**CIVIL ACTION NO.
3:22-cv-734-DPJ-HSO-LHS**

DECLARATION OF WILLIAM S. COOPER REGARDING REMEDIAL PLANS

WILLIAM S. COOPER, acting in accordance with 28 U.S.C. § 1746, Federal Rule of Civil Procedure 26(a)(2)(B), and Federal Rules of Evidence 702 and 703, does hereby declare and say:

I. INTRODUCTION

A. Redistricting Experience

1. My name is William S. Cooper. I have a B.A. in Economics from Davidson College. As a private consultant, I was retained as a demographic and redistricting expert for the Plaintiffs. I am compensated at a rate of \$150 per hour, and my compensation is not contingent on the outcome of this litigation. I reserve the right to continue to amend or supplement my reports, including in light of additional facts, testimony, and/or materials that may come to light over the course of the discovery period in this case.

2. I submitted a Declaration dated August 28, 2023 in this matter that included trial-stage illustrative districting plans for the Mississippi Senate and House as well as demographic and geographic analysis, which I understand was marked and admitted as Plaintiffs' Exhibit 1 (PTX-001). I also testified at trial in this matter on February 26, 2024. My prior report (including Exhibit A thereto) and testimony discussed my previous experience in redistricting matters. I incorporate my prior report and testimony here by reference.

3. Since my testimony in this case, I have testified in federal court on redistricting and demographics in *White v. State Board of Election Commissioners*, No. 22-cv-62 (N.D. Miss.), *McClure v. Jefferson County*, Case No. 2:23-cv-00443-MHH) and *Milligan v. Allen* (case No. 2:21-cv-1530-AMM) on behalf of the Caster plaintiffs (*Caster v. Merrill*, No. 21-1356-AMM

(N.D. Ala.). Four of the five active statewide redistricting cases listed in my 2023 declaration are still active.

4. In September 2024, a state court in Washington ordered into place a remedial plan I developed on behalf of the plaintiffs in Sunnyside School District in Yakima County, WA (*Empowering Latina Leadership and Action (ELLA) v. Sunnyside School District*) under the Washington Voting Rights Act.

5. Since November 2024, I have served as a redistricting consultant to the Holbrook United School District 3 in Navajo County Arizona. A new redistricting plan (developed by the Navajo Nation with my technical input) was adopted by the HUSD 3 School Board on March 4, 2025 – curing a decades-long malapportionment and vote dilution issue with respect to election district boundaries.

6. I currently serve as a redistricting consultant to a broad-based coalition of voters in Baltimore County, Maryland as the County Council transitions from a seven single-member district plan to a nine single-member district plan. An initial illustrative plan that I prepared for public review was delivered to the Baltimore County Council on March 6, 2025.

B. Report Background

7. In light of this Court’s ruling on July 2, 2024, the Mississippi Legislature enacted new legislative plans on or about March 7, 2025. I have examined those plans, which I refer to as the 2025 Senate Plan and the 2025 House Plan. The Legislature’s 2025 Senate Plan modifies 10 of the 52 Senate districts under the 2022 Plan (5 in the DeSoto County area and 5 in the

Hattiesburg area). The 2025 House modifies 5 of the 122 House districts under the 2022 Plan, all in the area in and around Chickasaw and Monroe Counties.

8. The attorneys for the Plaintiffs in this case asked me to develop alternative remedial plans for the Senate that would change only six Senate districts in the larger DeSoto County area (the same five changed by the Legislature plus Senate District 12) and remedial plans for the House that would change the same five House Districts in the central part of the state that were modified under the 2025 House Plan. The attorneys for the Plaintiffs did not ask me to develop proposed remedial plans for the Senate in the Hattiesburg area, and therefore both of the alternative remedial Senate plans described here simply incorporate the 2025 Senate Plan's configuration of that area.

9. With respect to the 2025 Senate Plan, the Plaintiffs' attorneys asked me to redraw 2025 SDs 1, 2, 10, 11, 12, and 19 in north Mississippi. The geography encompassed by these six Senate districts includes all or parts of the Counties of Coahoma, Tunica, Desoto, Quitman, Tate, Panola, Lafayette, and Marshall (clockwise).

10. Changes to Senate District 12 are relatively minor in the plaintiffs' proposed remedial plans – affecting only a few precincts in the northeastern part of Coahoma County in and around Clarksdale.

11. With respect to the 2025 House Plan, the Plaintiffs' attorneys asked me to redraw 2025 HDs 16, 22, 36, 39, and 41 in central Mississippi. The geography encompassed by these five

House districts includes all or parts of the Counties of Chickasaw, Pontotoc, Lee, Monroe, Lowndes, Clay, and Oktibbeha (clockwise).

12. In redrawing these areas and developing Plaintiffs’ alternative remedial plans, I sought to create an additional Black-majority district in each of the areas at issue to remedy vote dilution while adhering to the extent possible with traditional districting principles such as compactness, minimizing splits of counties and precincts where possible, and respecting communities of interest. I tried where possible to minimize changes to the lines as compared to the 2025 Senate and House Plans. I also tried to (and did) avoid pairing any incumbents except as needed to correspond to the Legislature’s decisions on how to treat incumbent legislators in a given area of the 2025 Plans.

13. I relied on the same data sources and methodology that I described in Exhibit B of my August 28, 2023 Declaration. Briefly, I used the *Maptitude for Redistricting* software program as well as data and shapefiles from the U.S. Census Bureau and the Mississippi Automated Resource Information System or “MARIS.” I also relied on a partial list of home addresses of legislators as of August 2023 provided by the State Defendants, which I understand was further update with new incumbent information after the 2023 election.

14. In addition, and given the short 7-day time frame, I relied on assistance from two members of the national ACLU Analytics team.

15. I developed two proposed remedial plans for the Senate – Plaintiffs’ Senate Plan A and Plaintiffs’ Senate Plan B. As noted above, both of these plans would modify the six districts (2025 SDs 1, 2, 10, 11, and 19, all of which are modified in the 2025 Senate Plan, plus Senate

District 12 anchored in the Delta south of the DeSoto County area). The remaining 46 Senate Districts (82%) are unchanged from the 2025 Senate Plan (and from the 2022 Enacted Plan).

16. The expansion from five district changes to six districts changes as compared to the 2025 Senate Plan facilitates the creation of an additional majority-Black district with a population base in DeSoto County area while adhering to traditional districting principles and maintaining the viability of the existing Black-majority districts based in the Delta. I am aware from my prior work in Mississippi, including the *Thomas v. Reeves* case, which involved a State Senate district in the southern part of the Delta, that especially in the Delta area a district may result in the dilution Black voting strength even where it is numerically greater than 50% BVAP.

17. I also developed two proposed remedial plans for the House – Plaintiffs’ House Plan A and Plaintiffs House Plan B.

18. Plaintiffs’ House Plan A would modify seven districts as drawn under the 2025 House Plan. Plaintiffs’ House Plan A would not change 92% of the districts (115 of the 122 districts) in the 2025 House Plan (and the 2022 Enacted Plan). The expansion from five district changes to seven districts changes as compared to the 2025 House Plan allows for a closer alignment with the *Gingles I* majority-Black district presented in my testimony in this lawsuit and greater adherence to traditional districting principles while ensuring a viable remedy for vote dilution.

19. Plaintiffs’ House Plan B would modify only the same five districts that are altered in the 2025 House Plan. Thus, Plaintiffs House Plan B would not change 96% of the districts (117 of the 122 districts) in the 2025 House Plan (and the 2022 Enacted Plan).

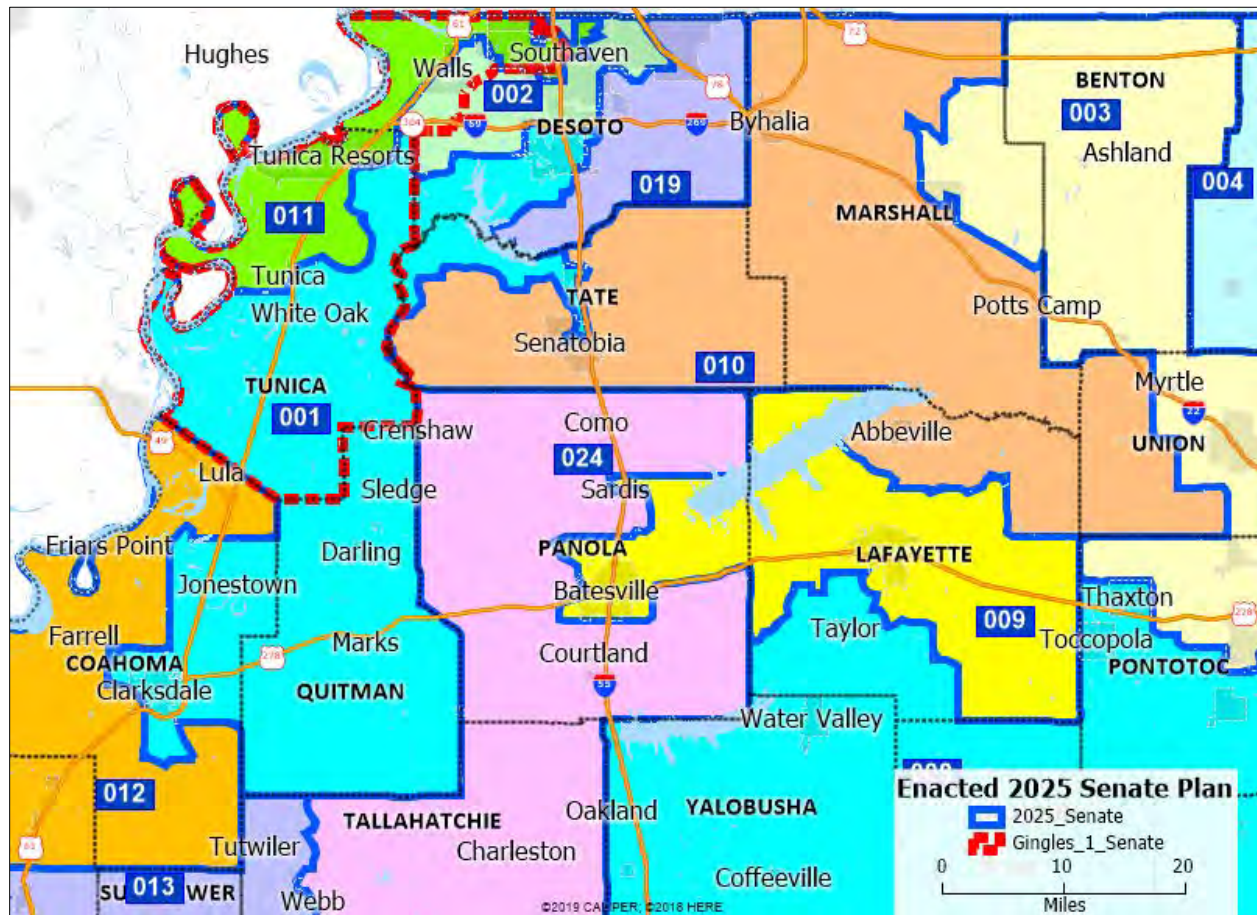

20. In the rest of my report, I provide description and analysis of Plaintiffs' alternative remedial Senate and House Plans, including by comparing those plans to the Legislature's 2025 Senate and House Plans.

II. PLAINTIFFS' REMEDIAL SENATE PLANS

A. 2025 Senate Plan Background

21. Under the 2025 Senate Plan, a new majority-Black district (numbered SD 11 in that plan) is drawn in DeSoto and Tunica Counties.

22. As shown in **Figure 1**, the 2025 Senate Plan modifies five districts in north Mississippi as compared to the 2022 Senate Plan. In the 2022 Senate Plan, there had been one majority-Black district in this area, 2022 SD 11, which had extended from a few suburban precincts in DeSoto County into the Delta area in Tunica, Quitman, Coahoma Counties as well as western Tate County, with a BVAP greater than 60% (62.4%). This North Delta-based district, which is renumbered SD 1 in the 2025 Senate Plan, is substantially affected, with its BVAP dropping by approximately 10 points, as described in further detail below.

Figure 1: Enacted 2025 Senate Plan

23. Dashed red lines demarcate the *Gingles 1* illustrative district described in my testimony in this lawsuit (July 28, 2023 Declaration and February 2024 trial).

24. The table in **Figure 2** breaks out population statistics for the five districts in the 2025 Senate Plan that are changed from the Enacted 2022 Senate Plan. **Exhibit A** is a Maptitude-generated document that reports population statistics for all 52 Senate districts.

Figure 2: 2025 Senate Plan – Districts Modified from 2022 Senate

District	Population	Deviation	% Deviation	% 18+ Pop	% 18+ AP Black	% 18+ Latino	% 18+ NH White
1	54120	-2828	-4.97%	40311	52.46%	1.99%	43.44%
2	58801	1853	3.25%	44611	25.03%	4.58%	65.66%
10	57208	260	0.46%	44981	29.28%	3.13%	65.62%
11	54121	-2827	-4.96%	39895	50.92%	5.87%	39.82%
19	54387	-2561	-4.50%	42273	65.16%	3.03%	30.81%

25. As noted, under the 2022 Plan, North-Delta-based majority-Black SD 11 (represented by Senator Reginald Jackson) encompassed a voting age population that was 62.4% BVAP. Under the 2025 Senate Plan, the BVAP in North-Delta-based majority-Black SD 1 (represented by Senator Jackson) drops by 10 percentage points to 52.46% as the district is reconfigured to join portions of some or all of majority-Black Delta Counties (Quitman, Coahoma, and Tunica) as well as predominantly Black areas in western Tate County with heavily White areas and densely populated in southern DeSoto County around the City of Hernando. A district components analysis of SD 1 under the 2025 Senate Plan shows that the DeSoto County portion of the district, which is 33.87% of the total voting age population of the district, is 80.19% White. Another 51.88% of the total voting age population is drawn from the Delta counties of Tunica, Quitman, and Coahoma, much of which are rural. That segment of the district's population is 78.09% Black.

26. Under the 2025 Senate Plan, SD 1 pairs Senator Jackson, who lives in Quitman County, with Senator Michael McLendon, who lives in Hernando in DeSoto County.

27. In my opinion and based on my experience, a 52.46% BVAP in SD 1 is highly problematic given the sharp Black-White socioeconomic disparities in the Delta, which are more

profound than anywhere else in rural America (with the possible exception of areas encompassing Indigenous reservations in the West).

28. I served as an expert witness in redistricting and demographics in *Thomas v. Reeves*, No. 18-cv-441 (S.D. Miss. 2019), a Voting Rights Act case which resulted in the revision of Mississippi State Senate District lines in the Mississippi Delta – from the challenged majority-Black Senate district with a 2010 BVAP of 50.77% to a state-drawn remedial district with a 2010 BVAP of 58.46%.

29. To underscore my point about disparities, I have produced a set of tables and charts contrasting Black and White socioeconomic characteristics that I prepared from the 2019-2023 5-Year American Community Survey (published by the U.S. Census Bureau in December 2024).

Appendix A-1 contains socio-economic comparisons for the five counties encompassed (in whole or in part) by Enacted 2025 SD 1 and SD 11. **Appendix A-2** contains identical socio-economic comparisons for municipalities (in whole or in part) encompassed by 2025 SD 1 and SD 11.

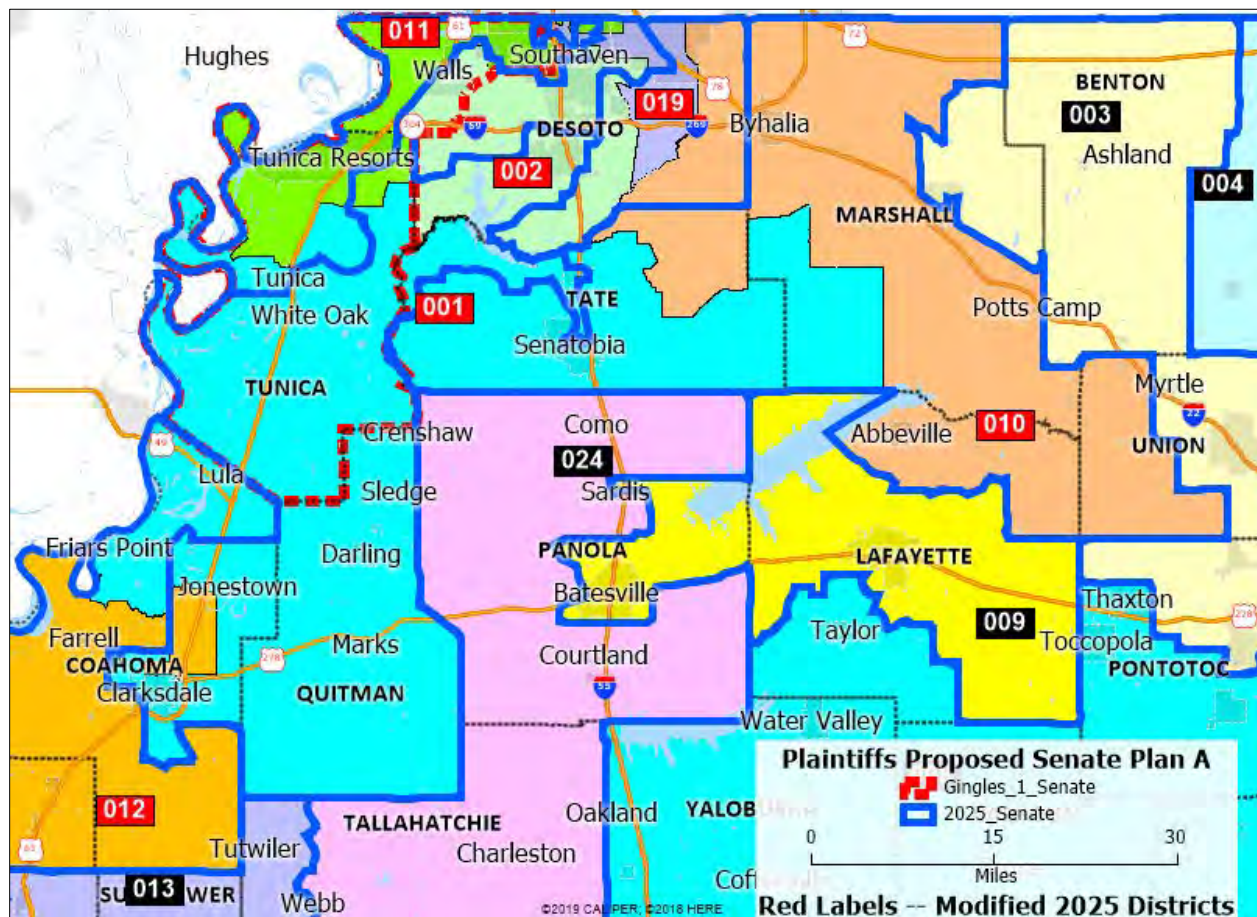

30. For example, comparing the socioeconomic characteristics of Hernando in 2025 Senate Plan SD 1 with Clarksville (Coahoma County) and Quitman County, which are also in 2025 Senate Plan SD 1, reveals very large gaps across various measures of socioeconomic well-being.

B. Plaintiffs' Proposed Remedial Senate Plans

(1) Plaintiffs' Senate Plan A

31. As shown in the map in **Figure 3**, Plaintiffs' Senate Plan A modifies six districts in north Mississippi, which are labeled in red boxes.

Figure 3: Plaintiffs Proposed Senate Plan A

32. The brightly colored areas in **Figure 3** show district shapes under Plaintiffs under Plaintiffs' Senate Plan A, including the new DeSoto-County-based Black-majority SD 11 (in green) and North-Delta-based Black-majority SD 1 (in bright blue). The thick blue lines show the boundaries of the 2025 Senate Plan for comparison. Dashed red lines show the illustrative majority-Black district described in my trial-stage report and testimony.

33. Like the 2025 Senate Plan, Plaintiffs Senate Plan A pairs two incumbents. But it does so with a different pairing of incumbents, allowing for overall more compact districts in the modified 6-district part of the map. Plaintiffs' Senate Plan A would pair incumbent Senator

McClendon with Senator Kevin Blackwell, also of DeSoto County, in a reconfigured Senate District 2. This configuration also allows for the creation of three Senate districts that are strongly based in DeSoto County: Two districts (SDs 2 and 19) that are majority-White and that are entirely within DeSoto County, and one (SD 11) that is majority-Black and that is 92.24% from DeSoto County by total population—while at the same time maintaining the North-Delta-based character of the Black-majority district to the south (SD 1). These are potentially significant communities-of-interest considerations.

34. As in the 2025 Senate Plan, no incumbents reside in new majority-Black SD 11 under Plaintiffs’ Senate Plan A.

35. The table in **Figure 4** breaks out population statistics for the six districts that change from the 2025 Senate Plan (and the 2022 Enacted Plan) under Plaintiffs’ Senate Plan A). **Exhibit B** is a Maptitude-generated document that reports population statistics for all 52 Senate districts under Plaintiffs’ Senate Plan A. I note that the population deviation percentages under Plaintiffs’ Senate Plan A are tighter than the Legislative Senate Plan, which is at the outer boundaries of the plus/minus 5% threshold.

Figure 4: Plaintiffs’ Senate Plan A – Districts Modified from 2022 Senate Plan

District	Population	Deviation	% Deviation	18+ Pop	% 18+ AP Black	% 18+ Latino	% 18+ NH White
1	55029	-1919	-3.37%	41149	57.23%	1.57%	39.96%
2	59108	2160	3.79%	42505	15.92%	3.59%	75.56%
10	57880	932	1.64%	44410	29.41%	3.94%	64.02%
11	55607	-1341	-2.35%	42289	50.15%	5.96%	40.63%
12	54731	-2217	-3.89%	42159	67.18%	1.60%	29.90%
19	55947	-1001	-1.76%	43184	29.24%	4.14%	62.33%

36. The table in **Figure 5** compares key redistricting metrics associated with traditional redistricting principles – comparing Plaintiffs’ Senate Plan A with the 2025 Senate Plan. For the six districts that are modified, Plaintiffs’ Senate Plan A scores higher or on par across all categories as compared to the 2025 Senate Plan counterparts. **Exhibit C-1** reports these metrics by district for Plaintiffs’ Senate Plan A. Metrics for the same six districts under the 2025 Senate Plan are in **Exhibit C-2**.

Figure 5: Redistricting Metrics – Plaintiffs Senate Plan A vs. 2025 Senate Plan

Metrics for the 6-District Modified Area	Plaintiffs’ Senate Plan A (1,2,10,11,12,19)	2025 Senate Plan (1,2,10,11,12,19)
Total Split Counties	8	8
Total County Splits (populated)	11	10
VTD (precinct) Splits (populated)	11	32
Municipal Splits (populated)	21	26
Mean Reock Compactness *	.32	.28
Mean Polsby Popper Compactness *	.18	.17
SD 1 BVAP (non-dilution) *	57.23%	52.46%

* Higher is better

37. **Figure 6** reports the same traditional redistricting metrics for the combined area encompassed by SD 1 and SD 11 – the two majority-Black Senate districts at issue. **Exhibit D-1** (Plaintiffs’ Senate Plan A) and **Exhibit D-2** (2025 Senate Plan) report these combined metrics.

**Figure 6: Redistricting Metrics – 2 Majority-Black District Analysis
Plaintiffs’ Senate Plan A vs. 2025 Senate Plan**

Metrics for the 2 majority-Black Districts in the Modified Area	Plaintiffs Senate A (1, 11)	Enacted 2025 Senate (1, 11)
Total Split Counties	5	4
Total County Splits (populated)	5	5
VTD (precinct) Splits (populated)	8	29
Municipal Splits (populated)	0	11
Mean Reock Compactness *	.26	.25
Mean Polsby Popper Compactness *	.14	.13
SD 1 BVAP (non-dilution) *	57.23%	52.46%

* Higher is better

38. Combined SD 1/SD 11 under Plaintiffs’ Senate Plan A scores higher or on par across all categories as compared to the 2025 Senate Plan counterparts.

39. Plaintiffs’ Senate Plan A can be viewed online in detail on the Dave’s Redistricting Application (DRA) website via the link below:

<https://davesredistricting.org/join/9aa1854b-a5af-4e0a-ae1c-f2d81908f3d2>

(2) Plaintiffs’ Senate Plan B

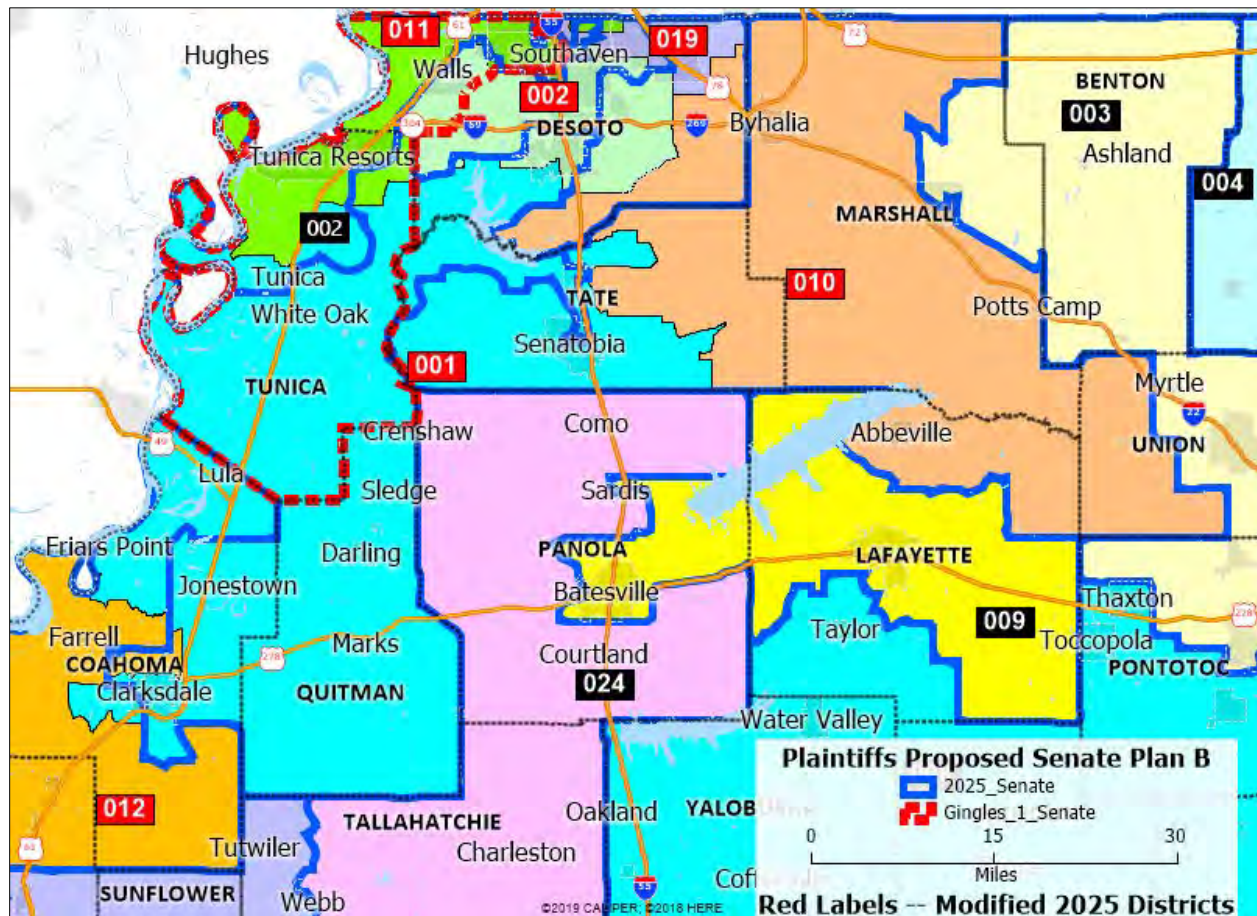

40. Like Plaintiffs’ Senate Plan A, Plaintiffs’ Senate Plan B creates districts that are more compact than the Enacted 2025 Plan, without diluting Black voting strength in SD 1. Under Plaintiffs’ Senate Plan B, Senator Jackson in Quitman County is paired with Senator McClendon in Hernando. This pairing is identical to the pairing in the 2025 Senate Plan.

41. As shown in **Figure 7** below, Plaintiffs’ Senate Plan B modifies the same six districts in north Mississippi as in Plaintiffs’ Senate Plan A. The brightly colored areas in **Figure 7** show district shapes under Plaintiffs’ Senate Plan B, including the new DeSoto-County-based

Black-majority SD 11 (in green) and North-Delta-based Black-majority SD 1 (in bright blue).

The thick blue lines show the boundaries of the 2025 Senate Plan for comparison. Dashed red lines show the illustrative majority-Black district described in my trial-stage report and testimony.

Figure 7: Plaintiffs' Senate Plan B

42. The table in **Figure 8** reports population statistics for the six districts in Plaintiffs' Senate Plan B that change from the 2025 Senate Plan (and from the 2022 Enacted Plan). **Exhibit E** is a Mapitude-generated document that reports population statistics for all 52 Senate districts under Plaintiffs' Senate Plan B.

Figure 8: Plaintiffs' Senate Plan B – Districts Modified from 2022 Senate Plan

District	Population	Deviation	% Deviation	% 18+ Pop	% 18+ AP Black	% 18+ Latino	% 18+ NH White
1	54305	-2643	-4.64%	41027	57.14%	1.60%	40.00%
2	59478	2530	4.44%	44446	15.70%	3.69%	75.53%
10	56393	-555	-0.97%	43885	28.65%	3.24%	65.68%
11	55607	-1341	-2.35%	40506	50.15%	5.96%	40.63%
12	54196	-2752	-4.83%	41713	66.97%	1.60%	30.11%
19	58323	1375	2.41%	44119	31.29%	4.62%	59.87%

43. The table in **Figure 9** compares key redistricting metrics associated with traditional redistricting principles – comparing Plaintiffs' Senate Plan B with the 2025 Senate Plan. For the six districts that are modified, Plaintiffs' Senate Plan B is on par or superior to the 2025 Senate Plan across the seven metrics that are reported in **Figure 9**.

Figure 9: Redistricting Metrics – Plaintiffs' Senate Plan B vs. 2025 Senate Plan

Metrics for 6-District Modified Area	Plaintiffs Senate B (1,2,10,11,12,19)	Enacted 2025 Senate (1,2,10,11,12,19)
Total Split Counties	8	8
Total County Splits (populated)	11	10
VTD Splits (Populated)	13	32
Municipal Splits (populated)	22	26
Mean Reock Compactness *	.33	.28
Mean Polsby Popper Compactness *	.23	.17
CD 1 BVAP (non-dilution) *	57.14%	52.46%

* Higher is better

44. The table in **Figure 10** reports the same traditional redistricting metrics for the combined area encompassed only by SD 1 and SD 11 – the two majority-Black Senate districts at

issue. **Exhibit F-1** (Plaintiffs' Senate Plan B) and **Exhibit F-2** (2025 Senate Plan) report these combined metrics.

45. Combined SD 1/SD 11 under Plaintiffs' Senate Plan B scores higher or on par across all categories as compared to the 2025 Senate Plan counterparts.

**Figure 10: Redistricting Metrics – 2 Majority-Black District Analysis
Plaintiffs' Senate Plan B vs. 2025 Senate Plan**

Metrics for the 2 majority-Black Districts in the Modified Area	Plaintiffs Senate B (1, 11)	Enacted 2025 Senate (1,11)
Total Split Counties	4	4
Total County Splits (populated)	5	5
VTD (precinct) Splits (populated)	11	29
Municipal Splits (populated)	9	11
Mean Reock Compactness *	.31	.25
Mean Polsby Popper Compactness *	.15	.13
SD 1 BVAP (non-dilution) *	57.06%	52.46%

* Higher is better

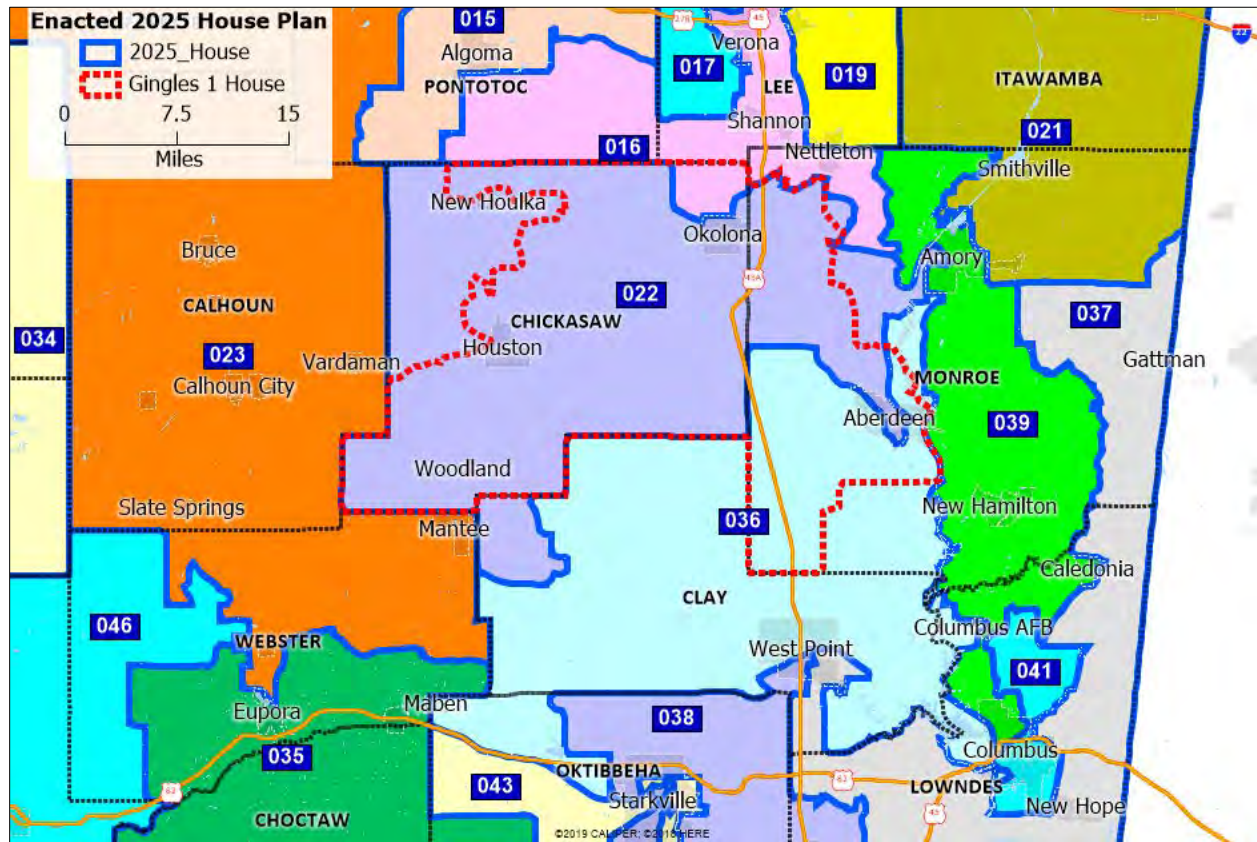

46. Plaintiffs' Senate Plan B can be viewed online in detail on the Dave's Redistricting Application (DRA) website via the link below:

<https://davesredistricting.org/join/e38c0acb-2717-4cc5-a765-b983f5970b55>

III. PLAINTIFFS' REMEDIAL HOUSE PLANS

A. 2025 House Plan Background

47. As shown in the map in **Figure 11**, the 2025 House Plan modifies five districts in central Mississippi as compared to the 2022 House Plan. A new majority-Black HD 22, encompassing parts of the Counties of Chickasaw, Monroe, and Clay (clockwise), is drawn in the 2025 House Plan.

Figure 11: 2025 House Plan

48. Blue lines in **Figure 11** show district boundaries under the 2025 House Plan. Dashed red lines show the illustrative majority-Black HD 22 described in my trial-stage report and testimony.

49. Under the 2025 House Plan, HD 22 has a BVAP of 51.18% – four percentage points below the 55.4% BVAP of the new majority-Black HD 22 under Plaintiffs’ trial-stage illustrative plan. Meanwhile existing majority-Black HD 16 to the north sees its BVAP decrease from 62.3% under the 2022 Enacted House Plan to 53.21% in the 2025 House Plan – a nine point drop. By comparison, HD 16 was maintained at 57% BVAP under Plaintiffs’ trial-stage

illustrative plan. Both districts were thus drawn under the 2025 House Plan with substantially lower BVAP percentages than the illustrative plans.

50. The table in **Figure 12** breaks out population statistics for the five districts in the 2025 House Plan that are changed from the 2022 Enacted Plan (HDs 16, 22, 36, 39, and 41).

Exhibit G is a Maptitude-generated document that reports population statistics for all 122 2025 House Plan districts.

Figure 12: 2025 House Plan – Districts Modified from 2022 House

District	Population	Deviation	% Deviation	% 18+ Pop	% 18+ AP Black	% 18+ Latino	% 18+ NH White
016	25111	838	3.45%	18855	53.21%	3.22%	42.07%
022	25439	1166	4.80%	19722	51.18%	2.44%	45.35%
036	23110	-1163	-4.79%	18289	54.61%	1.37%	42.23%
039	23415	-858	-3.53%	18352	18.54%	1.98%	76.47%
041	23102	-1171	-4.82%	17840	64.56%	1.87%	31.98%

51. As noted, the 2025 House Plan severely weakens adjacent majority-Black HD 16 in Lee County, which drops from 62.29% BVAP under the 2022 House Plan to 53.21% BVAP in the 2025 House Plan.

52. Based on my experience, and as noted *supra* with respect to the 2025 Senate Plan, severe Black-White socioeconomic disparities in the area where HDs 16 and 22 are drawn call into question the viability of these razor-thin majority-Black districts under the 2025 House Plan.

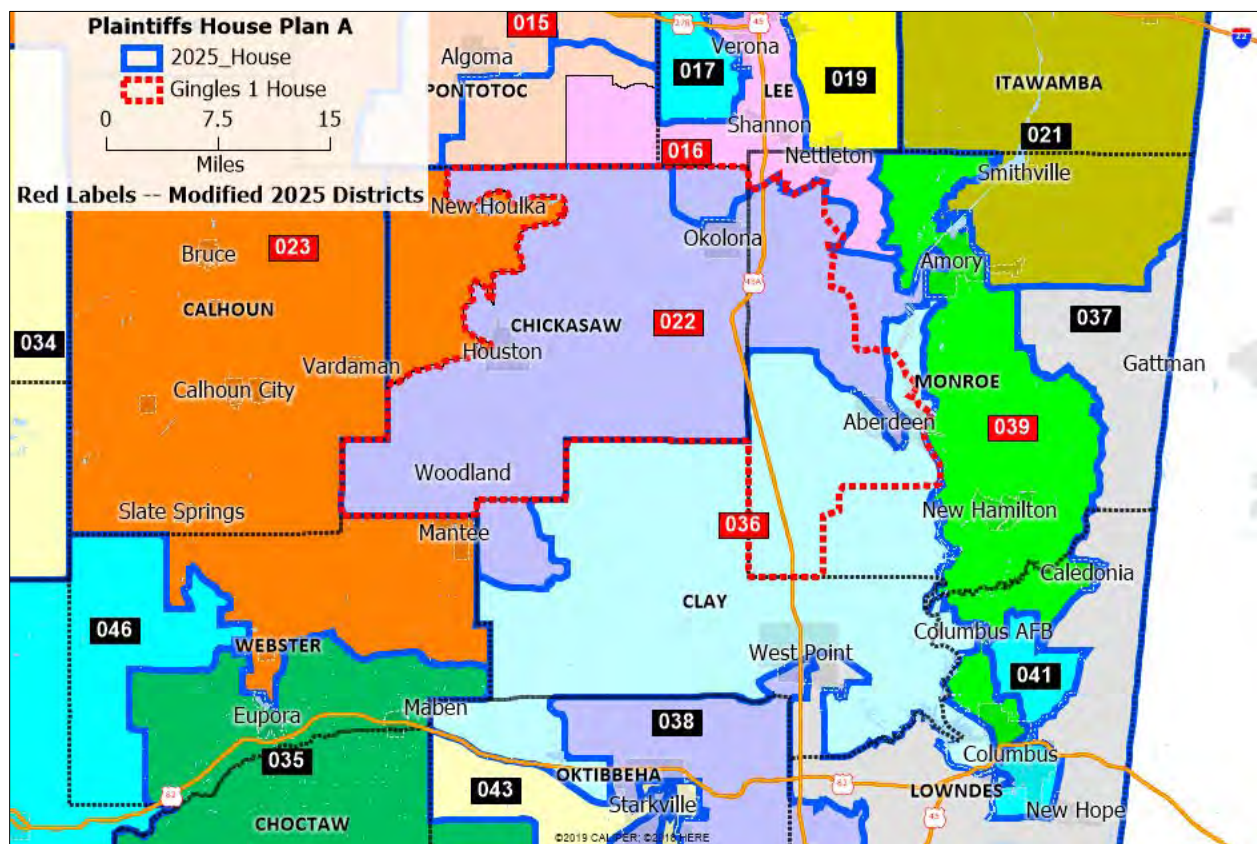

53. I have produced a set of tables and charts contrasting Black and White socioeconomic well-being that I prepared from the 2019-2023 5-Year *American Community Survey* (published by the U.S. Census Bureau in December 2024). **Appendix B-1** contains socioeconomic comparisons for the five counties encompassed (in whole or in part) by 2025 House Plan HD 16 and HD 22. **Appendix B-2** contains identical socio-economic comparisons for all

municipalities (in whole or in part) encompassed by 2025 House Plan HD 16 and HD 22.

(1) Plaintiffs' House Plan A

54. The map in **Figure 13** depicts Plaintiffs' House Plan A. Under Plaintiffs' House Plan A, majority-Black HD 22 (54.31% BVAP) is a geographically small 3-county district. encompasses the municipalities of Okolona and Houston in Chickasaw County. Extending east into Monroe County, HD 22 adds all of the City of Aberdeen and vicinity. As in the 2025 House Plan, a single precinct in Clay County is also part of HD 22.

Figure 13: Plaintiffs' Proposed House Plan A

55. The brightly colored areas in **Figure 13** show district shapes under Plaintiffs' House Plan A. The thick blue lines show the boundaries of the 2025 House Plan for comparison.

Dashed red lines show the illustrative majority-Black district described in my trial-stage report and testimony. Districts that are modified as compared to the 2025 House Plan are labeled in red boxes. Because HD 41 in Plaintiffs' House Plan A is identical to HD 41 under the 2025 House Plan, it is not coded with a red box in the Figure 13 map.

56. Seven of the 2022 House and Enacted 2025 House districts are modified under Plaintiffs' House Plan A. Importantly, however, only one additional county is implicated by these changes: Calhoun County. This is because Plaintiffs' House Plan A of these modifications joins voters in the western part of Chickasaw County with neighboring Calhoun County-based HD 23. No voters in Calhoun County are shifted out of HD 23. So, for purposes of Calhoun County election administration, no voters or precincts would change for the 2025 Special Election.

57. The table in **Figure 14** breaks out population statistics for the seven districts that are changed in Plaintiffs' House Plan A as compared to the 2022 House Plan – HDs 15, 16, 22, 23, 36, 39, and 41. **Exhibit H** is a Maptitude-generated document that reports population statistics for all 122 House districts under Plaintiffs' House Plan A.

Figure 14: Plaintiffs' House Plan A – Districts Modified from 2022 House Plan

District	Population	Deviation	% Deviation	18+ Pop	% 18+ AP Black	% 18+ Latino	% 18+ NH White
15	24789	516	2.13%	18505	16.46%	5.66%	75.86%
16	23115	-1158	-4.77%	17306	56.00%	3.28%	39.25%
22	24001	-272	-1.12%	18614	54.31%	2.39%	42.26%
23	25394	1121	4.62%	19715	17.14%	3.06%	77.63%
36	23110	-1163	-4.79%	18289	54.61%	1.37%	42.23%
39	23415	-858	-3.53%	18352	18.54%	1.98%	76.47%
41	23102	-1171	-4.82%	17840	64.56%	1.87%	31.98%

58. The table in **Figure 15** compares key redistricting metrics associated with traditional redistricting principles – comparing Plaintiffs’ House Plan A with the 2025 House Plan. Overall, as revealed in **Figure 15**, for the seven districts that are modified, Plaintiffs’ House Plan A is on par with the 2025 House Plan. **Exhibit I-1** reports these metrics by district for Plaintiffs’ House Plan A. Metrics for the five districts that are modified under the Enacted 2025 House are in **Exhibit I-2**.

Figure 15: Redistricting Metrics – Plaintiffs Plan A vs. Enacted 2025 House

Metrics for the Modified Area	Plaintiffs’ House Plan A 15, 16, 22, 23, 36, 39, 41	2025 House Plan 16, 22, 36, 39, 41
Total Split Counties	9	7
Total County Splits (populated)	17	10
VTD (precinct) Splits (populated)	32	30
Municipal Splits (populated)	0	14
Mean Reock Compactness *	.35	.31
Mean Polsby Popper Compactness *	.22	.18
HD 16 BVAP (non-dilution) *	56%	53.21%
HD 22 BVAP (non-dilution) *	54.31%	51.18%

* Higher is better

59. Under Plaintiffs’ House Plan A, seven 2022 House Plan districts are modified compared to the five 2022 House districts modified by the Enacted 2025 House. But the number of populated VTD splits is about the same – 32 in Plaintiffs’ House Plan A versus 30 in the 2025 House Plan. Furthermore, from a communities of interest standpoint, Plaintiffs’ House Plan A is unquestionably superior, with zero populated municipal splits versus 14 in the 2025 House Plan.

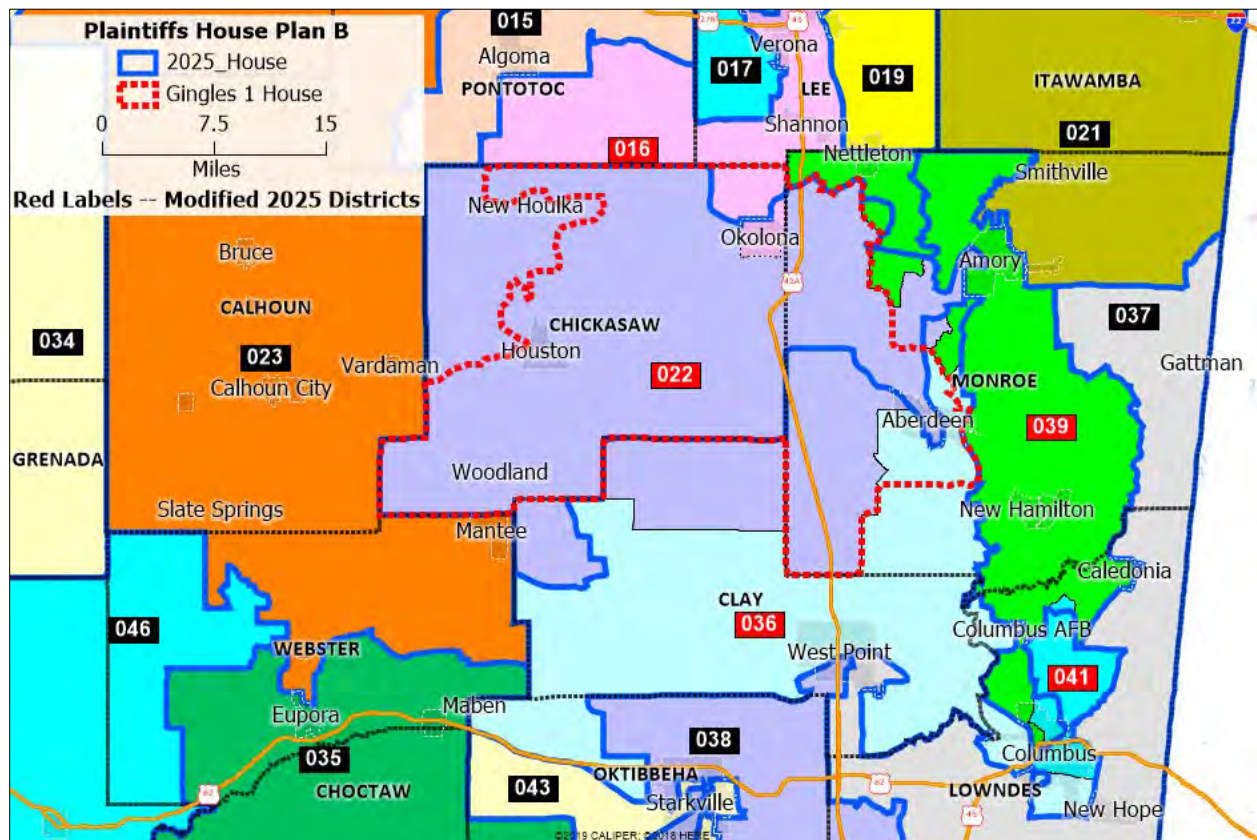

60. Plaintiffs' House Plan A can be viewed online in detail on the *Dave's Redistricting Application* (DRA) website via the link below:

<https://davesredistricting.org/join/0f0834fc-016f-4416-a5c9-c91d7ee2b1f5>

(2) Plaintiffs' House Plan B

61. The map in **Figure 16** depicts Plaintiffs' House Plan B. Under Plaintiffs' House Plan B, new majority-Black HD 22 (52.95% BVAP) is again anchored in Chickasaw County, but takes in additional adjacent precincts in Monroe County outside Aberdeen, while Okolona City joins HD 16 (57.4% BVAP).

Figure 16: Plaintiffs' House Plan B

62. The table in **Figure 17** breaks out population statistics for the five House Plan B districts that are changed as compared to the 2022 House Plan – HDs 16, 22, 36, 39, and 41.

Again, these are the same five districts that are altered in the Legislature’s 2025 House Plan.

Exhibit J is a Maptitude-generated document that reports population statistics for all 122 House districts under Plaintiffs’ House Plan B.

Figure 17: Plaintiffs’ House Plan B – Districts Modified from 2022 House Plan

District	Population	Deviation	% Deviation	18+ Pop	% 18+ AP Black	% 18+ Latino	% 18+ NH White
016	25331	1058	4.36%	19058	57.40%	38.06%	3.16%
022	25351	1078	4.44%	19672	52.95%	43.64%	2.35%
036	23208	-1065	-4.39%	18131	55.42%	41.26%	1.53%
039	23194	-1079	-4.45%	18010	19.56%	75.76%	1.92%
041	23093	-1180	-4.86%	18187	55.56%	40.55%	1.92%

63. The table in **Figure 18** compares key redistricting metrics associated with traditional redistricting principles – comparing Plaintiffs’ House Plan B with the 2025 House Plan. As reported in **Figure 18**, for the five districts that are modified, Plaintiffs’ House Plan B has fewer county splits and scores slightly higher on compactness compared to the 2025 House Plan. **Exhibit K-1** reports metrics for Plaintiffs’ House Plan B. Metrics for the same five districts under the 2025 House Plan are in **Exhibit K-2**.

Figure 18: Redistricting Metrics – Plaintiffs’ House Plan B vs. 2025 House Plan

Metrics for the 5-District Modified Area	Plaintiffs’ House Plan B 16, 22, 36, 39, 41	2025 House Plan 16, 22, 36, 39, 41
Total Split Counties	7	7
Total County Splits (populated)	8	10
VTD (precinct) Splits (populated)	30	30
Municipal Splits (populated)	20	20
Mean Reock Compactness *	.34	.31
Mean Polsby Popper Compactness *	.19	.18
HD 16 BVAP (non-dilution) *	57.40%	53.21%
HD 22 BVAP (non-dilution) *	52.95%	51.18%

* Higher is better

64. Plaintiffs’ House Plan B can be viewed online in detail on the *Dave’s Redistricting Application* (DRA) website via the link below:

4:24 PM

Split Counts

Number of subdivisions split into more than one district: Number of splits involving no population:

County	4	County	0
Voting District	30	Voting District	1

Number of times a subdivision is split into multiple districts:

County	5
Voting District	30

County	Voting District	District	Population
<i>Split Counties:</i>			
Coahoma MS		28001	17,692
DeSoto MS		28001	18,320
DeSoto MS		28011	48,743
Tate MS		28001	7,528
Tunica MS		28001	4,404
Tunica MS		28011	5,378
<i>Split VTDs:</i>			
Coahoma MS	Clarksdale 5	28001	3,009

Political Subdivision Splits Between Districts

Thursday, March 13, 2025

3:42 PM

Split Counts

Number of subdivisions split into more than one district:	Number of splits involving no population:
County 9	County 0
Voting District 30	Voting District 3

Number of times a subdivision is split into multiple districts:

County 17
Voting District 35

County	Voting District	District	Population
<i>Split Counties:</i>

Source: U.S. Census Bureau, 2019-2023 American Community Survey

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Survey Methodology.

Source: U.S. Census Bureau, 2019-2023 American Community Survey

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Survey Methodology.

Source: U.S. Census Bureau, 2019-2023 American Community Survey

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

For information on confidentiality protection, sampling error, nonsampling error, and definitions, see Survey Methodology.
