From: Mississippi State Conference NAACP

Re: Congressional Reapportionment

Every ten years, the State of Mississippi begins the redistricting process. Redistricting is one of the most critical aspects of our democracy. It determines our power as voters to elect public officials that will represent the interests of our communities. Therefore, it is important that the State of Mississippi engages in a redistricting process that is fair and transparent.

The Mississippi NAACP has been monitoring the redistricting process from the beginning to ensure fair and equitable representation for Mississippians. As the state faces structural challenges that could disproportionately affect marginalized communities, the Mississippi NAACP has developed a map proposal for consideration by the committee for Congressional lines. The maps attached ensures all Mississippi voters are represented in the voting process, gives special consideration to compactness of congressional districts, and meets all federal and state laws including Section II of the Voting Rights Act and the U.S. Constitution.

Sincerely,

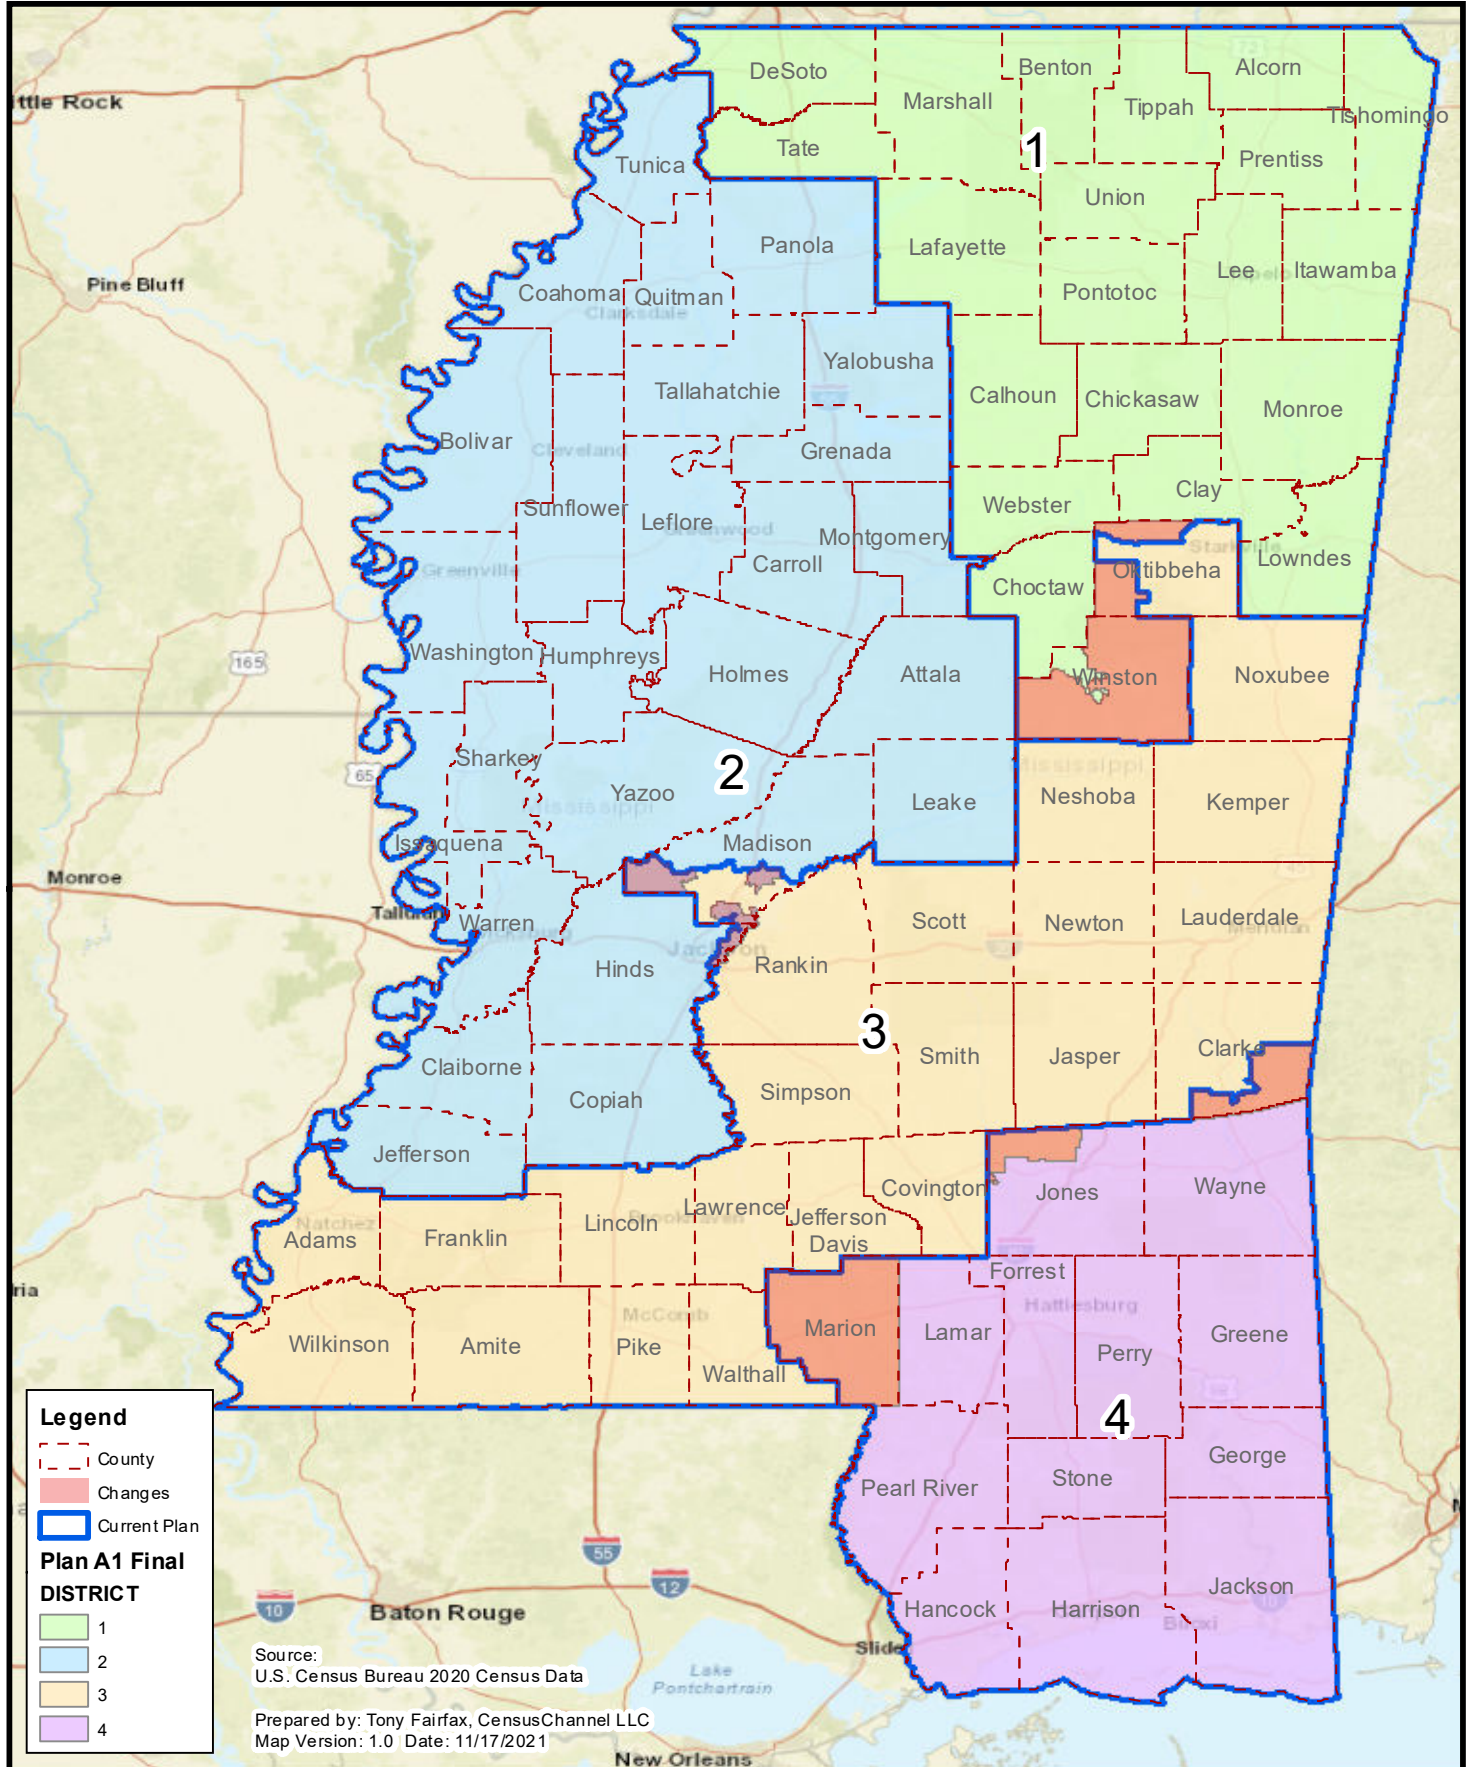

Dr. Core Wiggins  
Executive Director  
Mississippi State Conference NAACP
