2 MR. PRESIDENT PRO TEM: SB-200.

3 READING CLERK: Senate Bill 200 Redistricting
4 Amendments, Senator Bramble.

5 MR. PRESIDENT PRO TEM: Senator Bramble.

6 SEN. BRAMBLE: Thank you, Mr. President Pro
7 Tem.

8 Well, Senators, this is the bill that was so
9 controversial, you'll see the galleries are full. The -
10 - the media is here. And the citizens have come
11 storming the castle.

12 And actually none of that, why, we've entered
13 into negotiations over the last year plus, probably
14 about 15 months with Better Boundaries and we've come
15 up with a compromise that will strengthen the
16 independent redistricting commission.

17 What Senate Bill 200 does it -- it maintains
18 the independent re- -- redistricting commission with
19 seven members, has a chair appointed by the governor.
20 It will be required to meet the standards that the
21 commission itself defines for purposes of presenting
22 maps.

1 So -- so the citizens' initiative, the
2 citizens said they wanted an independent voice in
3 redistricting. This bill preserves that, okay. The bill
4 also preserves the constitutional prerogative of the
5 legislature to do the redistricting consistent with our
6 constitutional mandate.

7 I want to make one final point before I open
8 it for questions. And the -- the media actually got
9 this right when the bill was introduced. Proposition 4,
10 the folks their boundaries in good faith came to the
11 table.

12 Senator Davis was a -- a -- a full partner in
13 this, as was the minority caucus. Senator Vickers is
14 our majority leader. The majority leader in the House.

15 Representative Carol Spackman Moss,
16 Representative Val Peterson, we were the team that --
17 that entered into the negotiations and we came up with
18 something that everyone believes will be enduring.

19 But the point I want to make, Mr. President
20 Pro Tem, Proposition 4 created an advisory
21 redistricting, an independent -- citizens' independent
22 redistricting commission that was advisory in nature.

1 They still have that independent commission
2 that is advisory in nature but it doesn't have the
3 issues that would give rise to legal challenges under
4 the constitution.

5 With that I'm open to questions.

6 MR. PRESIDENT PRO TEM: Okay. Questions.

7 Senator Davis.

8 SEN. DAVIS: Thank you -- thank you, Mr.
9 President.

10 And I want to compliment Senator Bramble for -
11 - and our dialogue that we had very early on before we
12 got into the point that we even came together with the
13 pair of boundaries to discuss all of the issues that
14 are there.

15 I have a questions, I think needs to be
16 brought out. And if I might.

17 MR. PRESIDENT PRO TEM: Go ahead, Senator
18 Davis.

19 SEN. DAVIS: My question --

20 MR. PRESIDENT PRO TEM: Do you yield --

21 SEN. DAVIS: -- is --

22 MR. PRESIDENT PRO TEM: -- Senator Bramble?

1 Will you yield?

2 SEN. BRAMBLE: Yes, I will.

3 MR. PRESIDENT PRO TEM: Go ahead.

4 SEN. DAVIS: My question is, the commission
5 itself, the independent commission will be put in
6 place, how do they present their maps?

7 SEN. BRAMBLE: That's a -- that is a great
8 question. One of the sticking points was just that. In
9 the initial or in Proposition 4 it required the maps to
10 be presented on the floor of this chamber and it
11 required each of us to cast an up or down vote.

12 And think about the constitution for a moment.
13 You represent, each of you, each of us, we represent
14 our district and we would have to go back to the
15 citizens that elected us and -- and tell them, your
16 voice cannot be heard on the floor of the Senate.

17 If you have any problem with this bill, we can
18 offer no amendment. That's -- that's a direct violation
19 of our constitutional prerogative.

20 So how's it presented? The statute, this bill
21 should it pass requires the -- the legislative
22 redistricting commission to dedicate a meeting so that

1 the independent commission can present all their maps.
2 They have to present not just one, but they have to
3 present three maps of each flavor.

4 So, three legislative maps, three
5 congressional maps, three school district maps and the
6 commission -- or excuse me, the committee will be
7 required under the statute to give them the agenda to
8 present their maps in a -- in a public hearing.

9 SEN. DAVIS: That was one of the key sticking
10 points, as I mentioned in the -- in our dialogue.

11 SEN. BRAMBLE: Right.

12 SEN. DAVIS: It took place and of course
13 recognizing the fact that with our own rules and the
14 separation of powers issue and everything else, the
15 presentation on the floor to the body as a whole with a
16 vote we don't allow bills to come forward without a --
17 a Senate sponsor or a House sponsor.

18 So that was a sticking point that really -- we
19 worked out. And that was the agreement come to the
20 committee and then make that happen.

21 SEN. BRAMBLE: Not only, Mr. President, don't
22 we allow bills to come forward without a sponsor? We

1 don't allow bills to come to his floor that any member
2 would be prohibited under the constitution from
3 offering an amendment.

4 And the final point, talking about
5 constitutionality, the -- the Proposition 4 required
6 the legislature to, if we didn't adopt the -- the
7 independent commission's map, it would have required us
8 to explain why.

9 There's 104 of us between the -- the two
10 chambers. Each one of us may have our own reason and
11 that goes right to the -- the nature of our community
12 when -- when we're served with a subpoena, try to be
13 deposed, interrogatories based on legislative intent of
14 why did we run a particular piece of legislation.

15 We enjoy immunity under the constitution
16 because we cannot express other -- we can express what
17 our own reason for voting on a bill was but none of us,
18 either individually or collectively, can define
19 legislative intent other than the plain language of the
20 bills that we pass.

21 SEN. DAVIS: I --

22 MR. PRESIDENT PRO TEM: All right, Senator

1 Davis.

2 SEN. DAVIS: -- if I might comment further on
3 -- on the commission, they can also find a sponsor
4 either in the House or the Senate to carry their bills
5 --

6 SEN. BRAMBLE: That's right.

7 SEN. DAVIS: -- which is allowed through the
8 process. So, we aren't shutting down really the input
9 that's needed.

10 MR. PRESIDENT PRO TEM: Thank you, Senator
11 Davis. Thanks for your work on this as well.

12 Senator Vickers.

13 SEN. VICKERS: Thank you, Mr. President Pro
14 Tem.

15 You know, the -- I think we all recognize that
16 the initiative, the Prop- -- Proposition 4 that passed
17 gave us some language that we didn't have an
18 opportunity to vet or to amend and -- and so there was
19 some challenges with it, there's no getting around it.
20 And I'm not going to -- and Senator Bramble's
21 articulated to a few of those.

22 But I'd like to talk about, you know, what it

1 does do and it sets up an independent commission as
2 Senator Davis alluded to and that allows them to have
3 an opportunity to create maps. We were hoping that the
4 independent commission will coordinate with the
5 legislative commission.

6 For example, Representative Gibson was
7 pointing this out, if -- it doesn't make a lot of sense
8 to have two commissions, like commissions, going to the
9 same town, especially for example, why should two go to
10 St. George.

11 Why doesn't one go to Cedar and one to St.
12 George, so try to coordinate some of those things.
13 Obviously in the bigger counties we're going to
14 duplicate but it allows for the -- the independent
15 staff.

16 We -- we just cannot allow our own staff to be
17 manning their committee or their commission as well.
18 And so as we move forward it was -- you know, it's been
19 alluded to, it's been a long process, o- -- over a year
20 that we've been working on this and a lot of really
21 good people have been involved on both sides.

22 And, you know, I compliment the Better

1 Boundaries people for having the -- you know, the
2 ability to put a -- something on the ballot and get it
3 passed and then work with us to find a -- a solution.
4 At the end, it really wasn't the -- you know, a
5 democrat solution, a republican solution, it really was
6 a bipartisan solution.

7 I remember in one of the meetings I was
8 sitting next to Representative Carol Spackman Moss and
9 she leaned over to me and she says, you know, if we
10 could just get the attorneys out of the room maybe a
11 teacher and a pharmacist could figure this thing out.
12 But some of the things came down to legalese and
13 squabbling over one word or something.

14 But at the end of the day, and I really
15 compliment Senator Bramble he -- he was able to
16 articulate some language that was help- -- very helpful
17 in finding a -- a resolution.

18 So, it does, it sets up that independent
19 process. It -- it does create the opportunity and I've
20 said this and I'll say -- always say it, I -- I hope
21 they come up some really good maps that we can consider
22 and move forward with.

1 And -- but I, once again, I want to -- I
2 appreciate the process, I appreciate the bo- -- those
3 people that have been involved in the process, both
4 staff people and the advocates and legislators and
5 thank you very much and I support -- I really strongly
6 support the -- the bill in its -- its form that we've
7 come up with. Thanks.

8 MR. PRESIDENT PRO TEM: Thank you, Senator
9 Vickers.

10 Senator Hillyard.

11 SEN. HILLYARD: Thank you, Mr. President Pro
12 Tem.

13 I'd just add my voice. I by choice, have never
14 been on a reapportionment committee. I've had chances
15 to do that and I've said I've got some- -- somebody
16 better to do next summer than spend all time to --
17 these people who serve on that.

18 As President Pro Tem you know, you've chaired.
19 You know how much time and how hard that really is to
20 do.

21 And I'm really proud of the process that I
22 could tell people that someone from Logan took the

1 computes and figured out the program for redistricting
2 the State's School Board last year.

3 That was done by the citizen watching the
4 process working out and helping out. So, it's really
5 not we sit down in a close room and divide lines and --
6 and giggle and walk out. It's much more effective than
7 -- than trying to do that.

8 But the point I want to make is this, I don't
9 believe that any committee can sit down and make a -- a
10 reapportionment where your driving force has to be
11 population. You can talk about county lines and city
12 lines and party affiliations or whatever, but -- but
13 you've got to be mainly in population and there's going
14 to be glitches in it some place.

15 And I -- every one of the ones that I've been
16 involved over the years when it's come back after
17 they've worked, I've looked at my district and be able
18 to see lines in my district that really are not clear.

19 And I'll just share one. Last time, Senator
20 Knudsen and I when the district came back, the
21 reapportionment for the Senate divided the town of
22 Nibley in Cache Valley in half and I had the north half

1 and Senator Knudsen had the south half and that would
2 be now Senator Sandall's area.

3 So Senator Knudsen and I got together and
4 said, you know, that doesn't make any sense. So, we
5 ended up giving Senator Knudsen all of the north --
6 Nibley and the area I love, I'd love to have in my
7 district but in exchange I took Mendon, Petersboro and
8 Vincent Ward, I think.

9 And the population came out about right and --
10 and so to me the reapportionment has been important
11 that we allow everyone who lives in Cache Valley to run
12 for an office.

13 And so when we have it primarily like Hyrum is
14 primarily in a -- in a Senate district that Senator
15 Sandall has is primarily Box Elder County then that
16 person -- or those people in that city need to have a -
17 - a chance to run for the House.

18 So, we've done that very carefully in drawing
19 lines to make sure that we have people in each -- ea- -
20 - wherever they may live in, at least Cache Valley,
21 that's with a real goal to mind that they can choose to
22 run for one or both -- some but at least one of the

1 offices.

2 So, I think when you -- you get all done,
3 Senator Sandall, when you do your job and your
4 committee does their job next year, I'll bet any one of
5 us can sit down and look at your final project and
6 point out glitches here, glitches there because and
7 that's the joke always is, that's where the earth
8 curves and that's why surveys don't work out because
9 there's some in that.

10 So, I -- I want to compliment the work you've
11 done in coming up to a compromise and I hope people
12 realize that when you put this thing together it's --
13 it's very, very difficult because the driving factor
14 has to be population and then you work out population
15 that you best you can so you have geographical areas
16 and other areas together.

17 So, thank you for the work you're doing and
18 Senator Sandall I don't plan on serving on your
19 committee.

20 MR. PRESIDENT PRO TEM: Thank you, Senator
21 Hilliard.

22 Senator Mayne.

1 SEN. MAYNE: Thank you, Mr. -- President Pro
2 Tem.

3 You know what, Senators, I'm tired of the
4 wild, wild west and that's where we've been. I've been
5 through one redistricting here and we -- everybody
6 makes their own maps and we go through all that and
7 everybody's trying really hard and then even before
8 that, well before I was a Senator, my colleague and I
9 was, I was privy to a map on my table looking at
10 redistricting. And I think this is a ton better than
11 that.

12 I think we have order and we've come together,
13 that's where we need to be. We've got other ways and --
14 and free flowing, and that doesn't work. We have order.

15 This is how we're going to do it and there's
16 procedures and policies. And thank you so very much and
17 thank you for the committee to put those things in
18 place for us. And I'm there.

19 MR. PRESIDENT PRO TEM: Thank you, Senator
20 Mayne.

21 I don't see further questions or comments.
22 Senator Bramble back to you.

1 SEN. BRAMBLE: You know what, Senator Mayne
2 was referring to in 2007 or 2008 when Ed Mayne was the
3 minority leader in the -- in the senate, we had the
4 occasion to try to draw congressional boundaries
5 because it looked like Washington D.C. was going to get
6 a congressional seat and we need to be prepared with a
7 four district seat here in Utah.

8 And there's nothing quite like sitting at the
9 kitchen table of the minority leader, I was majority
10 leader at the time, and spend as much time as necessary
11 to hammer out something that both sides said that's
12 fair.

13 And yet we were able to do that and it -- it's
14 -- that was a spirit that this compromise was brought
15 forward.

16 I would be remiss if I didn't recognize Jeff
17 Wright and Rebecca Chavez-Houck representing Better
18 Boundaries and Bryson Morgan the -- the attorney. And
19 we had some pretty frank discussions, some pretty
20 engaging debates.

21 As Senator Vickers said maybe we could have
22 done it faster if we didn't have the attorneys in the

1 room. But between Bryson Morgan and Tom Wong and our
2 legal team and with the -- the involvement of -- of
3 both sides of the aisle and both of these chambers, we
4 now present Senate Bill 200.

5 So with that Mr. President, I'm going to move
6 that as allowed under the cons- -- my intent, Senators,
7 is we move this all the way across. There's no
8 controversy, we'd like to have it before a House
9 committee, if that's possible.

10 This is a solid compromise and so I -- I --
11 I'm going to make a motion that we suspend the rules
12 for purposes of Senate Bill 200.

13 MR. PRESIDENT PRO TEM: Okay. So, motion is to
14 sus- -- suspend the rules for Senate Bill 200.
15 Discussion of that motion. I don't see any. All in
16 favor of that motion, say aye.

17 GROUP OF SENATORS: Aye.

18 MR. PRESIDENT PRO TEM: Any opposed? That
19 motion passes. Thank you, Senator.

20 SEN. BRAMBLE: Thank you. Then under the
21 suspension of the rules I move that we waive the three
22 readings requirement as allowed under the constitution

1 and that we consider Senate Bill 200 read for the
2 second and third time and up for final passage.

3 MR. PRESIDENT PRO TEM: Okay. Thank you. So
4 the motion is to waive the third -- three reading
5 require- -- requirements from the constitution and
6 pass Senate Bill 200.

7 Discussion of that motion. Senator Davis.

8 SEN. DAVIS: Just a point. I think we have to
9 suspend and then we have to vote. We always suspended
10 the rules --

11 SEN. BRAMBLE: We did suspend the rules, that
12 was my first motion.

13 SEN. DAVIS: That's right. Okay, thank you.

14 MR. PRESIDENT PRO TEM: Okay, thank you. I
15 think we're okay. Roll call vote.

16 CLERK: Senators Anderegg.

17 SEN. ANDEREGG: Aye.
