Sorry, two quick corrections (we're moving pretty quickly over here): we made the CVAP district the 15th rather than the 14th for ease of incumbents, and it's not the just-below-2019-CVAP you proposed, but instead it's at just over 50% CVAP.

Good morning,

Anton is going to send an EZIP file of our proposal in just a minute. As discussed yesterday, it:

- Starts with the 14th as you proposed it most recently. That involves a 3 point shift in partisan performance, and in exchange the map makes the 47th just 0.36% better for republicans.
- Five of the seven current swing or lean districts (26, 10, 42, 44, and 28) see their partisan performance stay within 0.1% of status quo using the treasurer's race number.
- Whichever way the 24th grows, its partisan performance will change. So this map makes it 0.5% better for republicans, and makes the 17th 0.45% better for democrats.

This map also works to keep as many incumbents in their current districts. Here are the members who would be districted out, and there may be some flex in these joints, especially with members in safe districts:

FirstName	LastName	Current LD	Draft LD
Shelley	Kloba	1	45
Bob	Hasegawa	11	37
Noel	Frame	36	46
Steve	Bergquist	11	5
Roger	Goodman	45	48
Ann	Rivers	18	20
Jeremie	Dufault	15	14
Vicki	Kraft	17	18

Joe has seen this map but he still needs to see his chart and has not officially joined this map.

See you soon.
