AFFIDAVIT OF AMANDA M. GRANDJEAN

STATE OF OHIO :
 : SS
COUNTY OF PERRY :

Now comes Amanda M. Grandjean, having been first duly cautioned and sworn, states and affirms as follows:

1. I have personal knowledge of the information set forth in this Affidavit, and I am competent to testify to the matters stated herein.
2. My experience and credentials remain the same as set forth in my March 28, 2022 Affidavit in this matter.
3. On April 1, 2022, the Secretary of State issued Directive 2022-32. This Directive instructed the 88 county boards of elections to immediately, but no later than April 5, 2022, begin issuing Uniformed Services and Overseas Citizens' Absentee Voting Act ("UOCAVA") ballots for all May 3, 2022 primary races except for the Ohio House, Ohio Senate, and State Central Committee races to UOCAVA voters. In addition, on April 5, 2022, early, in-person voting began across the state at each of the 88 county boards of elections' offices and the county boards of elections began transmitting domestic absentee ballots to voters who requested them. Thus, the May 3, 2022 Primary Election is underway without Ohio House, Ohio Senate, and State Central Committee races on the ballot.
4. If this Court is going to set a new date for the remaining 2022 primary races for Ohio House, Ohio Senate, and State Central Committee, then as I testified on March 30, 2022, the best date going forward from an elections administration standpoint is August 2, 2022. The first

Tuesday after the first Monday in August is already specified in Ohio law as a possible election day, R.C. 3501.01(D), and some county boards will be holding elections on that day anyway. Holding the primary election for these races on August 2, 2022 allows time for the county boards of elections to complete all processes related to the May 3, 2022 Primary Election, including receiving absentee ballots, conducting the official canvass, and certifying the results. An August 2, 2022 Primary Election date for the General Assembly races also provides enough time to properly and accurately administer the primary election for the remaining races.

5. In addition, for the reasons set forth in my March 28, 2022 Affidavit, August 2, 2022 is the latest date a primary election can be held while allowing the November 8, 2022 General Election to proceed in regular order.

6. If this Court orders an August 2, 2022 Primary Election, the 90-day statutory elections deadlines that are tied to the date of a primary election will reset by operation of law, as set forth in the draft elections calendar attached as **Exhibit A**.

7. As I testified on March 30, 2022, the standard 90-day primary elections calendar does not include the time needed by the county boards of elections to reprogram their voter registration and their voting and tabulation systems to a new General Assembly district plan, or the time for candidates to change their residence due to the adoption of a new plan in accordance with Ohio Const. Art. XI, Section 9(C), if applicable.

8. In my professional judgment it is possible to complete these primary election processes without altering the standard, 90-day primary elections calendar so long as the following conditions are met:

- This Court issues an order not later than April 20, 2022 that: (a) adopts a General Assembly district plan for use in 2022, if there is not a final district plan by that date, and (b) specifies that August 2, 2022 is the Primary Election date for the General Assembly and State Central Committee races.
- If the Court orders the use of any plan other than the four plans adopted by the Ohio Redistricting Commission,¹ the underlying electronic data for that plan – including shape files, legal descriptions, most populous county list, and U.S. Census Bureau block assignment files (“BAFs”) – must be transmitted to the Secretary of State no later than April 20, 2022. The immediate transmission of this data is essential, as county boards of elections and their IT vendors require it to begin reprogramming their systems to ensure that all voters are assigned to the proper district and that all ballots contain the correct candidates and issues.
- If this Court determines that the time for candidates to change their residence under Ohio Const. Art. XI, Section 9(C), based upon the plan the Court may adopt, has not expired prior to the May 4, 2022 candidate filing deadline, then the Court must establish processes similar to those contained in Section 4 of Sub. H.B. 93 of the 134th General Assembly that require candidates to become a resident of the district the filer seeks to represent, submit an addendum to their declaration of candidacy,

¹ The shape files and U.S. Census Bureau block assignment files for the Redistricting Commission’s First, Second, Third, and Fourth Plans have already been filed with the Secretary of State’s Office.

declaration of candidacy and petition, nominating petition or declaration of intent to be a write-in candidate that indicates the filer's new residence address, update their voter registration, and similar provisions related to signature verification, and transfer of filings between the appropriate county boards of elections.

9. Upon the Court's request, my staff conducted a survey of the county boards of elections regarding which General Assembly district plan is programmed into their voter registration and election management systems. The full results of that survey are attached as **Exhibit B**. As anticipated, the majority of the county boards of elections programmed their voter registration systems to the Redistricting Commission's February 24, 2022 plan (or "Third Plan"). If this Court orders the adoption of the Commission's March 28, 2022 plan (the "Fourth Plan"), then the county boards will need to reprogram their systems to the Fourth Plan.

10. While the "current" General Assembly districts are those that were adopted in the 2011 redistricting process, since September 16, 2021, the Secretary has instructed the county boards of elections to reprogram their voter registration and voting and tabulating systems three times. Not all counties can reinstate the 2011 map in their systems because of the number of times these systems were reprogrammed as a result of the 2021-22 redistricting process and litigation. As a result, if this Court orders the use of that 2011 map, the county boards of elections will need to be provided the original 2011 electronic redistricting files, including shape files, legal descriptions, most populous county list, and BAFs. The Secretary does not know the location of those original files and it would be incredibly time-consuming to try and recreate them even if those files are located.

11. Similarly, if the Court orders the reapportionment of that 2011 map using the 2020 census data, the county boards of elections will need the shape files, legal descriptions, most populous county list, and BAFs for the reapportioned map from whomever performs that work.

Further affiant sayeth naught.
