Yeah, I came to my senses and figured out I could do it on Dave's Redistricting myself... But it's always easier to be spoon-fed!

Oops, sorry if I wasn't clear. I was interested in the racial makeups of the CURRENT congressional districts as of the 2020 Census. Is that available?

Am I going to have to do without you again at the Registry meeting tomorrow?

It has been a day!

So, there is now a map book for the Congressional Districts that has all of the demographic data (you've probably have seen this by now). [US House Map Book dh.pdf \(tn.gov\)](#)

As for Davidson: 5 = 346,457; 6 = 188,668; 7 = 180,759
As for 5th in Williamson = 161,233; Wilson = 112,307
As for 7th in Williamson = 86,493

Subject: map questions

Hi Doug,
Realize you're underwater, but was hoping for a couple more details on new congressional districts.

- What are the 2020 racial makeups of the 9th, 7th, 6th, and 5th?
- What are the Davidson populations of the new 5th, 6th, and 7th?
- For the new 5th, how many people are in Williamson and Wilson?
- For the new 7th, what is the population of the Williamson portion.

Hope that's nothing too complicated!

Thanks!

Erik
