This doesn't work for us. We are going to need more than this to show a record to support whatever the judgment ends up being. The secretary has denied that my client has standing, has affirmatively denied our allegations about the referendum, and many other things that would make this order unsupported by the record. I want to make sure that we have a very clear record on the secretaries positions here. I will try to suggest language but might not get to it before court tomorrow. We can work through it in court if nothing else.

Thanks for the call. As I mentioned, we object to the Court taking any action at the request of Defendants unless we have proper notice of your request. We would be happy to discuss anything you think is needed in this case and see if we can reach agreement.
