|  | Special Master Proposal | Legislative Proposal |
|--|-------------------------|----------------------|
| Number of Counties Split   | 15                      | 34                   |
| Total Number of County Splits  | 26                      | 56                   |
| Reock Compactness  | 40                      | 32                   |
| Polsby-Popper Compactness  | 34                      | 25                   |
| Competitive Districts <sup>1</sup>   | 8                       | 3                    |
| For splits, lower is better. For compactness and competitive districts, higher numbers are better. |                         |                      |

<sup>1</sup> As measured using the 2016/2020 Presidential election PVI on DRA; districts between 45% and 55%.
