Their statement is ready they're just waiting for us

Yours is first then theirs.

Good to go?

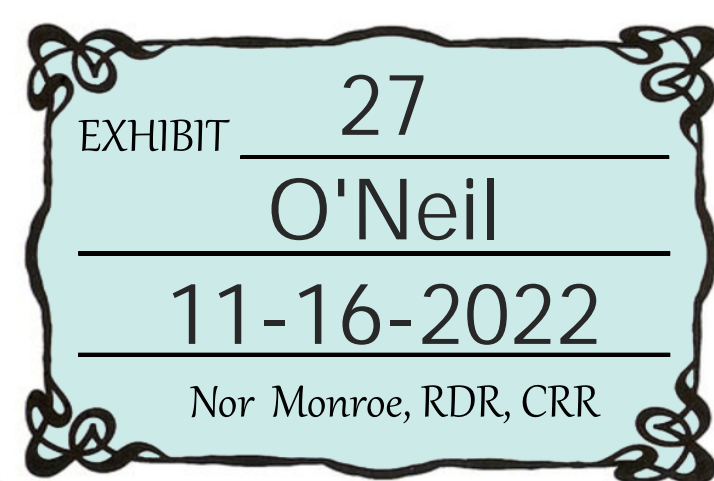

Are we waiting on anything?

Sounds like people are hearing that both you and April are planning to support the maps

I'm not.

That's why we need to get the statement out there. Ready to go?

I want to thank my fellow commissioners for the very hard work over these past several months. I am sad and disappointed that we did not meet the deadline to approve final maps as a Commission.

I was surprised to see that maps were transmitted late last night to the State Supreme Court. Transmittal to the Court is not what I voted on in Monday's meeting, and I was not aware of the decision to transmit to the Court until I was copied on the email. Would you add something like "I am disappointed we were not able to agree on a VRA-compliant district."?

Yes. That's great.

I think that would be good.

I am also disappointed that we were not able to agree on a VRA-compliant legislative district in the Yakima Valley."

Okay i have one last idea for you if you want to hear it.
