Subject: [EXTERNAL] Re: LULAC v. Abbott (Redistricting)

Good afternoon Counsel,

I'm writing to follow up on the RFPs addressed to SOS by LULAC, NAACP, Voto Latino, and DOJ, and those addressed to the Governor by LULAC, NAACP, and Voto Latino. We met and conferred on this subject on March 18th in a call originally scheduled by Defendants and DOJ. I believe counsel for LULAC, NAACP, and Voto Latino also attended that Zoom call, and perhaps several others.

You'll probably remember that, using DOJ's proposed search terms, the hit counts on SOS custodians totaled over 300,000. These are replicated below:

Setting the emails to the side for a moment, we can say that Defendants intend to produce a number of non-email records that we have identified as responsive to the subpoenas directed at SOS. Of our own accord, we also intend to produce a number of documents relating to the legislative history of the redistricting bills, such as hearing transcripts.

In addition, we do not anticipate that the records within the care, custody, or control of the Governor will pose the same sort of production-volume concerns as the SOS's records. For those RFPs directed at the Governor, we intend to produce those responsive, nonprivileged documents in due course.

Regarding the SOS emails, in the meet and confer, we agreed that plaintiffs don't intend for Defendants to review the 324,000 records. And as Dan directed, we are not presently reviewing these records according to DOJ's initial proposed search terms for responsiveness to the DOJ subpoena. Whenever we receive amended search terms, or limitations on the present terms, we would be happy to discuss a mutually acceptable volume of records for review.

We haven't received search terms from LULAC, NAACP, or Voto Latino, though I believe Fatima (for LULAC) explained that those terms would be forthcoming. Just as to the DOJ subpoena, we will be happy to confer on those search terms and reach an agreeable scope of review. Similarly as to the DOJ subpoena, we are not at present reviewing the 300,000+ emails for responsiveness to the private plaintiffs' RFPs.

Thank you very much for your continued cooperation in these discovery matters. Best, Jack
