions proposing statutory changes must be signed by five percent of legal voters in any six of the eight congressional districts. Petitions proposing constitutional changes must be signed by eight percent of legal voters in any six of the eight congressional districts. These numbers are shown in Table A, below.

Table A (Required Signatures Per District)

Congressional District	Gubernatorial Votes Cast in 2024	5% for Statutory Change	8% for Constitutional Change
1st	311,915	15,596	24,954
2nd	431,395	21,570	34,512

For example, the number of signatures required for six of the eight congressional districts with the lowest number of votes for governor at the last general election are shown in Table B on page 6.

## Filing Instructions and Procedures

1. Petitioners must submit all petition pages at the same time to the secretary of state's office by 5:00 PM on May 3, 2026 for the 2026 election cycle.

2. Petitioners must submit an Initiative Petition Receipt form with each petition showing the number of pages by county that are being filed with the secretary of state's office. This form is available from the Elections Division (800-669-8683 or 573-751-2301) and will become the petitioner's receipt after review by the secretary of state's office.

3. Petitioners must number petition pages sequentially and by county before submitting the petition to the secretary of state's office. The page number and county in which the petition signers on that page are registered to vote must be designated in the upper right-hand corner of each page. (i.e., Cole 1, Cole 2, etc.) The county in which the petition signers are registered to vote must also be designated in the paragraph at the top of the page which begins with "We, the undersigned" and in the blank immediately before the circulator's signature at the bottom of the page. The "Circulator's Affidavit" at the bottom of the page must also state the county in which the circulator's signature is notarized.

4. When attaching the full and correct text of the proposed measure to each page of an initiative petition, we recommend the following guidelines:

- If space allows, place the full text of the proposed measure on the back of each petition signature page.
- If the full text of the proposed measure exceeds the space on the back of each page, the additional text may be attached on the front and back of each consecutive page and stapled in a consistent location. Remember that all petitions must be circulated and submitted in the form of the sample sheet that was approved by the secretary of state's office.

5. Petitioners should arrange petition pages in file folders limited to 100 pages per folder, which should be labeled with county and page numbers. (i.e., Cole County 1–100, Cole County 101–200, etc.)

6. Petitioners should place the folders in cardboard file boxes clearly labeled with the contents, by county.

7. Please ensure that the name and address of each petition circulator is clearly printed on the circulator affidavit on each petition page. The secretary of state's office will not count any signatures on petition pages circulated by an individual who has not registered with the secretary of state on or before 5:00 PM on the final day for filing petitions. A petition circulator is considered registered at the time a signed circulator's affidavit is delivered to the secretary of state's office.

8. Each petition circulator must be at least 18 years old and registered with the secretary of state. No person shall qualify as a circulator who has been convicted of, found guilty of, or pled guilty to an offense involving forgery under the laws of this state or an offense under the laws of any other jurisdiction if that offense would be considered forgery under the laws of this state.

## Article III, Sections 49-53

### INITIATIVE AND REFERENDUM

**Section 49. Reservation of power to enact and reject laws.**—The people reserve power to propose and enact or reject laws and amendments to the constitution by the initiative, independent of the general assembly, and also reserve power to approve or reject by referendum any act of the general assembly, except as hereinafter provided.

**Section 50. Initiative petitions—signatures required—form and procedure.**—Initiative petitions proposing amendments to the constitution shall be signed by eight percent of the legal voters in each of two-thirds of the congressional districts in the state, and petitions proposing laws shall be signed by five percent of such voters. Every such petition shall be filed with the secretary of state not less than six months before the election and shall contain an enacting clause and the full text of the measure. Petitions for constitutional amendments shall not contain more than one amended and revised article of this constitution, or one new article which shall not contain more than one subject and matters properly connected therewith, and the enacting clause thereof shall be “Be it resolved by the people of the state of Missouri that the Constitution be amended:”. Petitions for laws shall contain not more than one subject which shall be expressed clearly in the title, and the enacting clause thereof shall be “Be it enacted by the people of the state of Missouri:”.

**Section 51. Appropriations by initiative—effective date of initiated laws—conflicting laws concurrently adopted.**—The initiative shall not be used for the appropriation of money other than of new revenues created and provided for thereby, or for any other purpose prohibited by this constitution. Except as provided in this constitution, any measure proposed shall take effect when approved by a majority of the votes cast thereon. When conflicting measures are approved at the same election the one receiving the largest affirmative votes shall prevail.

**Section 52(a). Referendum—exceptions—procedure.**—A referendum may be ordered (except as to laws necessary for the immediate preservation of the public peace, health or safety, and laws making appropriations for the current expenses of the state government, for the maintenance of state institutions and for the support of public schools) either by petitions signed by five percent of the legal voters in each of two-thirds of the congressional districts in the state, or by the general assembly, as other bills are enacted. Referendum petitions shall be filed with the secretary of state not more than ninety days after the final adjournment of the session of the general assembly which passed the bill on which the referendum is demanded.

**Section 52(b). Veto power—elections—effective date.**—The veto power of the governor shall not extend to measures referred to the people. All elections on measures referred to the people shall be had at the general state elections, except when the general assembly shall order a special election. Any measure referred to the people shall take effect when approved by a majority of the votes cast thereon, and not otherwise. This section shall not be construed to deprive any member of the general assembly of the right to introduce any measure.

**Section 53. Basis for computation of signatures required.**—The total vote for governor at the general election last preceding the filing of any initiative or referendum petition shall be used to determine the number of legal voters necessary to sign the petition. In submitting the same to the people the secretary of state and all other officers shall be governed by general laws.

## Article XII, Section 2(b)

### AMENDING THE CONSTITUTION

**Section 2(b). Submission of amendments proposed by general assembly or by the initiative.**—All amendments proposed by the general assembly or by the initiative shall be submitted to the electors for their approval or rejection by official ballot title as may be provided by law, on a separate ballot without party designation, at the next general election, or at a special election called by the governor prior thereto, at which he may submit any of the amendments. No such proposed amendment shall contain more than one amended and revised article of this constitution, or one new article which shall not contain more than one subject and matters properly connected therewith. If possible, each proposed amendment shall be published once a week for two consecutive weeks in two newspapers of different political faith in each county, the last publication to be not more than thirty nor less than fifteen days next preceding the election. If there be but one newspaper in any county, publication for four consecutive weeks shall be made. If a majority of the votes cast thereon is in favor of any amendment, the same shall take effect at the end of thirty days after the election. More than one amendment at the same election shall be so submitted as to enable the electors to vote on each amendment separately.

**116.060. Initiative and referendum petitions, who may sign—residents of one county only on a designated page.—**Any registered voter of the state of Missouri may sign initiative and referendum petitions. However, each page of an initiative or referendum petition shall contain signatures of voters from only one county. Each petition page filed with the secretary of state shall have the county where the signers are registered designated in the upper right-hand corner of such page. Signatures of voters from counties other than the one designated by the circulator in the upper right-hand corner on a given page shall not be counted as valid.

(L. 1980 S.B. 658, A.L. 1999 H.B. 676) Effective 6-16-99

**116.070. Petitioner may sign by mark, procedure.—**When any voter wishes to sign an initiative or referendum petition and is unable to sign his name, the circulator shall print the required information on the petition. The voter shall then make his mark, and the circulator shall attest to it by his signature. For purposes of this chapter, all marks made and attested in accordance with this section shall be considered signatures.

(L. 1980 S.B. 658) Effective 1-1-81

**116.080. Qualifications of circulator—affidavit, notarization, penalty.**—1. Each petition circulator shall be at least eighteen years of age and registered with the secretary of state. Signatures collected by any circulator who has not registered with the secretary of state pursuant to this chapter on or before 5:00 p.m. on the final day for filing petitions with the secretary of state shall not be counted. A petition circulator shall be deemed registered at the time such circulator delivers a signed circulator's affidavit pursuant to section 116.030, with respect to a referendum petition, or section 116.040, with respect to an initiative petition, to the office of the secretary of state. No person shall qualify as a petition circulator who has been convicted of, found guilty of, or pled guilty to an offense involving forgery under the laws of this state or an offense under the laws of any other jurisdiction if that offense would be considered forgery under the laws of this state.

2. Each petition circulator shall subscribe and swear to the proper affidavit on each petition page such circulator submits before a notary public commissioned in Missouri. (1) Signs any name other than his or her own to any petition, or who knowingly signs his or her name more than once for the same measure for the same election, or who knows he or she is not at the time of signing or circulating the same a Missouri registered voter and a resident of this state; or

(2) Intentionally submits petition signature sheets with the knowledge that the person whose name appears on the signature sheet did not actually sign the petition; or

(3) Causes a voter to sign a petition other than the one the voter intended to sign; or

(4) Forges or falsifies signatures; or

(5) Knowingly accepts or offers money or anything of value to another person in exchange for a signature on a petition.

2. Any person who knowingly causes a petition circulator's signatures to be submitted for counting, and who either knows that such circulator has violated subsection 1 of this section or, after receiving notice of facts indicating that such person may have violated subsection 1 of this section, causes the signatures to be submitted with reckless indifference as to whether such circulator has complied with subsection 1 of this section, shall also be deemed to have committed the crime of petition signature fraud.

3. A person who violates subsection 1 or 2 of this section, shall, upon conviction thereof, be guilty of a class A misdemeanor punishable, notwithstanding the provisions of section 560.021\* to the contrary, by a term of imprisonment not to exceed one year in the county jail or a fine not to exceed ten thousand dollars or both.

4. **116.100. Filing of petition, procedure.**—The secretary of state shall not accept any referendum petition submitted later than 5:00 p.m. on the final day for filing referendum petitions. The secretary of state shall not accept any initiative petition submitted later than 5:00 p.m. on the final day for filing initiative petitions. All pages shall be submitted at one time. When an initiative or referendum petition is submitted to the secretary of state, the signature pages shall be in order and numbered sequentially by county, except in counties that include multiple congressional districts, the signatures may be ordered and numbered using an alternate numbering scheme approved in writing by the secretary of state prior to submission of the petition. Any petition that is not submitted in accordance with this section, disregarding clerical and merely technical errors, shall be rejected as insufficient. After verifying the count of signature pages, the secretary of state shall issue a receipt indicating the number of pages presented from each county. When a person submits a petition he or she shall designate to the secretary of state the name and the address of the person to whom any notices shall be sent under sections 116.140 and 116.180.

(L. 1980 S.B. 658, A.L. 1983 S.B. 234, A.L. 1997 S.B. 132, A.L. 1999 H.B. 676) Effective 6-16-99

**116.110. Signature may be withdrawn, when, how, effect, penalty.**—Any voter who has signed an initiative or referendum petition may withdraw his or her signature from that petition by submitting to the secretary of state, before the petition is filed with the secretary of state, a sworn statement requesting that his or her signature be withdrawn and affirming the name of

the petition signed, the name the voter used when signing the petition, the address of the voter and the county of residence. It is a class A misdemeanor punishable, notwithstanding the provisions of section 560.021, RSMo, to the contrary, for a term of imprisonment not to exceed one year in the county jail or a fine not to exceed ten thousand dollars or both, to knowingly file a false withdrawal statement with the secretary of state.

(L. 1980 S.B. 658, A.L. 1999 H.B. 676) Effective 6-16-99

\*Section 560.021 was repealed by S.B. 491, 2014, effective 1-01-17.

**116.115. Withdrawal of petition, when—vacation of official ballot title, when.**—Any person who submits a sample sheet to or files an initiative petition with the secretary of state may withdraw the petition upon written notice to the secretary of state. If such notice is submitted to the secretary of state, the proposed petition shall no longer be circulated by any person, committee, or other entity. The secretary of state shall vacate the certification of the official ballot title within three days of receiving notice of the withdrawal.

(L. 2013 H.B. 117) Effective 11-04-14

**116.120. Secretary of state to determine sufficiency of form and compliance—invalid signatures not counted—signatures may be verified by random sampling, procedure and requirements.**—1. When an initiative or referendum petition is submitted to the secretary of state, he or she shall examine the petition to determine whether it complies with the Constitution of Missouri and with this chapter. Signatures on petition pages that have been collected by any person who is not properly registered with the secretary of state as a circulator shall not be counted as valid. Signatures on petition pages that do not have the official ballot title affixed to the page shall not be counted as valid. The secretary of state may verify the signatures on the petition by use of random sampling. The random sample of signatures to be verified shall be drawn in such a manner that every signature properly filed with the secretary of state shall be given an equal opportunity to be included in the sample. The process for establishing the random sample and determining the statistically valid result shall be established by the secretary of state. Such a random sampling shall include an examination of five percent of the signatures.

2. If the random sample verification establishes that the number of valid signatures is less than ninety percent of the number of qualified voters needed to find the petition sufficient in a congressional district, the petition shall be deemed to have failed to qualify in that district. In finding a petition insufficient, the secretary of state does not need to verify all congressional districts on each petition submitted if verification of only one or more districts establishes the petition as insufficient.

3. If the random sample verification establishes that the number of valid signatures total more than one hundred ten percent of the number of qualified voters needed to find the petition sufficient in a congressional district, the petition shall be deemed to qualify in that district.

4. If the random sampling shows the number of valid signatures within a congressional district is within ninety to one hundred ten percent of the number of signatures of qualified voters needed to declare the petition sufficient in that district, the secretary of state shall order the examination and verification of each signature filed.

*(L. 1980 S.B. 658, A.L. 1988 S.B. 647, A.L. 1999 H.B. 676) Effective 6-16-99*

**116.130. Election authorities may be requested to verify signatures either by random sampling or checking signatures, when, how.—**1. The secretary of state may send copies of petition pages to election authorities to verify that the persons whose names are listed as signers to the petition are registered voters. Such verification may either be of each signature or by random sampling as provided in section 116.120, as the secretary shall direct. If copies of the petition pages are sent to an election authority for verification, such copies shall be sent pursuant to the following schedule:

(1) Copies of all pages from not less than one petition shall be received in the office of the election authority not later than two weeks after the petition is filed in the office of secretary of state;

(2) Copies of all pages of a total of three petitions shall be received in the office of the election authority not later than three weeks after the petition is filed in the office of the secretary of state;

(3) If more than three petitions are filed, all copies of petition pages, including those petitions selected for verification by random sample pursuant to section 116.120, shall be received in the office of the election authority not later than the fourth week after the petition is filed in the office of the secretary of state.

Each election authority shall check the signatures against voter registration records in the election authority's jurisdiction, but the election authority shall count as valid only the signatures of persons registered as voters in the county named in the circulator's affidavit. Signatures shall not be counted as valid if they have been struck through or crossed out.

2. If the election authority is requested to verify the petition by random sampling, such verification shall be completed and certified not later than thirty days from the date that the election authority receives the petition from the secretary of state. If the election authority is to verify each signature, such verification must be completed, certified and delivered to the secretary of state by 5:00 p.m. on the last Tuesday in July prior to the election, or in the event of complete verification of signatures after a failed random sample, full verification shall be completed, certified and delivered to the secretary of

state by 5:00 p.m. on the last Tuesday in July or by 5:00 p.m. on the Friday of the fifth week after receipt of the signatures by the local election authority, whichever is later.

3. If the election authority or the secretary of state determines that the congressional district number written after the signature of any voter is not the congressional district of which the voter is a resident, the election authority or the secretary of state shall correct the congressional district number on the petition page. Failure of a voter to give the voter's correct congressional district number shall not by itself be grounds for not counting the voter's signature.

4. The election authority shall return the copies of the petition pages to the secretary of state with annotations regarding any invalid or questionable signatures which the election authority has been asked to check by the secretary of state. The election authority shall verify the number of pages received for that county, and also certify the total number of valid signatures of voters from each congressional district which the election authority has been asked to check by the secretary of state.

5. The secretary of state is authorized to adopt rules to ensure uniform, complete, and accurate checking of petition signatures either by actual count or random sampling. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo.

6. After a period of three years from the time of submission of the petitions to the secretary of state, the secretary of state, if the secretary determines that retention of such petitions is no longer necessary, may destroy such petitions. (*L. 1980 S.B. 658, A.L. 1988 S.B. 647, A.L. 1995 S.B. 3, A.L. 1997 S.B. 132, A.L. 1999 H.B. 676, A.L. 2003 S.B. 50*)

**116.140. Secretary of state's authority not to count forged or fraudulent signatures.**—Notwithstanding certifications from election authorities under section 116.130, the secretary of state shall have authority not to count signatures on initiative or referendum petitions which are, in his opinion, forged or fraudulent signatures.

**116.150. Secretary of state to issue certificate of sufficiency of petition, when—if insufficient, certificate to state reasons.**—1. After the secretary of state makes a determination on the sufficiency of the petition and if the secretary of state finds it sufficient, the secretary of state shall issue a certificate setting forth that the petition contains a sufficient number of valid signatures to comply with the Constitution of Missouri and with this chapter.

2. The secretary of state shall issue a certificate only for a petition approved pursuant to section 116.332. If the secretary of state finds the

petition insufficient, the secretary of state shall issue a certificate stating the reason for the insufficiency.

3. The secretary of state shall issue a certificate pursuant to this section not later than 5:00 p.m. on the thirteenth Tuesday prior to the general election or two weeks after the date the election authority certifies the results of a petition verification pursuant to subsection 2 of section 116.130, whichever is later.

Such hearing shall be a public meeting under chapter 610. Within five business days after the end of the public hearing, the joint committee on legislative research shall provide a summary of the hearing to the secretary of state or his or her designee and the secretary of state shall post a copy of the summary on the website of the office of the secretary of state.

2. The official summary statement approved by the general assembly shall, taken together with the approved fiscal note summary, be the official ballot title and such summary statement shall contain no more than fifty words, excluding articles. The title shall be a true and impartial statement of the purposes of the proposed measure in language neither intentionally argumentative nor likely to create prejudice either for or against the proposed measure.

3. The fiscal note summary approved by the general assembly shall contain no more than fifty words, excluding articles, which shall summarize the fiscal note prepared for the measure in language neither argumentative nor likely to create prejudice for or against the proposed measure.

(L. 1999 H.B. 676) Effective 6-16-99

**116.160. Summary statement to be provided by the secretary of state if summary not provided by general assembly—content.**—1. If the general assembly adopts a joint resolution proposing a constitutional amendment or a bill without a fiscal note summary, which is to be referred to a vote of

the people, after receipt of such resolution or bill the secretary of state shall promptly forward the resolution or bill to the state auditor. **116.175. Fiscal impact of proposed measure—fiscal note, fiscal note summary, requirements—return of fiscal note for revision, when.**—1. Except as provided in section 116.155, upon receipt from the secretary of state's office of any petition sample sheet, joint resolution or bill, the auditor shall assess the fiscal impact of the proposed measure. 3. The presence or absence of terms such as Jr. or Sr. following a name;

4. The use of only a first and middle initial provided that on either the petition or the voting rolls both initials can be determined from the name(s) given; and

5. A name change and the local election authority determines that the individual's signature on the petition and on the voter's registration record are sufficiently alike to identify the petition signer as the same person who is registered to vote; and

(B) They were registered to vote within the county named at the top of the petition page on the date the petition was signed.

(3) Voter addresses will be accepted if they meet one (1) or a combination of the following categories:

(C) The voter resides in the same residence as indicated on the voting rolls and the local election authority can determine that only the address designation has been changed by municipal or postal authorities;

(D) The address as listed on the petition was the voter’s registered address on the date the petition was signed;

(E) The address listed on the petition is different from the address on the voting rolls but within the county named at the top of the page, provided that the local election authority who maintains the registration record of such person shall compare and determine that the individual’s signatures on the petition and on the voter’s registration record are sufficiently alike to identify the petition signer as the same person who is registered to vote within the jurisdiction. If otherwise valid, the signature of an individual whose address is acceptable under this subsection (3)(E) shall be counted in the totals of the local election authority who has jurisdiction over the address listed on the petition; or

(F) The address listed on the petition is different from the address on the voting rolls but the voter was registered to vote within the county named at the top of the page on the date the petition was signed, provided that the local election authority who maintains the registration record of such person shall compare and determine that the individual’s signatures on the petition and on the voter’s registration record are sufficiently alike to identify the petition signer as the same person who was registered to vote within the jurisdiction on the date the petition was signed. If otherwise valid, the signature of an individual whose address is acceptable under this subsection (3)(F) shall be counted in the totals of the local election authority who has jurisdiction over the address named at the top of the petition page.

(5) In order for a name to be qualified to appear on the petition, there must be a valid voter name, address, and signature. NOTE: Failure of any other information is not a reason to fail to certify a name as being qualified.

(6) A voter's signature shall not be deemed invalid on the basis of source of registration. If otherwise valid, the signature of a person who registered to vote pursuant to the provisions of sections 115.159, 115.160, or 115.162, RSMo, shall be accepted as valid without respect to whether such person has previously voted in the jurisdiction or received a voter identification card, provided that each of the following must apply at the time of verification of the petition by the local election authority:

### **15 CSR 30-15.030 Initiative, Referendum, New Party, and Independent Candidate Petitions Missouri Voter Registration System and Other Computerized Processing Options**

*PURPOSE: The purpose of this rule is to clarify that local election authorities have the option to use the centralized Missouri Voter Registration System (MCVR) or a petition processing software program provided and maintained by the Office of the Secretary of State for initiative, referendum, new party, and independent candidate petition signature verification as allowed under Chapters 115 and 116, RSMo. MCVR is the official statewide voter registration list which was created and implemented as part of the Help America Vote Act of 2002. This system is maintained and administered by the Office of the Secretary of State and contains the name and registration information of every legally registered Missouri voter. It serves as the official voter registration list for the conduct of all elections in Missouri and allows local election authorities immediate real-time electronic access to the information contained in the system. Currently, local election authorities may use this system for petition signature verification as authorized by Chapter 115, RSMo. The secretary of state may make rules to ensure uniform, complete, and accurate checking of initiative and referendum petition signatures.*

(1) Each local election authority has the option for local petitions to comply with the requirements of 15 CSR 30-15.010 and 15 CSR 30-15.020 through the centralized Missouri Voter Registration System (MCVR).

(2) Each local election authority may comply with the requirements of 15 CSR 30-15.010 and 15 CSR 30-15.020 for statewide petitions, referendums, new party, and independent candidates filed with the secretary of state office through a petition processing software program maintained and administered by the secretary of state. Petition pages will be processed and annotated electronically. Each local election authority shall certify to the secretary of state by means of petition processing summary reports generated by the software program provided by the secretary of state the total of each category enumerated in 15 CSR 30-15.020(1) less the number of duplicate, but otherwise qualified, signatures in 15 CSR 30-15.020(2).

### SIGNING OF BILLS

The President Pro Tem announced that all other business would be suspended and **HB 1**, having passed both branches of the General Assembly, would be read at length by the Secretary, and, the objection notwithstanding, the bill would be signed by the President Pro Tem to the end that it may become law. The bill was so read by the Secretary and signed by the President Pro Tem.

### OBJECTIONS

Senator Beck submitted the following:

September 12, 2025

Kristina Martin  
Secretary of the Senate  
201 W. Capitol Avenue  
Jefferson City, MO 65101

#### CONSTITUTIONAL OBJECTION TO HB 1

Congressional redistricting is governed by Article III, Section 45 of the Missouri Constitution, which states: *"When the number of representatives to which the state is entitled in the House of the Congress of the United States under the census of 1950 and each census thereafter is certified to the governor, the general assembly shall by law divide the state into districts corresponding with the number of representatives to which it is entitled..."*

Article III, Section 45 has existed, unaltered, since the Constitution was adopted in 1945. The plain language of Article III, Section 45 mandates that the General Assembly draw new congressional districts every ten years, when the census is certified to the Governor. Under the plain language of Article III, Section 45, congressional redistricting may only occur in the period immediately following the certification of the census to the governor and may not occur again until the next census is completed and certified.

In Pearson v. Koster, the Missouri Supreme Court directly addressed the timing aspect of congressional redistricting, stating: *"Article III, Section 45...was triggered when the results of the 2010 United States Census revealed that...Missouri would lose one member of its delegation... It is the responsibility of the Missouri General Assembly to draw new congressional election districts. The new districts will take effect for the 2012 election and remain in place for the next decade or until a Census shows that the districts should change."*

The analysis above necessarily flows from the plain language of Article III, Section 45. The General Assembly is only authorized to draw new congressional districts when the census is certified to the governor, which only occurs once every ten years. The temporal limitation in Article III, Section 45 prohibits the General Assembly from enacting more than one map after the census data is released, but before new data is released.

Proponents of purely politically motivated mid-decade redistricting argue that the lack of express language prohibiting mid-decade redistricting means the General Assembly may redistrict whenever it sees fit. If the authors of the 1945 Constitution had wanted to grant the General Assembly authority to redraw congressional lines *"from time to time,"* they would have included such authority. Instead the language they used is clear that congressional redistricting may only occur when new census data is available.

*Journal of the Senate*

31

Article III, Section 45 specifies when congressional redistricting may take place. To hold otherwise would grant the General Assembly plenary power to engage in the legislative act of redistricting whenever it pleased. The only possible purpose of inserting this timing component is to establish that it is the sole time when such power may be exercised, meaning the timing for the General Assembly to draw congressional districts is limited.

Other states have interpreted provisions similar to Article III, Section 45 of the Missouri Constitution to prohibit mid-decade redistricting. In 2003, the Supreme Court of Colorado held in Salazar v. Davidson that its similarly worded constitutional provisions did not permit mid-decade congressional redistricting. Like Article III, Section 45 of the Missouri Constitution, the Constitution of Colorado states that its legislature shall redistrict when "*a new apportionment shall be made by Congress*" and the court ruled that there is no language empowering the General Assembly to redistrict more frequently or at any other time.

The plain language of the Missouri Constitution and the Missouri Supreme Court's precedent make clear that mid-decade congressional redistricting is prohibited. Any attempt at mid-decade congressional redistricting will draw substantial legal challenges which will succeed and invalidate this ill-conceived, politically motivated attempt to re-draw Congressional maps.

Further, Article III, Section 20, of the Missouri Constitution requires a quorum for either legislative body to "*conduct business.*" The Missouri House, when First Reading and Second Reading this bill, did not meet this requirement. A quorum was not present. Article III, Section 21 of the Missouri Constitution requires every bill be read by title on three different days in each house of the General Assembly before it can pass and become a law. Complying with this provision certainly constitutes "*conducting business.*"

Further, the Missouri Senate violated its own rules multiple times in its haste to pass this unconstitutional Gerrymandered Congressional map. One such example occurred on Wednesday, September 10, 2025. Before the Senate had adopted any rules governing the body for the Extra Session, the majority employed a provision, the previous question, to force a vote, despite the fact that no rules containing the authority to move the previous question had been adopted. When Senator Webber made a point of order on this subject, the Pro Tem ruled that the US Senate Rules were the rules temporarily governing the body, for which there was no reason or logic. Even if utilizing the US Senate rules at the beginning of the session is correct, (it is not), the US Senate Rules would not authorize a previous question motion since the US Senate Rules do not contain a previous question provision. Another example of the Missouri Senate violating its own rules occurred on September 11, 2025, when the minority was denied the ability to appeal an incorrect ruling of the chair, despite the fact that Rule 10 (of the majority's "new" rules) explicitly states that "*all rulings on points of order shall be subject to an appeal to the senate.*"

For the reasons listed above, and many others, I object to this unconstitutional legislation.

Senate Minority Leader,

Doug Beck

Re: Submission of Referendum Petitions on House Bill No. 1 (103rd General Assembly, 2nd Extraordinary Session)

Dear Mr. von Glahn:

The Office of the Secretary of State acknowledges receipt of the referendum petitions you submitted today seeking to refer House Bill No. 1 (103rd General Assembly, 2nd Extraordinary Session) to a vote of the people.

Under Article III, § 49 of the Missouri Constitution, the people reserve the power to “approve or reject by referendum any act of the general assembly.” Article III, § 31 provides that a bill passed by the General Assembly becomes law only when (1) the Governor signs it, (2) the Governor takes no action within the constitutionally prescribed time and it becomes law without signature, or (3) the Governor’s veto is overridden by both chambers.

House Bill No. 1 has been truly agreed to and finally passed by the General Assembly, but it has not yet been signed by the Governor or otherwise taken effect as law. Because it is not yet a “law” or “act of the general assembly” within the meaning of Article III, §§ 49 and 52(a), it is not currently subject to referendum. Accordingly, the petitions submitted today cannot be accepted for processing.

Re: Submission of Referendum Petitions on House Bill No. 1 (103rd General Assembly, 2nd Extraordinary Session)

Dear Mr. von Glahn:

This letter serves to clarify and supersede the Secretary of State's prior correspondence dated September 12, 2025, concerning your submission of referendum petition sheets relating to House Bill No. 1.

Pursuant to § 116.332, RSMo, when a referendum petition sample sheet is submitted to the Secretary of State, the Secretary is required to refer a copy to the Attorney General for review of legal sufficiency as to form and to the State Auditor for preparation of a fiscal note and fiscal note summary. Only after the Attorney General has rendered an opinion on legal sufficiency and the Secretary of State has reviewed those comments can this office make a final determination regarding the approval or rejection of the form of the petition.

Because that statutory review process is still pending, the Secretary of State has not yet made a final determination whether your referendum petition may be accepted for processing or circulation. Your submission has been formally transmitted to the Attorney General in accordance with § 116.332, and the statutory timeline for review is now running. Upon receipt of the Attorney General's opinion and completion of the required review, this office will issue a written decision either approving the form of the petition for circulation or rejecting it with stated reasons.

For clarity, this letter is the operative response from the Secretary of State regarding your submission, and any prior correspondence should be regarded as superseded. The Secretary of State will continue to follow the process set forth in Chapter 116, RSMo, and will notify you promptly upon making a final determination as to the approval or rejection of the petition form. Please contact the Elections Division at (573) 751-2301 if you have any questions regarding this process.

Sincerely,

Elections Division

## AMENDING A COMMITTEE'S INFORMATION

To amend a committee's *Statement of Committee Organization*:

- Complete **Step 1: Statement Information**. Mark the form as **Amended**, enter the committee's **MECID**, and list any amended sections.
- You do not need to complete the entire form. Simply complete any sections that need to be updated.
- Complete **Step 9: Signatures and Certifications**. The amended *Statement of Committee Organization* must always be signed by the committee's treasurer. If the committee is a candidate committee, the candidate must also sign the amended statement.
- Submit to the MEC via mail, email, fax, or hand-delivery (see contact information at the bottom of this page).

## REGISTERING A LOCAL CAMPAIGN COMMITTEE (supporting or opposing a local ballot measure)

To register a local campaign committee to support or oppose a ballot measure at the local level, complete the *Statement of Committee Organization*. Print, sign, and deliver the form to your local election authority. Your committee will then file campaign finance reports on paper forms with your local election authority.

If your local campaign committee would prefer to file electronic campaign finance reports, you must complete both the *Statement of Committee Organization* and the *Electronic Filing Agreement* and submit to the Missouri Ethics Commission. From that point forward, the committee does not need to file paper reports with the local election authority. All reports will be filed electronically with the Missouri Ethics Commission.

Re: Submission of Referendum Petitions on House Bill No. 1 (103rd General Assembly, 2nd Extraordinary Session)

Dear Mr. von Glahn:

This letter acknowledges receipt of the additional referendum petition you submitted today regarding House Bill No. 1 (103rd General Assembly, 2nd Extraordinary Session).

Consistent with the Secretary of State's prior correspondence, this petition is being treated as a new and independent submission under § 116.332, RSMo. In accordance with that statute, this office has referred the petition to the Attorney General for review of legal sufficiency as to form and to the State Auditor for preparation of a fiscal note and fiscal note summary.

While we are in receipt of this petition, please be advised that the Secretary of State has not yet made a final determination whether your referendum petition may be accepted for processing or circulation. The statutory review process is still pending. Once the Attorney General's opinion and the Auditor's fiscal note are received and reviewed, this office will issue a written decision either approving the form of the petition for circulation or rejecting it with stated reasons.

This letter should be read in conjunction with our previous correspondence, which remains in effect and reflects the operative position of this office on the process required by law. You will be notified promptly when a final determination regarding the approval or rejection of this petition form is made.

If you have any questions about the status of this submission or the statutory process, please contact the Elections Division at (573) 751-2301.

Sincerely,

Elections Division

Re: House Bill 1 Referendum Petition

Dear Attorney General Hanaway and Secretary Hoskins:

I represent People Not Politicians, the campaign behind the referendum on House Bill 1, and Richard von Glahn, the proponent of the referendum. I write today to address the Secretary's recent correspondence with Mr. von Glahn concerning the referendum.

As you know, the people of the State of Missouri reserved to themselves the power to "approve or reject by referendum any act of the general assembly[.]" Mo. Const. art. III, §49. My clients filed paperwork over the last few days to exercise that right and they are prepared to protect that right in court. We hope to avoid a court dispute by reviewing the law in this area. My clients feel confident that the paperwork they have submitted to the Secretary meets all statutory requirements and must be approved as to form.

The Secretary's correspondence to us on Friday indicated that the Secretary would not process the referendum paperwork. Later, the Secretary appears to have wisely reversed course and agreed to process the filings. But the Secretary's recent correspondence appears to hold open the possibility that the recent filings will be rejected on a theory not supported by the law.

### **I. Administrative Delays May Not Be Used to Hinder the People's Right to Referendum**

To effectuate the referendum power, a proponent has "ninety days after the final adjournment of the session of the general assembly which passed the bill on which the referendum is demanded" to collect the requisite number of signatures to place the referendum question on the ballot. *See* Mo. Const. art. III, §52(a). Considering this short window to collect signatures, the Court of Appeals has recognized that "delays in the State's performance of its obligations in the pre-signature collection stage of the referendum process can have the practical effect of foreclosing meaningful exercise of the power of referendum." *American Civil Liberties Union of Missouri v. Ashcroft*, 577 S.W.3d 881, 890 (Mo. App. 2019).

Neither of you may do anything to foreclose the meaningful exercise of my clients' right to a referendum. The Courts "zealously guard the powers reserved by the people in the Missouri Constitution." *Id.* at 893 (cleaned up). We expect that your offices will do the same.

## II. Review and Approval of the Form of a Referendum Petition is Limited in Scope

On September 12, the Secretary sent Mr. von Glahn a letter stating that his office could not accept Mr. von Glahn's referendum petition for processing because there can be no referendum on a bill which has not been signed by the Governor. Although this letter was purportedly superseded by later letters, the Secretary has not specifically disavowed that prior position. Instead, that correspondence appears to indicate the Secretary will rely on the Attorney General to advise on the form of the initiative. In that process you should both disavow the initial, incorrect, position in the September 12 letter. The concern raised in that letter is not a matter of form under section 116.332.

This is not a new issue nor a difficult analysis. The Court of Appeals considered the question of what constitutes the form of a referendum petition in the 2019 case *American Civil Liberties Union of Missouri v. Ashcroft*. The form is limited to what is described in section 116.030—"it addresses the required form of a referendum petition sample sheet, and includes an exemplar form." 577 S.W.3d at 890. If that form "is followed substantially and the requirements of section 116.050 and section 116.080 are met, it shall be sufficient, disregarding clerical and merely technical errors." *Id.* (cleaned up); §116.030, RSMo.

Thus, the Court concluded, section 116.332's requirement of "sufficiency as to form" refers to "whether a sample sheet is in substantially the form required by section 116.030." *Id.* This precludes any review as to "matters of substance, including constitutional compliance." *Id.* at 891. In other words, the Courts have already rejected any consideration of whether my clients are entitled to *proceed* with a referendum. The only issue here is whether their *paperwork* is in the right form.

The issue raised in the Secretary's initial letter may be raised later. But the Secretary's authority to review a referendum petition for compliance with the Constitution and chapter 116 is not triggered until signatures are submitted by the referendum proponent. "[I]n sharp contrast to the qualified authority extended to the secretary of state in section 116.332 to review a sample sheet for sufficiency as to form, section 116.120 authorizes the secretary of state to review a submitted referendum to determine compliance with the Constitution of Missouri and the provisions of chapter 116." *Id.* at 892.

This bifurcated process "prevents the people's reserved referendum power from being summarily and effectively foreclosed at the pre-signature collection stage by a sufficiency determination that extends beyond the simple form of the sample sheet." *Id.* at 892-93. Adopting the Secretary's initial position would foreclose my clients' rights at this stage.

Although we disagree (as discussed below) that a referendum cannot be sought on a bill which has not been signed by the governor, now is not the time for either of you to consider that question. Instead, it is a constitutional question which may not be addressed during your section 116.332 review. That review is explicitly limited to compliance with the form in 116.030. As such, we expect your offices will expeditiously conduct a review of the form of the submitted referendum petition and if it substantially complies with 116.030—it does, the Secretary will approve the referendum petition as to form.

### **III. The People of Missouri Have a Right to the Referendum Prior to the Governor's Signature on Legislation**

As discussed above, the question of whether a referendum may be had on a bill before it has been officially signed by the governor is a question for another day. But because the analysis is easily answered, we address it here. Lack of the Governor's signature is not a reason to invalidate a referendum or to reject signatures which were gathered prior to the governor signing House Bill 1.

Article III, Section 49 authorizes the people to "approve or reject by referendum any *act of the general assembly*, except as hereinafter provided." (emphasis added). This is in contrast to the power to "propose and enact or reject *laws and amendments* to the constitution by the initiative, independent of the general assembly[.]" Mo. Const. art. III, §49 (emphasis added). An "act of the general assembly" is synonymous with a "bill," which is how the act is referred to in Article III, Section 52(a). *See* Mo. Const. art. III, §52(a) ("Referendum petitions shall be filed with the secretary of state not more than ninety days after the final adjournment of the session of the general assembly which passed the bill on which the referendum demanded.").

The Constitution uses two different words to describe what voters would be asked to consider when signing and voting on initiative petitions and referenda. When different terms are used in different provisions of the Constitution, the people "intended the terms to have different meaning and effect." *See* 577 S.W.3d at 892. A bill is an "act of the general assembly" (in fact, that's what the legislature says House Bill 1 is—it's right there at the top), regardless of the governor's signature. The Constitution authorizes and allows the people to begin to exercise their referendum rights prior to the governor signing legislation.

This also makes sense when considering the time frame for gathering signatures. Signatures must be gathered in a 90-day window beginning on the day the general assembly adjourns. That 90-day window corresponds to the time between adjournment and when the bill would be enacted as law (if the governor signs). Mo. Const. art. III, § 29. Thus, the Constitution does not require nor expect that the governor's signature is a starting point for signature gathering; instead, it is the adjournment of the legislative session.

The law is clear that neither of you may consider whether a referendum is appropriate at this time. Instead, you must simply review the form for technical compliance with the statute. Rejecting the referendum in contravention of current law would be evidence of an intentional action to deny my clients their First Amendment rights, which are protected by both state and federal law. The people are entitled to exercise their right to the referendum without interference and undue delay from your offices. Please let me know if you would like to discuss anything in this letter further. Otherwise, we await your approval as to the form of the proposed referendum.

RE: Rejection of first proposed referendum petition

Dear Mr. von Glahn:

Please be advised that the Secretary of State's office, pursuant to Section 116.332.4, RSMo, has rejected the form of your petition that was submitted to this office on September 12, 2025, following the Attorney General's recommendation. A copy of the Attorney General's Opinion Letter, 302-2025, is enclosed for your records.

In her Opinion Letter, the Attorney General stated one reason for the recommended rejection as to form. After reviewing the Attorney General's Opinion Letter, this office has determined that the sample petition sheet you submitted was insufficient as to form for the following reason:

The petition is not in the form prescribed by Section 116.030, RSMo.

For specific details as to this insufficiency in form, you may consult the enclosed Opinion Letter. Should you have any questions regarding this matter, please feel free to contact this office at (573) 751-2301 or (800) 669-8683.

OPINION LETTER NO. 302-2025

The Honorable Denny Hoskins, CPA  
Missouri Secretary of State  
James C. Kirkpatrick State Information Center  
600 West Main Street  
Jefferson City, MO 65101

Dear Secretary Hoskins:

This opinion letter responds to your request dated September 14, 2025 for our review under § 116.332, RSMo, of the sufficiency as to form of a referendum submitted on September 12, 2025 by Richard von Glahn, version 1 (2026-R001).

We conclude that the petition must be rejected as insufficient as to form, because the petition is not in the form prescribed by § 116.030, RSMo. Among the requirements to form contained in § 116.030, RSMo, is the requirement that the referendum petition be submitted “on any law” passed by the General Assembly. This requirement is reiterated in § 116.050, which provides, among other things, that the form of referendum petitions must “conform to the provisions of . . . Article III, Section 50 of the Constitution.” Article III, Section 50 allows only for either initiative petitions or referendum petitions on “laws” passed by the State of Missouri.

The referendum petition sample sheet purports to collect signatures for a referendum on House Bill No. 1 of the 103rd General Assembly, 2nd Extraordinary Session (“HB 1”). Article III, Section 31 of the Missouri Constitution provides, however, that a bill passed by the Missouri House of Representatives and Senate does not become “a law” until it is either “approved by the governor” or until the bill is not “returned by the governor within the time limits prescribed by this section.” HB 1 has not been signed by Governor Kehoe.

OP-2025-322

The Honorable Denny Hoskins, CPA

Nor has time to return HB 1 expired. Article III, Section 31 makes clear that, because neither of these events have occurred, HB 1 is not currently a “law” under the Constitution and laws of Missouri. Consequently, the submitted referendum petition does not comply with the requirement to form that it refer to a “law” that the petition is seeking a referendum on, and it must therefore be rejected as insufficient to form.

Because of our rejection of the form of the petition for the reasons stated above, we have not reviewed the petition to determine whether additional deficiencies exist. Pursuant to § 116.332.4, RSMo, the Secretary of State is authorized to review this opinion and “make a final decision as to the approval or rejection of the form of the petition.”

RE: Approval as to form of referendum petition regarding House Bill No. 1 (103<sup>rd</sup> General Assembly, 2<sup>nd</sup> Extraordinary Session) (2026-R004)

Dear Mr. von Glahn:

Please be advised that the Secretary of State, pursuant to Section 116.332.4, RSMo, has approved the form of your submitted referendum petition. This approval signifies that the petition complies with the technical requirements of Chapter 116 governing petition format, page layout, and affidavit language. A copy of the Attorney General's letter approving form is enclosed for your records.

Please note, however, that this approval is limited to form only. Under Sections 116.120 and 116.332, RSMo, and the Missouri Supreme Court's decision in *No Bans on Choice v. Ashcroft*, 638 S.W.3d 484 (Mo. banc 2022), the Secretary of State has an ongoing duty to ensure that referendum petitions comply with the constitutional and statutory prerequisites set forth in Article III, Sections 49 and 52(a) of the Missouri Constitution and Chapter 116.

Consistent with *No Bans on Choice*, proponents may begin circulating a referendum petition for signatures immediately upon approval as to form. However, after circulation and upon submission of signatures, the Secretary of State must examine the petition to determine whether it "complies with the Constitution and with this chapter." § 116.120.1, RSMo. If statutory or constitutional deficiencies become apparent during verification or before certification—such as failure to meet signature thresholds, improper timing under Article III, Section 52(a), or defects affecting the validity of the referendum—the Secretary may decline to certify the petition for placement on the ballot. Any such determination remains subject to judicial review.

Should you have any questions regarding this matter, please contact our office at (573) 751-2301 or (800) 669-8683.

Sincerely,

A handwritten signature in blue ink, appearing to read "Chris Kirkpatrick".

OPINION LETTER NO. 314-2025

The Honorable Denny Hoskins, CPA  
Missouri Secretary of State  
James C. Kirkpatrick State Information Center  
600 West Main Street  
Jefferson City, MO 65101

Dear Secretary Hoskins:

This opinion letter responds to your request dated September 29, 2025, for our review under § 116.332, RSMo, of the sufficiency as to form of a referendum petition for House Bill No. 1 (103<sup>rd</sup> General Assembly, 2<sup>nd</sup> Extraordinary Session) submitted by Richard von Glahn, version 4 (2026-R004).

We approve the petition as to form, but § 116.332 gives the Secretary of State final authority to approve or reject the petition. Therefore, our approval of the form of the petition does not preclude you from rejecting the petition.

Because our review of the petition is simply for the purpose of determining sufficiency as to form, the fact that we do not reject the petition is not to be construed as a determination that the petition is sufficient as to substance. Likewise, because our review is mandated by statute, no action that we take with respect to such review should be construed as an endorsement of the petition or of the objectives of its proponents, or the expression of any view respecting the adequacy or inadequacy of the petition generally.

Very truly yours,

  
CATHERINE L. HANAWAY  
Attorney General

FOR IMMEDIATE RELEASE

October 15, 2025

## **Secretary of State Approves Redistricting Referendum for Circulation**

Missouri Secretary of State Denny Hoskins announced that a referendum petition seeking to repeal recently enacted redistricting legislation has been approved for circulation.

The Secretary's approval authorizes the sponsor to begin collecting signatures from registered Missouri voters. Under Missouri law, no signatures gathered before this approval date are valid, and doing so constitutes a misdemeanor election offense.

"The process is clear," said Secretary Hoskins. "Every Missourian deserves confidence that ballot measures follow the law — not out-of-state agendas or confusion campaigns. Missouri values fairness and integrity, and this process reflects that."

The referendum, submitted under 2026-R004, seeks to refer to voters a bill passed during the 2025 Second Extraordinary Special Session of the Missouri General Assembly. The full text of the measure, the official ballot title, and the approved circulator instructions are available on the Secretary of State's website at [www.sos.mo.gov/elections/petitions](http://www.sos.mo.gov/elections/petitions).

To qualify for the November 2026 general election ballot, proponents must collect signatures from at least 5% of registered voters in six of Missouri's eight congressional districts by the statutory deadline.

"This office remains committed to transparency, accuracy, and protecting Missouri voters' trust in the democratic process," Hoskins said.

The approval packet has been attached for reference.

**FOR IMMEDIATE RELEASE**

**Statement from Secretary of State Denny Hoskins Regarding Referendum Petitions**

"Our office's duty is to uphold both the Constitution and the statutes that protect the integrity of Missouri's elections," said Secretary Hoskins. "We will continue to defend every citizen's right to petition their government—while also ensuring that those who deliberately commit fraud or forgery in the process are held accountable. Allowing out-of-state individuals to abuse the process and cheat undermines Missouri citizen's power in our political process."

The right of Missourians to speak freely and to petition their government is fundamental. Merely advocating for or discussing a referendum, or engaging with others about potential ballot issues, is not a crime and never has been. Nor is seeking signatures before the proposed referendum is approved as to form—even if those signatures cannot be counted due to noncompliance with statutory rules. The Secretary of State fully supports Missourians' constitutional rights to express their opinions and to organize around issues of public concern.

Recent statements from the Office have focused not on restricting that right, but on reminding the public of the specific criminal offenses that may occur during the signature-gathering phase of a referendum petition once circulation begins under Missouri law.

Those offenses—defined in Chapters 115 and 116 of the Missouri Revised Statutes—include:

- Signing a petition using any name other than one's own;
- Knowingly signing more than once for the same measure or election;
- Signing a petition while not a registered Missouri voter;
- Falsifying or forging signatures;
- Submitting petition sheets known to contain false or invalid signatures;
- Accepting or offering money or anything of value in exchange for a signature;
- Falsely swearing to a circulator's affidavit or notarization; and
- Knowingly filing false withdrawal or affidavit statements.

"Every Missourian has the right to advocate, sign, and participate—but no one has the right to cheat," Hoskins said. "If any citizen witnesses violations of these laws in the field, they can report them at: [https://www.sos.mo.gov/elections/elections\\_integrity](https://www.sos.mo.gov/elections/elections_integrity)."

Each of these actions is a violation of state election law and may carry criminal penalties. The following table summarizes the applicable statutes and classifications:

Statute	Offense	Class / Penalty
§ 116.030 / .040	False or multiple signatures on petition	Class A Misdemeanor

Statute	Offense	Class / Penalty
§ 116.080	False circulator affidavit / forgery history	Class A Misdemeanor
§ 116.090	Petition signature fraud (false names, forged sheets, payments)	Class A Misdemeanor
§ 116.110	False signature-withdrawal statement	Class A Misdemeanor
§§ 115.631 – 115.637	False oath, bribery, intimidation, or election fraud (acts connected with suffrage)	Class One – Class Three Election Offense (Felony to Misdemeanor depending on conduct)
§ 115.639	Interfering with an employee's right to vote (three hours off work)	Class Four Election Offense (Misdemeanor)

The Secretary emphasized that transparency, accuracy, and lawful participation remain the guiding principles of the referendum and initiative processes.

If any Missouri citizen witnesses potential violations of these laws in the field, they are encouraged to report them at [www.sos.mo.gov/elections/elections\\_integrity](http://www.sos.mo.gov/elections/elections_integrity).
